386.890. 1. This section shall be known and may be cited as the "Net Metering and Easy Connection Act".

2. As used in this section, the following terms shall mean:

(1) "Avoided fuel cost", the current average cost of fuel for the entity generating electricity, as defined by the governing body with jurisdiction over any municipal electric utility, rural electric cooperative as provided in chapter 394, or electrical corporation as provided in this chapter;

(2) "Commission", the public service commission of the state of Missouri;

(3) "Customer-generator", the owner or operator of a qualified electric energy generation unit which:

(a) Is powered by a renewable energy resource;

(b) Has an electrical generating system with a capacity of not more than one hundred kilowatts;

(c) Is located on a premises owned, operated, leased, or otherwise controlled by the customer-generator;

(d) Is interconnected and operates in parallel phase and synchronization with a retail electric supplier and has been approved by said retail electric supplier;

(e) Is intended primarily to offset part or all of the customer-generator's own electrical energy requirements;

(f) Meets all applicable safety, performance, interconnection, and reliability standards established by the National Electrical Code, the National Electrical Safety Code, the Institute of Electrical and Electronics Engineers, Underwriters Laboratories, the Federal Energy Regulatory Commission, and any local governing authorities; and

(g) Contains a mechanism that automatically disables the unit and interrupts the flow of electricity back onto the supplier's electricity lines in the event that service to the customer-generator is interrupted;

(4) "Department", the department of **[**economic development**]** **natural resources**;

(5) "Net metering", using metering equipment sufficient to measure the difference between the electrical energy supplied to a customer-generator by a retail electric supplier and the electrical energy supplied by the customer-generator to the retail electric supplier over the applicable billing period;

(6) "Renewable energy resources", electrical energy produced from wind, solar thermal sources, hydroelectric sources, photovoltaic cells and panels, fuel cells using hydrogen produced by one of the above-named electrical energy sources, and other sources of energy that become available after August 28, 2007, and are certified as renewable by the department;

(7) "Retail electric supplier" or "supplier", any **[**municipal**]** **municipally owned electric** utility **operating under chapter 91**, electrical corporation regulated **by the commission** under this chapter, or rural electric cooperative **operating** under chapter 394 that provides retail electric service in this state. **An electrical corporation that operates under a cooperative business plan as described in subsection 2 of section 393.110 shall be deemed to be a rural electric cooperative for purposes of this section.**

3. A retail electric supplier shall:

(1) Make net metering available to customer-generators on a first-come, first-served basis until the total rated generating capacity of net metering systems equals five percent of the **[**utility's**]** **retail electric supplier's** single-hour peak load during the previous year, after which the commission for **[**a public utility**]** **an electrical corporation** or the **respective** governing body **[**for**]** **of** other **[**electric utilities**]** **retail electric suppliers** may increase the total rated generating capacity of net metering systems to an amount above five percent. However, in a given calendar year, no retail electric supplier shall be required to approve any application for interconnection if the total rated generating capacity of all applications for interconnection already approved to date by said supplier in said calendar year equals or exceeds one percent of said supplier's single-hour peak load for the previous calendar year;

(2) Offer to the customer-generator a tariff or contract that is identical in electrical energy rates, rate structure, and monthly charges to the contract or tariff that the customer would be assigned if the customer were not an eligible customer-generator but shall not charge the customer-generator any additional standby, capacity, interconnection, or other fee or charge that would not otherwise be charged if the customer were not an eligible customer-generator; and

(3) Disclose annually the availability of the net metering program to each of its customers with the method and manner of disclosure being at the discretion of the supplier.

4. A customer-generator's facility shall be equipped with sufficient metering equipment that can measure the net amount of electrical energy produced or consumed by the customer-generator. If the customer-generator's existing meter equipment does not meet these requirements or if it is necessary for the **retail** electric supplier to install additional distribution equipment to accommodate the customer-generator's facility, the customer-generator shall reimburse the retail electric supplier for the costs to purchase and install the necessary additional equipment. At the request of the customer-generator, such costs may be initially paid for by the retail electric supplier, and any amount up to the total costs and a reasonable interest charge may be recovered from the customer-generator over the course of up to twelve billing cycles. Any subsequent meter testing, maintenance or meter equipment change necessitated by the customer-generator shall be paid for by the customer-generator.

5. Consistent with the provisions in this section, the net electrical energy measurement shall be

calculated in the following manner:

(1) For a customer-generator, a retail electric supplier shall measure the net electrical energy produced or consumed during the billing period in accordance with normal metering practices for customers in the same rate class, either by employing a single, bidirectional meter that measures the amount of electrical energy produced and consumed, or by employing multiple meters that separately measure the customer-generator's consumption and production of electricity;

(2) If the electricity supplied by the supplier exceeds the electricity generated by the customer-generator during a billing period, the customer-generator shall be billed for the net electricity supplied by the supplier in accordance with normal practices for customers in the same rate class;

(3) If the electricity generated by the customer-generator exceeds the electricity supplied by the supplier during a billing period, the customer-generator shall be billed for the appropriate customer charges for that billing period in accordance with subsection 3 of this section and shall be credited an amount at least equal to the avoided fuel cost of the excess kilowatt-hours generated during the billing period, with this credit applied to the following billing period;

(4) Any credits granted by this subsection shall expire without any compensation at the earlier of either twelve months after their issuance or when the customer-generator disconnects service or terminates the net metering relationship with the supplier;

(5) For any rural electric cooperative under chapter 394, or **[**municipal**]** **any municipally owned** utility, upon agreement of the wholesale generator supplying electric energy to the retail electric supplier, at the option of the retail electric supplier, the credit to the customer-generator may be provided by the wholesale generator.

6. (1) Each qualified electric energy generation unit used by a customer-generator shall meet all applicable safety, performance, interconnection, and reliability standards established by any local code authorities, the National Electrical Code, the National Electrical Safety Code, the Institute of Electrical and Electronics Engineers, and Underwriters Laboratories for distributed generation. No supplier shall impose any fee, charge, or other requirement not specifically authorized by this section or the rules promulgated under subsection 9 of this section unless the fee, charge, or other requirement would apply to similarly situated customers who are not customer-generators, except that a retail electric supplier may require that a customer-generator's system contain a switch, circuit breaker, fuse, or other easily accessible device or feature located in immediate proximity to the customer-generator's metering equipment that would allow a utility worker the ability to manually and instantly disconnect the unit from the utility's electric distribution system.

(2) For systems of ten kilowatts or less, a customer-generator whose system meets the standards and rules under subdivision (1) of this subsection shall not be required to install additional controls, perform or pay for additional tests or distribution equipment, or purchase additional liability insurance beyond what is required under subdivision (1) of this subsection and subsection 4 of this section.

(3) For customer-generator systems of greater than ten kilowatts, the commission for **[**public utilities**]** **electrical corporations** and the **respective** governing body for other **[**utilities**]** **retail electric suppliers** shall, by rule or equivalent formal action by each respective governing body:

(a) Set forth safety, performance, and reliability standards and requirements; and

(b) Establish the qualifications for exemption from a requirement to install additional controls, perform or pay for additional tests or distribution equipment, or purchase additional liability insurance.

7. (1) Applications by a customer-generator for interconnection of a qualified electric energy generation unit meeting the requirements of subdivision (3) of subsection 2 of this section to the distribution system shall be accompanied by the plan for the customer-generator's electrical generating system, including but not limited to a wiring diagram and specifications for the generating unit, and shall be reviewed and responded to by the retail electric supplier within thirty days of receipt for systems ten kilowatts or less and within ninety days of receipt for all other systems. Prior to the interconnection of the qualified generation unit to the supplier's system, the customer-generator will furnish the retail electric supplier a certification from a qualified professional electrician or engineer that the installation meets the requirements of subdivision (1) of subsection 6 of this section. If the application for interconnection is approved by the retail electric supplier and the customer-generator does not complete the interconnection within one year after receipt of notice of the approval, the approval shall expire and the customer-generator shall be responsible for filing a new application.

(2) Upon the change in ownership of a qualified electric energy generation unit, the new customer-generator shall be responsible for filing a new application under subdivision (1) of this subsection.

8. Each **[**commission-regulated supplier**]** **electrical corporation** shall submit an annual net metering report to the commission, and all other **[**nonregulated**]** **retail electric** suppliers shall submit the same report to their respective governing body and make said report available to a consumer of the supplier upon request, including the following information for the previous calendar year:

(1) The total number of customer-generator facilities;

(2) The total estimated generating capacity of its net-metered customer-generators; and

(3) The total estimated net kilowatt-hours received from customer-generators.

9. The commission shall, within nine months of January 1, 2008, promulgate initial rules necessary for the administration of this section for **[**public utilities**]** **electrical corporations**, which shall include regulations ensuring that simple contracts will be used for interconnection and net metering. For systems of ten kilowatts or less, the application process shall use an all-in-one document that includes a simple interconnection request, simple procedures, and a brief set of terms and conditions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

10. The governing body of a rural electric cooperative or municipal utility shall, within nine months of January 1, 2008, adopt policies establishing a simple contract to be used for interconnection and net metering. For systems of ten kilowatts or less, the application process shall use an all-in-one document that includes a simple interconnection request, simple procedures, and a brief set of terms and conditions.

11. For any cause of action relating to any damages to property or person caused by the **qualified electric energy** generation unit of a customer-generator or the interconnection thereof, the retail electric supplier shall have no liability absent clear and convincing evidence of fault on the part of the supplier.

12. The estimated generating capacity of all net metering systems operating under the provisions of this section shall count towards the respective retail electric supplier's accomplishment of any renewable energy portfolio target or mandate adopted by the Missouri general assembly.

13. The sale of qualified electric **energy** generation units to any customer-generator shall be subject to the provisions of sections **407.010 to 407.145 and sections** 407.700 to 407.720. The attorney general shall have the authority to promulgate in accordance with the provisions of chapter 536 rules regarding mandatory disclosures of information by sellers of qualified electric **energy** generation units. Any interested person who believes that the seller of any **qualified** electric **energy** generation unit is misrepresenting the safety or performance standards of any such systems, or who believes that any electric **energy** generation unit poses a danger to any property or person, may report the same to the attorney general, who shall be authorized to investigate such claims and take any necessary and appropriate actions.

14. Any costs incurred under this act by a retail electric supplier shall be recoverable in that utility's rate structure.

15. No consumer shall connect or operate **[**an**] a qualified** electric **energy** generation unit in parallel phase and synchronization with any retail electric supplier without written approval by said supplier that all of the requirements under subdivision (1) of subsection 7 of this section have been met. For a consumer who violates this provision, a supplier may immediately and without notice disconnect the electric facilities of said consumer and terminate said consumer's electric service.

16. The manufacturer of any **qualified** electric **energy** generation unit used by a customer-generator may be held liable for any damages to property or person caused by a defect in the **qualified** electric **energy** generation unit of a customer-generator.

17. The seller, installer, or manufacturer of any **qualified** electric **energy** generation unit who knowingly misrepresents the safety aspects of **[**an**] a qualified** electric generation unit may be held liable for any damages to property or person caused by the **qualified** electric **energy** generation unit of a customer-generator."; and

(2) The general assembly recognizes the necessity for anticipating and making advance provisions to care for the unusual and extraordinary burdens imposed **by disasters or emergencies** on this state **[**and**],** its political subdivisions **[**by disasters or emergencies**], and rural electric cooperatives**. To meet such

situations, it is the intention of the general assembly to confer emergency powers on the governor, acting through the director, and vesting the governor with adequate power and authority within the limitation of available funds in the Missouri disaster fund to meet any such emergency or disaster.

2. There is hereby established a fund to be known as the "Missouri Disaster Fund", to which the general assembly may appropriate funds and from which funds may be

appropriated annually to the state emergency management agency. The funds appropriated shall be expended during a state emergency at the direction of the governor and upon the issuance of an emergency declaration which shall set forth the emergency and shall state that it requires the expenditure of public funds to furnish immediate aid and relief. The director of the state emergency management agency shall administer the fund.

3. Expenditures may be made upon direction of the governor for emergency management, as defined in section 44.010, or to implement the state disaster plans. Expenditures may also be made to meet the matching requirements of state and federal agencies for any applicable assistance programs.

The director of the state emergency management agency shall review each application for aid under the provisions of this section and recommend its approval or disapproval, in whole or in part, to the governor. If approved, the governor shall determine and certify to the director of the state emergency management agency the amount of aid to be furnished. The director of the state emergency management agency shall thereupon issue **[**his**]** **the director's** voucher to the commissioner of administration, who shall issue **[**his**]** **the commissioner's** warrants therefor to the applicant.

5. When a disaster or emergency has been proclaimed by the governor or there is a national emergency, the director of the state emergency management agency, upon order of the governor, shall have authority to expend funds for the following:

(1) The purposes of sections 44.010 to 44.130 and the responsibilities of the governor and the state emergency management agency as outlined in sections 44.010 to 44.130;

(2) Employing, for the duration of the response and recovery to emergency, additional personnel and contracting or otherwise procuring necessary appliances, supplies, equipment, and transport;

(3) Performing services for and furnishing materials and supplies to state government agencies, counties, **[**and**]** municipalities**, and rural electric cooperatives** with respect to performance of any duties enjoined by law upon such agencies, counties, **[**and**]** municipalities**, and rural electric cooperatives** which they are unable to perform because of extreme natural or man-made phenomena, and receiving reimbursement in whole or in part from such agencies, counties, **[**and**]** municipalities**, and rural electric cooperatives** able to pay therefor under such terms and conditions as may be agreed upon by the director of the state emergency management agency and any such agency, county, **[**or**]** municipality**, or rural electric cooperative**;

(4) Performing services for and furnishing materials to any individual in connection with alleviating hardship and distress growing out of extreme natural or man-made phenomena, and receiving reimbursement in whole or in part from such individual under such terms as may be agreed upon by the director of the state emergency management agency and such individual;

(5) Providing services to counties and municipalities with respect to quelling riots and civil disturbances;

(6) Repairing and restoring public infrastructure;

(7) Furnishing transportation for supplies to alleviate suffering and distress;

(8) Furnishing medical services and supplies to prevent the spread of disease and epidemics;

(9) Quelling riots and civil disturbances;

(10) Training individuals or governmental agencies for the purpose of perfecting the performance of emergency assistance duties as defined in the state disaster plans;

(11) Procurement, storage, and transport of special emergency supplies or equipment determined by the director to be necessary to provide rapid response by state government to assist counties and municipalities in impending or actual emergencies;

(12) Clearing or removing from publicly or privately owned land or water, debris and wreckage which may threaten public health or safety;

(13) Reimbursement to any urban search and rescue task force for any reasonable and necessary expenditures incurred in the course of responding to any declared emergency under this section; and

(14) Such other measures as are customarily necessary to furnish adequate relief in cases of catastrophe or disaster.

6. The governor may receive such voluntary contributions as may be made from any source to aid in carrying out the purposes of this section and shall credit the same to the Missouri disaster fund.

"144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the

installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

SENATE AMENDMENT NO. 6

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 756, Page 1, Section 34.045, Line 16, by inserting after all of said line the following:

"144.010. 1. The following words, terms, and phrases when used in sections 144.010 to 144.525 have the meanings ascribed to them in this section, except when the context indicates a different meaning:

(1) "Admission" includes seats and tables, reserved or otherwise, and other similar accommodations and charges made therefor and amount paid for admission, exclusive of any admission tax imposed by the federal government or by sections 144.010 to 144.525;

(2) "Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect, and the classification of which business is of such character as to be subject to the terms of sections 144.010 to 144.525. A person is "engaging in business" in this state for purposes of sections 144.010 to 144.525 if such person engages in business activities within this state or maintains a place of business in this state under section 144.605. The isolated or occasional sale of tangible personal property, service, substance, or thing, by a person not engaged in such business, does not constitute engaging in business within the meaning of sections 144.010 to 144.525 unless the total amount of the gross receipts from such sales, exclusive of receipts from the sale of tangible personal property by persons which property is sold in the course of the partial or complete liquidation of a household, farm or nonbusiness enterprise, exceeds three thousand dollars in any calendar year. The provisions of this subdivision shall not be construed to make any sale of property which is exempt from sales tax or use tax on June 1, 1977, subject to that tax thereafter;

(3) "Captive wildlife", includes but is not limited to exotic partridges, gray partridge, northern bobwhite quail, ring-necked pheasant, captive waterfowl, captive white-tailed deer, captive elk, and captive furbearers held under permit issued by the Missouri department of conservation for hunting purposes. The provisions of this subdivision shall not apply to sales tax on a harvested animal;

(4) "Gross receipts", except as provided in section 144.012, means the total amount of the sale price of the sales at retail including any services other than charges incident to the extension of credit that are a part of such sales made by the businesses herein referred to, capable of being valued in money, whether received in money or otherwise; except that, the term gross receipts shall not include the sale price of property returned by customers when the full sale price thereof is refunded either in cash or by credit. In determining any tax due under sections 144.010 to 144.525 on the gross receipts, charges incident to the extension of credit shall be specifically exempted. For the purposes of sections 144.010 to 144.525 the total amount of the sale price above mentioned shall be deemed to be the amount received. It shall also include the lease or rental consideration where the right to continuous possession or use of any article of tangible personal property is granted under a lease or contract and such transfer of possession would be taxable if outright sale were made and, in such cases, the same shall be taxable as if outright sale were made and considered as a sale of such article, and the tax shall be computed and paid by the lessee upon the rentals paid. The term gross receipts shall not include usual and customary delivery charges that are stated separately from the sale price;

(5) "Instructional class", includes any class, lesson, or instruction intended or used for teaching;

(6) "Livestock", cattle, calves, sheep, swine, ratite birds, including but not limited to, ostrich and emu, aquatic products as described in section 277.024, llamas, alpaca, buffalo, bison, elk documented as obtained from a legal source and not from the wild, goats, horses, other equine, honey bees, or rabbits raised in confinement for human consumption;

(7) "Motor vehicle leasing company" shall be a company obtaining a permit from the director of revenue to operate as a motor vehicle leasing company. Not all persons renting or leasing trailers or motor vehicles

need to obtain such a permit; however, no person failing to obtain such a permit may avail itself of the optional tax provisions of subsection 5 of section 144.070, as hereinafter provided;

(8) "Person" includes any individual, firm, copartnership, joint adventure, association, corporation, municipal or private, and whether organized for profit or not, state, county, political subdivision, state department, commission, board, bureau or agency, except the state transportation department, estate, trust, business trust, receiver or trustee appointed by the state or federal court, syndicate, or any other group or combination acting as a unit, and the plural as well as the singular number;

(9) "Product which is intended to be sold ultimately for final use or consumption" means tangible personal property, or any service that is subject to state or local sales or use taxes, or any tax that is substantially equivalent thereto, in this state or any other state;

(10) "Purchaser" means a person who purchases tangible personal property or to whom are rendered services, receipts from which are taxable under sections 144.010 to 144.525;

(11) "Research or experimentation activities" are the development of an experimental or pilot model, plant process, formula, invention or similar property, and the improvement of existing property of such type. Research or experimentation activities do not include activities such as ordinary testing or inspection of materials or products for quality control, efficiency surveys, advertising promotions or research in connection with literary, historical or similar projects;

(12) "Sale" or "sales" includes installment and credit sales, and the exchange of properties as well as the sale thereof for money, every closed transaction constituting a sale, and means any transfer, exchange or barter, conditional or otherwise, in any manner or by any means whatsoever, of tangible personal property for valuable consideration and the rendering, furnishing or selling for a valuable consideration any of the substances, things and services herein designated and defined as taxable under the terms of sections 144.010 to 144.525;

(13) "Sale at retail" means any transfer made by any person engaged in business as defined herein of the ownership of, or title to, tangible personal property to the purchaser, for use or consumption and not for resale in any form as tangible personal property, for a valuable consideration; except that, for the purposes of sections 144.010 to 144.525 and the tax imposed thereby: (i) purchases of tangible personal property made by duly licensed physicians, dentists, optometrists and veterinarians and used in the practice of their professions shall be deemed to be purchases for use or consumption and not for resale; and (ii) the selling of computer printouts, computer output or microfilm or microfiche and computer-assisted photo compositions to a purchaser to enable the purchaser to obtain for his or her own use the desired information contained in such computer printouts, computer output on microfilm or microfiche and computer-assisted photo compositions shall be considered as the sale of a service and not as the sale of tangible personal property. Where necessary to conform to the context of sections 144.010 to 144.525 and the tax imposed thereby, the term sale at retail shall be construed to embrace:

(a) Sales of admission tickets, cash admissions, charges and fees to or in places of amusement, entertainment and recreation, games and athletic events, except amounts paid for any instructional class;

(b) Sales of electricity, electrical current, water and gas, natural or artificial, to domestic, commercial or industrial consumers**, except as provided in subdivision (12) of subsection 1 of section 144.011**;

(c) Sales of local and long distance telecommunications service to telecommunications subscribers and to others through equipment of telecommunications subscribers for the transmission of messages and

conversations, and the sale, rental or leasing of all equipment or services pertaining or incidental thereto;

(d) Sales of service for transmission of messages by telegraph companies;

(e) Sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist camp, tourist cabin, or other place in which rooms, meals or drinks are regularly served to the public;

(f) Sales of tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane, and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

(14) "Seller" means a person selling or furnishing tangible personal property or rendering services, on the receipts from which a tax is imposed pursuant to section 144.020;

(15) The noun "tax" means either the tax payable by the purchaser of a commodity or service subject to tax, or the aggregate amount of taxes due from the vendor of such commodities or services during the period for which he or she is required to report his or her collections, as the context may require; and

(16) "Telecommunications service", for the purpose of this chapter, the transmission of information by wire, radio, optical cable, coaxial cable, electronic impulses, or other similar means. As used in this definition, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. Telecommunications service does not include the following if such services are separately stated on the customer's bill or on records of the seller maintained in the ordinary course of business:

(a) Access to the internet, access to interactive computer services or electronic publishing services, except the amount paid for the telecommunications service used to provide such access;

(b) Answering services and one-way paging services;

(c) Private mobile radio services which are not two-way commercial mobile radio services such as wireless telephone, personal communications services or enhanced specialized mobile radio services as defined pursuant to federal law; or

(d) Cable or satellite television or music services.

2. For purposes of the taxes imposed under sections 144.010 to 144.525, and any other provisions of law pertaining to sales or use taxes which incorporate the provisions of sections 144.010 to 144.525 by reference, the term manufactured homes shall have the same meaning given it in section 700.010.

3. Sections 144.010 to 144.525 may be known and quoted as the "Sales Tax Law".

Journal of the Senate

SECOND REGULAR SESSION

FORTY-SEVENTH DAY—TUESDAY, APRIL 12, 2022

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

The Reverend Carl Gauck offered the following prayer:

A quorum being established, the Senate proceeded with its business.

Within fifteen days after service of the complaint on the licensee or registrant, the administrative hearing commission shall conduct a preliminary hearing to determine whether the alleged activities of the licensee or registrant appear to constitute a clear and present danger to the public health and safety which justify that the licensee's or registrant's license or registration be immediately restricted or suspended. The burden of proving that the actions of a licensee or registrant constitute a clear and present danger to the public health and safety shall be upon the state board of pharmacy. The administrative hearing commission shall issue its decision immediately after the hearing and shall either grant to the board the authority to suspend or restrict the license or dismiss the action.

5. If the administrative hearing commission grants temporary authority to the board to restrict or suspend the licensee's or registrant's license, such temporary authority of the board shall become final authority if there is no request by the licensee or registrant for a full hearing within thirty days of the preliminary hearing. The administrative hearing commission shall, if requested by the licensee or registrant named in the complaint, set a date to hold a full hearing under the provisions of chapter 621 regarding the activities alleged in the initial complaint filed by the board.

6. If the administrative hearing commission dismisses the action filed by the board pursuant to subsection 4 of this section, such dismissal shall not bar the board from initiating a subsequent action on the same grounds.

(7) Impersonation of any person holding a certificate of registration or authority, permit or license or allowing any person to use his or her certificate of registration or authority, permit, license, or diploma from any school;

(8) Denial of licensure to an applicant or disciplinary action against an applicant or the holder of a license or other right to practice any profession regulated by this chapter granted by another state, territory, federal agency, or country whether or not voluntarily agreed to by the licensee or applicant, including, but not limited to, surrender of the license upon grounds for which denial or discipline is authorized in this state;

(11) Issuance of a certificate of registration or authority, permit or license based upon a material mistake of fact;

(12) Failure to display a valid certificate or license if so required by this chapter or any rule promulgated hereunder;

(13) Violation of any professional trust or confidence;

(16) The intentional act of substituting or otherwise changing the content, formula or brand of any drug prescribed by written, electronic, or oral prescription without prior written or oral approval from the prescriber for the respective change in each prescription; provided, however, that nothing contained herein shall prohibit a pharmacist from substituting or changing the brand of any drug as provided under section 338.056, and any such substituting or changing of the brand of any drug as provided for in section 338.056 shall not be deemed unprofessional or dishonorable conduct unless a violation of section 338.056 occurs;

(17) Personal use or consumption of any controlled substance unless it is prescribed, dispensed, or administered by a health care provider who is authorized by law to do so.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the board may, singly or in

combination, censure or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license, certificate, or permit. The board may impose additional discipline on a licensee, registrant, or permittee found to have violated any disciplinary terms previously imposed under this section or by agreement. 4. If the board concludes that a licensee or registrant has committed an act or is engaging in a course of conduct which would be grounds for disciplinary action which constitutes a clear and present danger to the public health and safety, the board may file a complaint before the administrative hearing commission requesting an expedited hearing and specifying the activities which give rise to the danger and the nature of the proposed restriction or suspension of the licensee's or registrant's license. Within fifteen days after service of the complaint on the licensee or registrant, the administrative hearing commission shall conduct a preliminary hearing to determine whether the alleged activities of the licensee or registrant appear to constitute a clear and present danger to the public health and safety which justify that the licensee's or registrant's license or registration be immediately restricted or suspended. The burden of proving that the actions of a licensee or registrant constitute a clear and present danger to the public health and safety shall be upon the state board of pharmacy. The administrative hearing commission shall issue its decision immediately after the hearing and shall either grant to the board the authority to suspend or restrict the license or dismiss the action.

5. If the administrative hearing commission grants temporary authority to the board to restrict or suspend the licensee's or registrant's license, such temporary authority of the board shall become final authority if there is no request by the licensee or registrant for a full hearing within thirty days of the preliminary hearing. The administrative hearing commission shall, if requested by the licensee or registrant named in the complaint, set a date to hold a full hearing under the provisions of chapter 621 regarding the activities alleged in the initial complaint filed by the board.

6. If the administrative hearing commission dismisses the action filed by the board pursuant to subsection 4 of this section, such dismissal shall not bar the board from initiating a subsequent action on the same grounds.

7. The board shall not deny, revoke, or suspend, or otherwise take any disciplinary action against, a certificate of registration or authority, permit, or license required by this chapter for any person due to the lawful dispensing, distributing, or selling of ivermectin tablets or hydroxychloroquine sulfate tablets for human use in accordance with prescriber directions. No person licensed under this chapter who dispenses, distributes, or sells ivermectin tablets or hydroxychloroquine sulfate tablets for human use shall ask the patient or prescriber, or otherwise require of the patient or prescriber, the reason or purpose for which the medications shall be used, except in circumstances in which it is necessary for purposes of the patient's health insurance or to clarify dosage for the health and safety of the patient."; and

Notwithstanding the foregoing, this subdivision shall not apply to covenants with current or former distributors, dealers, franchisees, lessees of real or personal property, or licensees of a trademark, trade dress, or service mark;

(2) The covenant is between a business entity and a current or former distributor, dealer, franchisee, lessee of real or personal property, or licensee of a trademark, trade dress, or service mark, and is not associated with the sale or ownership of all or any part of any of the items provided in paragraphs (a) or (b) of subdivision (1) of this subsection, so long as such covenant does not continue for more than three years following the end of the business relationship; or

(3) The covenant is between a business entity and the owner or seller of all or any part of any of the items provided in paragraphs (a) or (b) of subdivision (1) of this subsection, so long as the covenant does not continue for more than the longer of five years in duration or the period of time during which payments are being made to the owner or seller as a result of any sale measured from the date of termination, closing, or disposition of such items.

(a) A breach or threatened breach of a covenant described in this subdivision shall create a conclusive presumption of irreparable harm in the absence of an issuance of injunctive relief in connection with the enforcement of the covenant, without the necessity of establishing by prima facie

evidence any actual or threatened damages or harm. Nothing in this paragraph shall be construed to change any other applicable evidentiary standard or other standards necessary for obtaining temporary, preliminary, or permanent injunctive relief relating to the enforcement of covenants.

(b) A provision in writing by which an employee promises to provide prior notice to a business entity of the employee's intent to terminate, sell, or otherwise dispose of all or any part of any of the items covered by this subdivision shall be conclusively presumed to be enforceable, and not a restraint of trade pursuant to subsection 1 of section 416.031, if the specified notice period is no longer than thirty days in duration and the business entity agrees in writing to pay the employee at the employee's regular rate of pay and to provide the employee with the employee's regular benefits during the applicable notice period even if the business entity does not require the employee to provide services during the notice period.

4. Whether a covenant covered by subsection 3 of this section is reasonable shall be determined based upon the facts and circumstances pertaining to the covenant, but a covenant covered by subdivisions (1) to (3) of subsection 3 of this section shall be conclusively presumed to be reasonable if its postemployment, posttermination, postbusiness relationship, postsale, or postdisposition duration is consistent with the applicable duration set forth in subdivisions (1) to (3) of subsection 3 of this section.

5. No express reference to geographic area shall be required for a covenant described in this section to be enforceable.

6. If a covenant is overbroad, overlong, or otherwise not reasonably necessary to protect the legitimate business interests of the person seeking enforcement of the covenant, a court shall modify the covenant, enforce the covenant as modified, and grant only the relief reasonably necessary to protect such interests.

7. Nothing in subdivision (3) or (4) of subsection 1 **or subdivisions (1) to (3) of subsection 3** of this section is intended to create, or to affect the validity or enforceability of, **[**employer-employee**]** covenants not to compete**, other types of covenants, or nondisclosure or confidentiality agreements, except as expressly provided in this section**.

[4.**] 8.** Nothing in this section shall preclude a covenant described in subsection 1 of this section from being enforceable in circumstances other than those described in subdivisions (1) to (4) of subsection 1 of this section, **or a covenant described in subsection 3 of this section from being enforceable in circumstances other than those described in subdivisions (1) to (3) of subsection 3 of this section,** where such covenant is reasonably necessary to protect a party's legally permissible business interests.

[5.**] 9. Except as otherwise expressly provided in this section,** nothing **[**is**] in** this section shall be construed to limit an employee's ability to seek or accept employment with another employer immediately upon, or at any time subsequent to, termination of employment, whether said termination was voluntary or nonvoluntary.

[6.**] 10.** This section shall have retrospective as well as prospective effect."; and

Further amend the title and enacting clause accordingly.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 683, Page 52, Section 210.1080, Line 318, by inserting after all of said line the following:

"**217.940. 1. This act establishes the "Correctional Center Nursery Program". The department of corrections shall, subject to appropriations, establish a correctional center nursery in one or more of the correctional centers for women operated by the department, no later than July 1, 2025. The purpose of the correctional center nursery program is for bonding and unification between the mother and child. The program shall allow eligible inmates and children born from them while in the custody of the department to reside together in the institution for up to eighteen months post-delivery. In establishing this program, neither the inmate's participation in the program nor any provision of sections 217.940 to 217.947 shall affect, modify, or interfere with the inmate's custodial rights to the child nor does it establish legal custody of the child with the department.**

2. As used in sections 217.940 to 217.947, the following terms shall mean:

(1) "Correctional center nursery program", the program authorized by sections 217.940 to 217.947;

(2) "Department", the department of corrections;

(3) "Public assistance", all forms of assistance, including monetary assistance from any public source paid either to the mother or child or any other person on behalf of the child;

(4) "Support", the payment of money, including interest:

(a) For a child or spouse ordered by a court of competent jurisdiction, whether the payment is ordered in an emergency, temporary, permanent, or modified order, the amount of unpaid support shall bear simple interest from the date it accrued, at a rate of ten dollars upon one hundred dollars per annum, and proportionately for a greater or lesser sum, or for a longer or shorter time;

(b) To third parties on behalf of a child or spouse, including, but not limited to, payments to medical, dental or educational providers, payments to insurers for health and hospitalization insurance, payments of residential rent or mortgage payments, payments on an automobile, or payments for day care; or

(c) For a mother, ordered by a court of competent jurisdiction, for the necessary expenses incurred by or for the mother in connection with her confinement or of other expenses in connection with the pregnancy of the mother.

217.941. 1. An inmate is eligible to participate in the correctional center nursery program if:

(1) She delivers the child while in the custody of the department;

(2) She is expected to give birth or gives birth on or after the date the program is implemented;

(3) She has a presumptive release date established by the parole board of eighteen months or less from the date she applies to participate in the program;

(4) She has not pled guilty to or been convicted of a dangerous felony as defined in section 556.061;

(5) She has not pled guilty to or been convicted of any sexual offense contained in chapter 566 where the victim of the crime was a minor;

(6) She has not pled guilty to or been convicted of an offense against the family contained in chapter 568, excluding criminal nonsupport; and

(7) She and the child meet any other criteria established by the department.

2. Placement into the program shall be by internal classification of the department. A sentencing court is without jurisdiction to order a placement of an inmate into the program.

3. Program capacity shall be determined by the department.

4. Upon first release of the mother and child, the child shall not be eligible to return to the program if the mother is revoked or receives a new assignment to the department of corrections.

217.942. 1. To participate in the correctional center nursery program, each eligible inmate selected by the department shall agree in writing to:

(1) Comply with all department policies, procedures and other requirements related to the corrections nursery program and rules that apply to all incarcerated offenders generally;

(2) If eligible, have the child participate in the state children's health insurance program under sections 208.631 to 208.658;

(3) Abide by any court decisions regarding the allocation of parental rights and responsibilities with respect to the child; and

(4) Specify with whom the child is to be placed in the event the inmate's participation in the program is terminated for a reason other than release from imprisonment.

2. The department shall be required to establish policy for the operation of the program.

217.943. An inmate's participation in the correctional center nursery program may be terminated by the department if one of the following occurs:

(1) The inmate fails to comply with the agreement entered into under section 217.942;

(2) The inmate violates an institutional rule that results in alternative housing placement outside of the area designated for the program;

(3) The inmate's child becomes seriously ill, cannot receive the necessary medical care, or otherwise cannot safely participate in the program;

(4) A court of competent jurisdiction grants custody of the child to a person other than the inmate;

(5) A court of competent jurisdiction issues an order regarding the child granting temporary, permanent, or legal custody of the child to a person other than the inmate, or to a public children services agency or private child placing agency; or

(6) The inmate is released from imprisonment.

217.944. 1. The division of child support enforcement shall collect support payments made pursuant to the assignment and forward them to the department for deposit into the inmate's inmate banking account.

2. The department may accept monetary and property donations on behalf of the program.

3. All donations accepted by the department for the correctional center nursery program shall be used solely for any expenses relating to the operation and maintenance of the program.

4. No donations of property shall be made on behalf of one particular inmate or child to be used while incarcerated.

5. Financial donations, public assistance, or support for a specific inmate or child shall be made through the inmate banking system.

217.945. 1. There is hereby created in the state treasury the "Correctional Center Nursery Program Fund", which shall consist of money collected under this section and section 217.944 as well as any appropriations made by the general assembly. The department shall obtain sufficient resources to initiate and maintain the program and may accept gifts, grants, and donations of any kind. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department for the purposes of operating and maintaining sections 217.940 to 217.947.

2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

217.946. Notwithstanding any other provision of law to contrary, neither the correctional center nursery program nor the department, with respect to the program, is subject to any regulation, licensing or oversight by the department of health and senior services, department of social services, children's division, juvenile officer of any jurisdiction or the office of childhood unless the department voluntarily agrees to services, regulation, licensing, or oversight from any of the aforementioned entities.

217.947. The operation of a correctional center nursery program established under sections 217.940 to 217.947 and the presence of children of inmates participating in the correctional center nursery program shall not be considered a dangerous condition that would result in a waiver of sovereign immunity under section 537.600. The sovereign immunity provisions of section 537.600 and

any other statute regarding the sovereign immunity of the state or public entities in existence as of August 28, 2022, shall remain in effect and shall be applied in the same manner as such provisions were applied prior to the establishment of the correctional center nursery program under sections 217.940 to 217.947."; and

Further amend the title and enacting clause accordingly.

Senator Luetkemeyer moved that the above amendment be adopted, which motion prevailed.

Instruction shall be based on a program established by the department of elementary and secondary education.

3. The department of elementary and secondary education shall promulgate rules to develop a model curriculum to be used by school districts to provide the instruction required by this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

SENATE AMENDMENT NO. 3

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 683, Page 52, Section 210.1080, Line 318, by inserting after all of said line the following:

"452.375. 1. As used in this chapter, unless the context clearly indicates otherwise:

(1) "Custody" means joint legal custody, sole legal custody, joint physical custody or sole physical custody or any combination thereof;

(2) "Joint legal custody" means that the parents share the decision-making rights, responsibilities, and authority relating to the health, education and welfare of the child, and, unless allocated, apportioned, or decreed, the parents shall confer with one another in the exercise of decision-making rights, responsibilities, and authority;

(3) "Joint physical custody" means an order awarding each of the parents significant, but not necessarily equal, periods of time during which a child resides with or is under the care and supervision of each of the parents. Joint physical custody shall be shared by the parents in such a way as to assure the child of frequent, continuing and meaningful contact with both parents;

(4) "Third-party custody" means a third party designated as a legal and physical custodian pursuant to subdivision (5) of subsection 5 of this section.

2. The court shall determine custody in accordance with the best interests of the child. When the parties have not reached an agreement on all issues related to custody, the court shall consider all relevant factors and enter written findings of fact and conclusions of law, including, but not limited to, the following:

(1) The wishes of the child's parents as to custody and the proposed parenting plan submitted by both parties;

(2) The needs of the child for a frequent, continuing and meaningful relationship with both parents and the ability and willingness of parents to actively perform their functions as mother and father for the needs of the child;

(3) The interaction and interrelationship of the child with parents, siblings, and any other person who may significantly affect the child's best interests;

(4) Which parent is more likely to allow the child frequent, continuing and meaningful contact with the other parent;

(5) The child's adjustment to the child's home, school, and community;

(6) The mental and physical health of all individuals involved, including any history of abuse of any individuals involved. If the court finds that a pattern of domestic violence as defined in section 455.010 has occurred, and, if the court also finds that awarding custody to the abusive parent is in the best interest of the child, then the court shall enter written findings of fact and conclusions of law. Custody and visitation rights shall be ordered in a manner that best protects the child and any other child or children for whom the parent has custodial or visitation rights, and the parent or other family or household member who is the victim of domestic violence from any further harm;

(7) The intention of either parent to relocate the principal residence of the child; and

(8) The wishes of a child as to the child's custodian. The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children.

3. (1) In any court proceedings relating to custody of a child, the court shall not award custody or

unsupervised visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any of the following offenses when a child was the victim:

(a) A felony violation of section 566.030, 566.031, 566.032, 566.060, 566.061, 566.062, 566.064, 566.067, 566.068, 566.083, 566.100, 566.101, 566.111, 566.151, 566.203, 566.206, 566.209, 566.211, or 566.215;

(b) A violation of section 568.020;

(c) A violation of subdivision (2) of subsection 1 of section 568.060;

(d) A violation of section 568.065;

(e) A violation of section 573.200;

(f) A violation of section 573.205; or

(g) A violation of section 568.175.

(2) For all other violations of offenses in chapters 566 and 568 not specifically listed in subdivision (1) of this subsection or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the court may exercise its discretion in awarding custody or visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any such offense.

4. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child, except for cases where the court specifically finds that such contact is not in the best interest of the child, and that it is the public policy of this state to encourage parents to participate in decisions affecting the health, education and welfare of their children, and to resolve disputes involving their children amicably through alternative dispute resolution. In order to effectuate these policies, the court shall determine the custody arrangement which will best assure both parents participate in such decisions and have frequent, continuing and meaningful contact with their children so long as it is in the best interests of the child.

5. Prior to awarding the appropriate custody arrangement in the best interest of the child, the court shall consider each of the following as follows:

(1) Joint physical and joint legal custody to both parents, which shall not be denied solely for the reason that one parent opposes a joint physical and joint legal custody award. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(2) Joint physical custody with one party granted sole legal custody. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(3) Joint legal custody with one party granted sole physical custody;

(4) Sole custody to either parent; or

(5) Third-party custody or visitation:

(a) When the court finds that each parent is unfit, unsuitable, or unable to be a custodian, or the welfare of the child requires, and it is in the best interests of the child, then custody, temporary custody or visitation

may be awarded **to** a person related by consanguinity or affinity **within the second degree** to the child. If no person related to the child by consanguinity or affinity **within the second degree** is willing to accept custody **and deemed by the court to be suitable and able to provide an adequate and stable environment for the child**, then the court may award custody to any other person or persons deemed by the court to be suitable and able to provide an adequate and stable environment for the child. Before the court awards custody, temporary custody or visitation to a third person under this subdivision, the court shall make that person a party to the action;

(b) Under the provisions of this subsection, any person may petition the court to intervene as a party in interest at any time as provided by supreme court rule.

6. If the parties have not agreed to a custodial arrangement, or the court determines such arrangement is not in the best interest of the child, the court shall include a written finding in the judgment or order based on the public policy in subsection 4 of this section and each of the factors listed in subdivisions (1) to (8) of subsection 2 of this section detailing the specific relevant factors that made a particular arrangement in the best interest of the child. If a proposed custodial arrangement is rejected by the court, the court shall include a written finding in the judgment or order detailing the specific relevant factors resulting in the rejection of such arrangement.

7. Upon a finding by the court that either parent has refused to exchange information with the other parent, which shall include but not be limited to information concerning the health, education and welfare of the child, the court shall order the parent to comply immediately and to pay the prevailing party a sum equal to the prevailing party's cost associated with obtaining the requested information, which shall include but not be limited to reasonable attorney's fees and court costs.

8. As between the parents of a child, no preference may be given to either parent in the awarding of custody because of that parent's age, sex, or financial status, nor because of the age or sex of the child. The court shall not presume that a parent, solely because of his or her sex, is more qualified than the other parent to act as a joint or sole legal or physical custodian for the child.

9. Any judgment providing for custody shall include a specific written parenting plan setting forth the terms of such parenting plan arrangements specified in subsection 8 of section 452.310. Such plan may be a parenting plan submitted by the parties pursuant to section 452.310 or, in the absence thereof, a plan determined by the court, but in all cases, the custody plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child.

10. After August 28, 2016, every court order establishing or modifying custody or visitation shall include the following language: "In the event of noncompliance with this order, the aggrieved party may file a verified motion for contempt. If custody, visitation, or third-party custody is denied or interfered with by a parent or third party without good cause, the aggrieved person may file a family access motion with the court stating the specific facts that constitute a violation of the custody provisions of the judgment of dissolution, legal separation, or judgment of paternity. The circuit clerk will provide the aggrieved party with an explanation of the procedures for filing a family access motion and a simple form for use in filing the family access motion. A family access motion does not require the assistance of legal counsel to prepare and file.".

11. No court shall adopt any local rule, form, or practice requiring a standardized or default parenting plan for interim, temporary, or permanent orders or judgments. Notwithstanding any other provision to the contrary, a court may enter an interim order in a proceeding under this chapter, provided that the interim

order shall not contain any provisions about child custody or a parenting schedule or plan without first providing the parties with notice and a hearing, unless the parties otherwise agree.

12. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, both parents shall have access to records and information pertaining to a minor child including, but not limited to, medical, dental, and school records. If the parent without custody has been granted restricted or supervised visitation because the court has found that the parent with custody or any child has been the victim of domestic violence, as defined in section 455.010, by the parent without custody, the court may order that the reports and records made available pursuant to this subsection not include the address of the parent with custody or the child. A court shall order that the reports and records made available under this subsection not include the address of the parent with custody if the parent with custody is a participant in the address confidentiality program under section 589.663. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, any judgment of dissolution or other applicable court order shall specifically allow both parents access to such records and reports.

13. Except as otherwise precluded by state or federal law, if any individual, professional, public or private institution or organization denies access or fails to provide or disclose any and all records and information, including, but not limited to, past and present dental, medical and school records pertaining to a minor child, to either parent upon the written request of such parent, the court shall, upon its finding that the individual, professional, public or private institution or organization denied such request without good cause, order that party to comply immediately with such request and to pay to the prevailing party all costs incurred, including, but not limited to, attorney's fees and court costs associated with obtaining the requested information.

14. An award of joint custody does not preclude an award of child support pursuant to section 452.340 and applicable supreme court rules. The court shall consider the factors contained in section 452.340 and applicable supreme court rules in determining an amount reasonable or necessary for the support of the child.

15. If the court finds that domestic violence or abuse as defined in section 455.010 has occurred, the court shall make specific findings of fact to show that the custody or visitation arrangement ordered by the court best protects the child and the parent or other family or household member who is the victim of domestic violence, as defined in section 455.010, and any other children for whom such parent has custodial or visitation rights from any further harm."; and

SENATE AMENDMENT NO. 1

Amend Senate Bill No. 723, Page 1, In the Title, Lines 2-3, by striking the words "the Medicaid stabilization fund" and inserting in lieu thereof the following: "MO HealthNet"; and

Further amend said bill and page, Section A, line 3, by inserting after all of said line the following:

"208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as described in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this

subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere**, provided, no funds shall be expended to any abortion facility, as defined in section 188.015, or any affiliate or associate thereof**;

(7) Subject to appropriation, up to twenty visits per year for services limited to examinations, diagnoses, adjustments, and manipulations and treatments of malpositioned articulations and structures of the body provided by licensed chiropractic physicians practicing within their scope of practice. Nothing in this subdivision shall be interpreted to otherwise expand MO HealthNet services;

(8) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(9) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(10) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(11) Home health care services;

(12) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions or any abortifacient drug or device that is used for the purpose of inducing an abortion unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(13) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(14) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(15) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her

physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(16) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance

with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(17) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(18) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(19) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(20) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(21) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(22) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(24) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(25) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as described in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (15) and (16) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-

payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change

shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists.

208.153. 1. Pursuant to and not inconsistent with the provisions of sections 208.151 and 208.152, the MO HealthNet division shall by rule and regulation define the reasonable costs, manner, extent, quantity, quality, charges and fees of MO HealthNet benefits herein provided. The benefits available under these sections shall not replace those provided under other federal or state law or under other contractual or legal entitlements of the persons receiving them, and all persons shall be required to apply for and utilize all benefits available to them and to pursue all causes of action to which they are entitled. Any person entitled to MO HealthNet benefits may obtain it from any provider of services with which an agreement is in effect under this section and which undertakes to provide the services, as authorized by the MO HealthNet division**, provided, said provider shall not include any abortion facility, as defined in section 188.015, or any affiliate or associate thereof**. At the discretion of the director of the MO HealthNet division and with the approval of the governor, the MO HealthNet division is authorized to provide medical benefits for participants receiving public assistance by expending funds for the payment of federal medical insurance premiums, coinsurance and deductibles pursuant to the provisions of Title XVIII B and XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. 301, et seq.), as amended.

2. MO HealthNet shall include benefit payments on behalf of qualified Medicare beneficiaries as defined in 42 U.S.C. Section 1396d(p). The family support division shall by rule and regulation establish which qualified Medicare beneficiaries are eligible. Nothing herein contained shall be construed to prohibit any corporation organized under any general or special law of this state, or any other state or by an act of the Congress of the United States or any labor organization, cooperative association or mutual association from making any contributions or expenditures, provided:

(1) That the board of directors of any corporation by resolution has authorized contributions or expenditures, or by resolution has authorized a designated officer to make such contributions or expenditures; or

(2) That the members of any labor organization, cooperative association or mutual association have authorized contributions or expenditures by a majority vote of the members present at a duly called meeting of any such labor organization, cooperative association or mutual association or by such vote has authorized a designated officer to make such contributions or expenditures.

2. No provision of this section shall be construed to authorize contributions or expenditures otherwise prohibited by, or to change any necessary percentage of vote otherwise required by, the articles of incorporation or association or bylaws of such labor organization, corporation, cooperative or mutual association.

3. Authority to make contributions or expenditures as authorized by this section shall be adopted by general or specific resolution. This resolution shall state the total amount of contributions or expenditures authorized, the purposes of such contributions or expenditures and the time period within which such authority shall exist.

4. (1) Any limited liability company that is duly registered pursuant to chapter 347 and that has not elected to be classified as a corporation under the federal tax code may make contributions to any committee if the limited liability company has:

(a) Been in existence for at least one year prior to such contribution; and

A resident individual, resident estate, and resident trust shall be allowed a credit against the tax otherwise due pursuant to sections 143.005 to 143.998 for the amount of any income tax imposed for the taxable year by another state of the United States (or a political subdivision thereof) or the District of Columbia on income derived from sources therein and which is also subject to tax pursuant to sections 143.005 to 143.998. For purposes of this subsection, the phrase "income tax imposed" shall be that amount

2. The credit provided pursuant to this section shall not exceed an amount which bears the same ratio to the tax otherwise due pursuant to sections 143.005 to 143.998 as the amount of the taxpayer's Missouri adjusted gross income derived from sources in the other taxing jurisdiction bears to the taxpayer's Missouri adjusted gross income derived from all sources. In applying the limitation of the previous sentence to an estate or trust, Missouri taxable income shall be substituted for Missouri adjusted gross income. If the tax of more than one other taxing jurisdiction is imposed on the same item of income, the credit shall not exceed the limitation that would result if the taxes of all the other jurisdictions applicable to the item were deemed to be of a single jurisdiction.

3. **(1)** For the purposes of this section, in the case of an S corporation, each resident S shareholder shall be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S corporation to a state which does not measure the income of shareholders on an S corporation by reference to the income of the S corporation or where a composite return and composite payments are made in such state on behalf of the S shareholders by the S corporation.

(2) A resident S shareholder shall be eligible for a credit issued pursuant to this section in an amount equal to the shareholder's pro rata share of any income tax imposed pursuant to chapter 143 on income derived from sources in another state of the United States, or a political subdivision thereof, or the District of Columbia, and which is subject to tax pursuant to chapter 143 but is not subject to tax in such other jurisdiction.

4. For purposes of subsection 3 of this section, in the case of an S corporation that is a bank chartered by a state, the Office of Thrift Supervision, or the comptroller of currency, each Missouri resident S shareholder of such out-of-state bank shall qualify for the shareholder's pro rata share of any net tax paid, including a bank franchise tax based on the income of the bank, by such S corporation where bank payment of taxes are made in such state on behalf of the S shareholders by the S bank to the extent of the tax paid.

143.436. 1. This section shall be known and may be cited as the "SALT Parity Act".

3. (1) Notwithstanding any provision of law to the contrary, a tax is hereby imposed on each affected business entity that is a partnership and that is doing business in this state. Such affected business entity shall, at the time that the affected business entity's return is due, pay a tax in an amount equal to the sum of the separately and nonseparately computed items, as described in 26 U.S.C. Section 702(a), of the affected business entity, to the extent derived from or connected with sources within this state, as determined pursuant to section 143.455, decreased by the deduction allowed under 26 U.S.C. Section 199A computed as if such deduction was allowed to be taken by the affected business entity for federal tax purposes, and increased or decreased by any modification made pursuant to section 143.471 that relates to an item of the affected business entity's income, gain, loss, or deduction, to the extent derived from or connected with sources within this state, as determined pursuant to section 143.455, with such sum multiplied by the highest rate of tax used to determine a Missouri income tax liability for an individual pursuant to section 143.011. An affected entity paying the tax pursuant to this subsection shall include with the payment of such taxes each report provided to a member pursuant to subsection 7 of this section.

(2) If the amount calculated pursuant to subdivision (1) of this section results in a net loss, such net loss may be carried forward to succeeding tax years for which the affected business entity elects to be subject to tax pursuant to subsection 11 of this section until fully used.

4. (1) Notwithstanding any provision of law to the contrary, a tax is hereby imposed on each affected business entity that is an S corporation and that is doing business in this state. Such affected business entity shall, at the time that the affected business entity's return is due, pay a tax in an amount equal to the sum of the separately and nonseparately computed items, as described in 26 U.S.C. Section 1366, of the affected business entity, to the extent derived from or connected with sources within this state, as determined pursuant to section 143.455, decreased by the deduction allowed under 26 U.S.C. Section 199A computed as if such deduction was allowed to be taken by the affected business entity for federal tax purposes, and increased or decreased by any modification made pursuant to section 143.471 that relates to an item of the affected business entity's income, gain, loss, or deduction, to the extent derived from or connected with sources within this state, as determined pursuant to section 143.455, with such sum multiplied by the highest rate of tax used to determine a Missouri income tax liability for an individual pursuant to section 143.011. An affected entity paying the tax pursuant to this subsection shall include with the payment of such taxes each report provided to a member pursuant to subsection 7 of this section.

(2) If the amount calculated pursuant to subdivision (1) of this section results in a net loss, such net loss may be carried forward to succeeding tax years for which the affected business entity elects to be subject to tax pursuant to subsection 11 of this section until fully used.

5. If an affected business entity is a direct or indirect member of another affected business entity, the member affected business entity shall, when calculating its net income or loss pursuant to

subsections 3 or 4 of this section, subtract its distributive share of income or add its distributive share of loss from the affected business entity in which it is a direct or indirect member to the extent that the income or loss was derived from or connected with sources within this state, as determined pursuant to section 143.455.

6. A nonresident individual who is a member shall not be required to file an income tax return pursuant to this chapter for a tax year if, for such tax year, the only source of income derived from or connected with sources within the state for such member, or the member and the member's spouse if a joint federal income tax return is or shall be filed, is from one or more affected business entities and such affected business entity or entities file and pay the tax due under this section.

7. Each partnership and S corporation shall report to each of its members, for each tax year, such member's direct pro rata share of the tax imposed pursuant to this section on such partnership or S corporation if it is an affected business entity and its indirect pro rata share of the tax imposed on any affected business entity in which such affected business entity is a direct or indirect member.

8. (1) Each member that is subject to the tax imposed pursuant to section 143.011 shall be entitled to a credit against the tax imposed pursuant to section 143.011. Such credit shall be in an amount equal to such member's direct and indirect pro rata share of the tax paid pursuant to this section by any affected business entity of which such member is directly or indirectly a member.

(2) If the amount of the credit authorized by this subsection exceeds such member's tax liability for the tax imposed pursuant to section 143.011, the excess amount shall not be refunded but may be carried forward to each succeeding tax year until such credit is fully taken.

9. (1) Each member that is subject to the tax imposed pursuant to section 143.011 as a resident or part-year resident of this state shall be entitled to a credit against the tax imposed pursuant to section 143.011 for such member's direct and indirect pro rata share of taxes paid to another state of the United States or to the District of Columbia, on income of any partnership or S corporation of which such person is a member that is derived therefrom, provided the taxes paid to another state of the United States or to the District of Columbia results from a tax that the director of revenue determines is substantially similar to the tax imposed pursuant to this section. Any such credit shall be calculated in a manner to be prescribed by the director of revenue, provided such calculation is consistent with the provisions of this section, and further provided that the limitations provided in subsection 2 of section 143.081 shall apply to the credit authorized by this subsection.

(2) If the amount of the credit authorized by this subsection exceeds such member's tax liability for the tax imposed pursuant to section 143.011, the excess amount shall not be refunded and shall not be carried forward.

10. (1) Each corporation that is subject to the tax imposed pursuant to section 143.071 and that is a member shall be entitled to a credit against the tax imposed pursuant to section 143.071. Such credit shall be in an amount equal to such corporation's direct and indirect pro rata share of the tax paid pursuant to this section by any affected business entity of which such corporation is directly or indirectly a member. Such credit shall be applied after all other credits.

(2) If the amount of the credit authorized by this subsection exceeds such corporation's tax liability for the tax imposed pursuant to section 143.071, the excess amount shall not be refunded but may be carried forward to each succeeding tax year until such credit is fully taken.

11. A partnership or an S corporation may elect to become an affected business entity that is required to pay the tax pursuant to this section in any tax year. A separate election shall be made for each taxable year. Such election shall be made on such form and in such manner as the director of revenue may prescribe by rule. An election made pursuant to this subsection shall be signed by:

(1) Each member of the electing entity who is a member at the time the election is filed; or

(2) Any officer, manager, or member of the electing entity who is authorized to make the election and who attests to having such authorization under penalty of perjury.

12. The provisions of sections 143.425 and 143.601 shall apply to any modifications made to an affected business entity's federal return, and such affected business entity shall pay any resulting underpayment of tax to the extent not already paid pursuant to section 143.425.

13. (1) With respect to an action required or permitted to be taken by an affected business entity pursuant to this section, a proceeding under section 143.631 for reconsideration by the director of revenue, an appeal to the administrative hearing commission, or a review by the judiciary with respect to such action, the affected business entity shall designate an affected business entity representative for the tax year, and such affected business entity representative shall have the sole authority to act on behalf of the affected business entity, and the affected business entity's members shall be bound by those actions.

(2) The department of revenue may establish reasonable qualifications and procedures for designating a person to be the affected business entity representative.

(3) The affected business entity representative shall be considered an authorized representative of the affected business entity and its members under section 32.057 for the purposes of compliance with this section, or participating in a proceeding described in subdivision (1) of this subsection.

14. The provisions of this section shall only apply to tax years ending on or after December 31, 2022.

15. The department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

(2) "Disadvantaged school district", any school district that serves students from a county in which at least twenty-five percent of the households in such county are below the federal poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. Section 9902(2), as amended, or any school district in which more than seventy percent of students in the district qualify for a free or reduced price lunch under the federal Richard B. Russell National School Lunch Act, 42 U.S.C. Section 1751 et seq.;

Flushing as a stand alone action shall not be considered remediation;

(10) "School", any public school, private school, or provider of an early childhood education program that receives state funding.

3. Beginning in the 2023-2024 school year and for each subsequent school year, each school shall provide drinking water with a lead concentration level below the American Academy of Pediatrics' recommended maximum level for schools of one part per billion in sufficient amounts to meet the drinking water needs of all students and staff as provided in this section.

4. (1) Before January 1, 2024, each school shall:

(a) Conduct an inventory of all drinking water outlets and nonpotable water fixtures in each of the school's buildings;

(b) Remove any drinking watercoolers that the United States Environmental Protection Agency has determined are not lead-free under the federal Lead Contamination Control Act of 1988, as amended;

(c) Install a filter that reduces lead in drinking water on each drinking water outlet, maintain such filters to ensure that lead concentration levels are below one part per billion, and replace such filters at least as frequently as provided for in the manufacturer's instructions. This paragraph shall apply only to schools with drinking water determined to have a lead concentration level above the American Academy of Pediatrics' recommended maximum level for schools of one part per billion; and

(d) Upon request, provide general information on the health effects of lead contamination and additional informational resources for employees and parents of children at each school.

(2) Each school shall make buildings housing early childhood education programs, kindergartens, and elementary schools the priority when complying with paragraphs (a) to (c) of subdivision (1) of this subsection.

(3) Filters described in paragraph (c) of subdivision (1) of this subsection and any replacement filters shall be certified as compliant with NSF/ANSI 53-2017 and shall incorporate an integral performance indication device as specified in section 6.1 of NSF/ANSI 53-2017.

(4) Each school shall provide sufficient filtered water to meet the drinking water needs of all students and staff.

(5) Within sixty days after filters are installed as required under paragraph (c) of subdivision (1) of this subsection and annually thereafter, each school shall conduct testing for lead by first-draw and follow-up flush samples of a random sampling of at least twenty-five percent of remediated drinking water outlets until all remediated sources have been tested as recommended by the 2018 version of the United States Environmental Protection Agency's "Training, Testing, and Taking Action" program. The testing shall be conducted and the results analyzed for both types of tests by an entity or entities approved by the department.

(6) Within two weeks after receiving test results, each school shall make all testing results and any lead remediation plans available on the school's website.

(7) School districts shall submit such annual testing results to the commission.

(8) This subsection shall not be construed to prevent a school from conducting more frequent testing than required under this section.

5. (1) If a first draw sample shows a lead concentration of one part per billion or greater, the affected school shall:

(a) Within one business day after receiving the test result, shut off the drinking water outlet;

(b) Provide bottled water if there is not enough water to meet the drinking water needs of the students, teachers, and staff; and

(c) Within thirty days after receiving the test result, determine interim remediation steps to implement to address the elevated lead concentration level. Such steps shall be posted to the school website.

(2) If a pipe, solder, fitting, or fixture is replaced as part of remediation, the replacement shall be lead-free, as such term is defined in 40 CFR 143.12, as amended.

(3) If a test result exceeds one part per billion, the affected school shall contact parents and staff via written notification within seven business days after receiving the test result. The notification shall include at least:

(a) The test results and a summary that explains such results;

(b) A description of any remedial steps taken; and

(c) A description of general health effects of lead contamination and community specific resources.

(4) If, in the ten years prior to the 2023-2024 school year a fixture tested above one part per billion for lead, such fixture does not need to be repeat tested for lead, but instead remediation shall begin on such fixture.

6. (1) In addition to the apportionments payable to a school district under chapter 163, the department of natural resources is hereby authorized to apportion to any school additional funding for the filtration, testing, and other remediation of drinking water systems required under this section, subject to appropriation.

(2) To the extent permitted by federal law, a school district may seek reimbursement or other funds for compliance incurred under this section under any applicable federal law including, but not limited to, America's Water Infrastructure Act of 2018 and the Water Infrastructure Finance and Innovation Act of 2014, 33 U.S.C. Section 3901 et seq.

(3) Disadvantaged school districts shall receive funding priority under this subsection.

7. The commission, in conjunction with the department of elementary and secondary education, shall publish a report biennially based on the findings from the water testing conducted under this section. Such report shall be sent to the governor and the joint committee on education and shall be made available on the website of the commission.

8. The commission shall:

(1) On or before July 1, 2023, provide guidance to schools regarding the maintenance of filters and filtration systems and the development and implementation of flushing plans. Such guidance shall include recommendations for flushing after stagnant times including, but not limited to, the morning of each school day and after weekends, school holidays, and summer break. Flushing plans shall include details for flushing the incoming water line and the filter; and

(2) On or before July 1, 2023, create an online program to provide training for custodial staff on the maintenance of filters and filtration systems and on the implementation of flushing plans, emphasizing that proper maintenance is critical to improved drinking water quality and safety.

9. (1) For public schools, the commission shall ensure compliance with this section. Each school district shall be responsible for ensuring compliance within each school within the school district's jurisdiction.

(2) The commission shall have the authority to enter a school building governed by this section to determine compliance with this section.

10. No school building constructed after January 4, 2014, as provided in the federal Reduction of Lead in Drinking Water Act (42 U.S.C. Section 300g-6), as amended, shall be required to install, maintain, or replace filters under paragraph (c) of subdivision (1) of subsection 4 of this section.

11. A school that tests and does not find a drinking water source with a lead concentration above the acceptable level as defined in subsection 3 of this section shall be required to test only every five years.

12. The commission may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is

subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

(27) Any record retained by a public governmental body that is related to a constituent of the public governmental body, a dignitary, or a foreign leader. The provisions of this subdivision shall authorize the closure of any health or mental health record of a constituent in its entirety and shall authorize the redaction of any portion of a record that may be used to individually identify a constituent of the public governmental body. As used in this subdivision, "constituent" shall mean any person who is a resident within the boundaries of the public governmental body, any person who owns real property within the boundaries of the public governmental body, or any person who owns an interest in a business entity operating within the boundaries of the public governmental body. The term "constituent" shall not include a person who is registered as a lobbyist or a lobbyist principal, as such terms are defined in section 105.470, or a public official, regardless of whether such person otherwise meets the definition of "constituent". As used in this subdivision, the term "public official" shall mean any statewide elected official or any person holding elective office of any political subdivision as well as an employee of such elected official when such employee is acting in an official capacity. Nothing in this subdivision shall authorize the closure of a record that has been offered in a public meeting of the public governmental body, or any committee thereof;

610.023. 1. Each public governmental body is to appoint a custodian who is to be responsible for the maintenance of that body's records. The identity and location of a public governmental body's custodian is to be made available upon request.

2. Each public governmental body shall make available for inspection and copying by the public of that body's public records. No person shall remove original public records from the office of a public governmental body or its custodian without written permission of the designated custodian. No public governmental body shall, after August 28, 1998, grant to any person or entity, whether by contract, license or otherwise, the exclusive right to access and disseminate any public record unless the granting of such right is necessary to facilitate coordination with, or uniformity among, industry regulators having similar authority.

3. Each request for access to a public record shall be acted upon as soon as possible, but in no event later than the end of the **[**third**]** **fifth** business day following the date the request is received by the custodian of records of a public governmental body. If records are requested in a certain format, the public body shall provide the records in the requested format, if such format is available. If access to the public record is not granted immediately, the custodian shall give a detailed explanation of the cause for further delay and the place and earliest time and date that the record will be available for inspection. **Access to and the production of the records may be conditioned upon receipt of payment pursuant to section 610.026.** This period for document production may exceed **[**three**]** **five** days for reasonable cause.

4. If a request for access is denied, the custodian shall provide, upon request, a written statement of the grounds for such denial. Such statement shall cite the specific provision of law under which access is denied and shall be furnished to the requester no later than the end of the **[**third**]** **fifth** business day following the date that the request for the statement is received.

610.024. 1. If a public record contains material which is not exempt from disclosure as well as material which is exempt from disclosure, the public governmental body shall separate the exempt and nonexempt material and make the nonexempt material available for examination and copying. **Where a single record or document contains both open and closed records, the public governmental body shall make a redacted version of such record or document available in order to protect the information that would otherwise make the record or document a closed record.**

2. When designing a public record, a public governmental body shall, to the extent practicable, facilitate a separation of exempt from nonexempt information. If the separation is readily apparent to a person requesting to inspect or receive copies of the form, the public governmental body shall generally describe the material exempted unless that description would reveal the contents of the exempt information and thus defeat the purpose of the exemption.

610.026. 1. Except as otherwise provided by law, each public governmental body shall provide access to and, upon request, furnish copies of public records subject to the following:

(1) Fees for copying public records, except those records restricted under section 32.091, shall not exceed ten cents per page for a paper copy not larger than nine by fourteen inches, with the hourly fee for

duplicating time not to exceed the average hourly rate of pay for clerical staff of the public governmental body. Research time required for fulfilling records requests may be charged at the actual cost of research time. Based on the scope of the request, the public governmental body shall produce the copies using employees of the body that result in the lowest amount of charges for search, research, **redaction,** and duplication time. Prior to producing copies of the requested records, the person requesting the records may request the public governmental body to provide an estimate of the cost to the person requesting the records. Documents may be furnished without charge or at a reduced charge when the public governmental body determines that waiver or reduction of the fee is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the public governmental body and is not primarily in the commercial interest of the requester;

(2) Fees for providing access to public records maintained on computer facilities, recording tapes or disks, videotapes or films, pictures, maps, slides, graphics, illustrations or similar audio or visual items or devices, and for paper copies larger than nine by fourteen inches shall include only the cost of copies, staff time, which shall not exceed the average hourly rate of pay for staff of the public governmental body required for making copies and programming, if necessary, and the cost of the disk, tape, or other medium used for the duplication. Fees for maps, blueprints, or plats that require special expertise to duplicate may include the actual rate of compensation for the trained personnel required to duplicate such maps, blueprints, or plats. If programming is required beyond the customary and usual level to comply with a request for records or information, the fees for compliance may include the actual costs of such programming.

2. **(1)** Payment of **[**such copying**]** fees may be requested prior to **[**the making of copies**]** **fulfilling the request**.

(2) A request for public records to a public governmental body shall be considered withdrawn if the requester fails to remit all fees within thirty days of a request for payment of the fees by the public governmental body, prior to fulfilling the request. The public governmental body shall include notice to the requester that if the requester fails to remit payment of the fees within thirty days, then the request for public records shall be considered withdrawn. If the public governmental body responds to a request for public records in order to seek a clarification of the request and no response to the request for clarification is received by the public governmental body within thirty days of sending the request for clarification, then such request for public records shall be considered withdrawn. The request for clarification by the public governmental body shall include notice to the requester that if the requester fails to respond within thirty days, then the request shall be considered withdrawn. If the same or a substantially similar request for public records is made within six months after the expiration of the thirty day period and no fee was remitted for such request or no response was received to the request for clarification, then the public governmental body may request payment of the same fees made for the original request that has expired in addition to any allowable fees necessary to fulfill the subsequent request. The provisions of this subdivision shall not apply if a lawsuit has been filed against the public governmental body with regard to the records that are the subject of the request under this subdivision.

3. Except as otherwise provided by law, each public governmental body of the state shall remit all moneys received by or for it from fees charged pursuant to this section to the director of revenue for deposit to the general revenue fund of the state.

4. Except as otherwise provided by law, each public governmental body of a political subdivision of the

state shall remit all moneys received by it or for it from fees charged pursuant to sections 610.010 to 610.028 to the appropriate fiscal officer of such political subdivision for deposit to the governmental body's accounts.

5. The term "tax, license or fees" as used in Section 22 of Article X of the Constitution of the State of Missouri does not include copying charges and related fees that do not exceed the level necessary to pay or to continue to pay the costs for providing a service, program, or activity which was in existence on November 4, 1980, or which was approved by a vote of the people subsequent to November 4, 1980."; and

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-FOURTH DAY—TUESDAY, APRIL 26, 2022

The Senate met pursuant to adjournment.

Senator Rowden in the Chair.

The Reverend Carl Gauck offered the following prayer:

"Let us not love in word or in speech but in deed and in truth." (I John 3:18)

We ask, O Lord, let us never forget You or how loving and gracious You are to us. You have blessed us with good work that must be done so we ask that our deed match our speech and word be true. May we rejoice and be proud of the actions we take this day and may we find completion in the efforts put forth. And may we never fail to show our appreciation for those who do so much to help us get through each week. Let us show in loving words and action how much they mean to us and treat them accordingly. In Your Holy Name we pray. Amen.

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-FIFTH DAY—WEDNESDAY, APRIL 27, 2022

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

The Reverend Carl Gauck offered the following prayer:

"...you who seek God, let your hearts revive." (Psalm 69:32b)

O Lord, we acknowledge that we see the heart as the seat of human emotion that often directs our behavior and words. So, we ask O Lord, that You weed out from our hearts that which threatens our undoing but fill it with faith, hope and love for You, our families and neighbors. Help us to be open vessels to receive Your blessings that we may bless others and be revived this day to do what You require of us. In Your Holy Name we pray. Amen.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1606, Page 1, In the Title, Lines 5-6, by striking "county officials" and inserting in lieu thereof the following: "political subdivisions"; and

Further amend said bill, page 11, Section 58.200, line 17, by inserting after all of said line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Beginning January 1, 2023, in any county with more than four hundred thousand but fewer than five hundred thousand inhabitants, all personal property in such county shall be annually assessed at a percent of its true value in money as of January first of each calendar year as follows:**

(1) A political subdivision shall annually reduce the percentage of true value in money at which personal property is assessed pursuant to this subsection such that the amount by which the revenue generated by taxes levied on such personal property is substantially equal to one hundred percent of the growth in revenue generated by real property assessment growth. Annual reductions shall be made pursuant to this subdivision until December 31, 2073. Thereafter, the percentage of true value in money at which personal property is assessed shall be equal to the percentage in effect on December 31, 2073.

(2) The provisions of subdivision (1) of this subsection shall not be construed to relieve a political subdivision from adjustments to property tax levies as required by section 137.073.

(3) For the purposes of subdivision (1) of this subsection, "real property assessment growth" shall mean the growth in revenue from increases in the total assessed valuation of all real property in a political subdivision over the revenue generated from the assessed valuation of such real property from the previous calendar year. Real property assessment growth shall not include any revenue in excess of the percent increase in the consumer price index, as described in subsection 2 of section 137.073.

(4) Notwithstanding the provisions of subdivisions (1) to (4) of this subsection to the contrary, for the purposes of the tax levied pursuant to Article III, Section 38(b) of the Missouri Constitution, all personal property shall be assessed at thirty-three and one-third percent of its true value in money as of January first of each calendar year.

2. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection **[**5**]** **6** of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than

the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

[2.**]** **3.** Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

[3.**]** **4.** The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages

of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

[4.**]** **5.** The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

[5.**]** **6.** (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

[6.**]** **7.** Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the

manufactured home owner may be considered real property.

[7.**] 8.** Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

[8.**] 9.** Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

[9.**] 10.** The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

[10.**] 11.** Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

[11.**] 12.** If a physical inspection is required, pursuant to subsection **[**10**] 11** of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

[12.**] 13.** A physical inspection, as required by subsection **[**10**] 11** of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection **[**11**] 12** of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

[13.**] 14.** A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

[14.**] 15.** Any county or city not within a county in this state may, by an affirmative vote of the

governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

[15.**]** **16.** The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection **[**14**]** **15** of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

[16.**]** **17.** Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444."; and

Further amend the title and enacting clause accordingly.

SENATE AMENDMENT NO. 4

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1606, Page 11, Section 58.200, Line 17, by inserting after all of said line the following:

"105.145. 1. The following definitions shall be applied to the terms used in this section:

(1) "Governing body", the board, body, or persons in which the powers of a political subdivision as a body corporate, or otherwise, are vested;

(2) "Political subdivision", any agency or unit of this state, except counties and school districts, which now is, or hereafter shall be, authorized to levy taxes or empowered to cause taxes to be levied.

2. The governing body of each political subdivision in the state shall cause to be prepared an annual report of the financial transactions of the political subdivision in such summary form as the state auditor shall prescribe by rule, except that the annual report of political subdivisions whose cash receipts for the reporting period are ten thousand dollars or less shall only be required to contain the cash balance at the beginning of the reporting period, a summary of cash receipts, a summary of cash disbursements and the

cash balance at the end of the reporting period.

3. Within such time following the end of the fiscal year as the state auditor shall prescribe by rule, the governing body of each political subdivision shall cause a copy of the annual financial report to be remitted to the state auditor.

4. The state auditor shall immediately on receipt of each financial report acknowledge the receipt of the report.

5. In any fiscal year no member of the governing body of any political subdivision of the state shall receive any compensation or payment of expenses after the end of the time within which the financial statement of the political subdivision is required to be filed with the state auditor and until such time as the notice from the state auditor of the filing of the annual financial report for the fiscal year has been received.

6. The state auditor shall prepare sample forms for financial reports and shall mail the same to the political subdivisions of the state. Failure of the auditor to supply such forms shall not in any way excuse any person from the performance of any duty imposed by this section.

7. All reports or financial statements hereinabove mentioned shall be considered to be public records.

8. The provisions of this section apply to the board of directors of every transportation development district organized under sections 238.200 to 238.275.

9. Any political subdivision that fails to timely submit a copy of the annual financial statement to the state auditor shall be subject to a fine of five hundred dollars per day.

10. The state auditor shall report any violation of subsection 9 of this section to the department of revenue. Upon notification from the state auditor's office that a political subdivision failed to timely submit a copy of the annual financial statement, the department of revenue shall notify such political subdivision by certified mail that the statement has not been received. Such notice shall clearly set forth the following:

(1) The name of the political subdivision;

(2) That the political subdivision shall be subject to a fine of five hundred dollars per day if the political subdivision does not submit a copy of the annual financial statement to the state auditor's office within thirty days from the postmarked date stamped on the certified mail envelope;

(3) That the fine will be enforced and collected as provided under subsection 11 of this section; and

(4) That the fine will begin accruing on the thirty-first day from the postmarked date stamped on the certified mail envelope and will continue to accrue until the state auditor's office receives a copy of the financial statement.

In the event a copy of the annual financial statement is received within such thirty-day period, no fine shall accrue or be imposed. The state auditor shall report receipt of the financial statement to the department of revenue within ten business days. Failure of the political subdivision to submit the required annual financial statement within such thirty-day period shall cause the fine to be collected as provided under subsection 11 of this section.

11. The department of revenue may collect the fine authorized under the provisions of subsection 9 of this section by offsetting any sales or use tax distributions due to the political subdivision. The director of revenue shall retain two percent for the cost of such collection. The remaining revenues collected from such

violations shall be distributed annually to the schools of the county in the same manner that proceeds for all penalties, forfeitures, and fines collected for any breach of the penal laws of the state are distributed.

12. Any **[**transportation development district organized under sections 238.200 to 238.275 having**]** **political subdivision that has** gross revenues of less than five thousand dollars **or that has not levied or collected sales or use taxes** in the fiscal year for which the annual financial statement was not timely filed shall not be subject to the fine authorized in this section.

13. If a failure to timely submit the annual financial statement is the result of fraud or other illegal conduct by an employee or officer of the political subdivision, the political subdivision shall not be subject to a fine authorized under this section if the statement is filed within thirty days of the discovery of the fraud or illegal conduct. If a fine is assessed and paid prior to the filing of the statement, the department of revenue shall refund the fine upon notification from the political subdivision.

14. If a political subdivision has an outstanding balance for fines or penalties at the time it files its first annual financial statement after January 1, 2023, the director of revenue shall make a one-time downward adjustment to such outstanding balance in an amount that reduces the outstanding balance by no less than ninety percent.

15. The director of revenue shall have the authority to make a one-time downward adjustment to any outstanding penalty imposed under this section on a political subdivision if the director determines the fine is uncollectable. The director of revenue may prescribe rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

Further amend the title and enacting clause accordingly.

"182.020. 1. If, from returns of the submission of the question, the majority of all the votes cast are in favor of establishing a county library district and for the tax for a free county library, the county governing body shall enter of record a brief recital of the returns and that there has been established "_____ county library district", and thereafter such "_____ county library district", shall be considered established; and the tax specified in the notice, subject to the provisions of this section, shall be levied and collected, from year to year.

2. At least once in every month the county collector in each county of the first and second classes, including such counties having a charter form of government, shall pay over to the treasurer of the county library district all moneys received and collected by him to which the district is entitled and take duplicate receipts from the treasurer, one of which he shall file with the secretary of the county library district and the other he shall file in his settlement with the county governing body. The county collector in the counties of the third and fourth classes shall pay over to the county treasurer at least once in every month all moneys

received and collected by him which are due the county library district and shall take duplicate receipts therefor, one of which he shall file in his settlement with the county governing body. The county treasurer in such counties shall pay over to the treasurer of the county library district, at least once in every month, all moneys so received by him to which the district is entitled. Upon payment he shall take duplicate receipts from the treasurer of the county library district, one of which he shall file with the secretary of the county library district, and the other he shall file in his settlement with the county governing body.

3. The tax may be reconsidered whenever the voters of any county library district shall so determine by a majority vote on such questions after petition, order, and notice of the election and of the purpose thereof, first having been made, filed, and given, as in the case of establishing such county library district. At least five years must elapse after the county library district has been established and a tax therefor has been levied before a question to reconsider the tax may be submitted under this subsection.

4. Whenever the county library board of trustees finds it appropriate, it may order an election on the question of increasing the tax established pursuant to subsection 2 of section 182.010 or increased pursuant to subsection 5 of section 182.010. **The county commission in any county with more than one hundred thousand but fewer than one hundred twenty thousand inhabitants and with a county seat with more than nine thousand but fewer than eleven thousand inhabitants may overrule and reject a county library board of trustees' decision to order an election on the question of increasing taxes.** Notice of the election shall be published in the same manner as is notice of an election to establish a county library district under section 182.010. The notice and order shall each recite the amount of the proposed increase. The question shall be submitted in substantially the following form:

Shall the _____ per hundred dollars assessed valuation tax for the county library be increased to _____ per hundred dollars assessed valuation?

If a majority of votes cast on the question are in favor of the increase, then the increased tax shall be levied and collected in the same manner as the tax was at its previous lower rate.

5. As used in sections 182.010 to 182.120, the words "county commission" or "county governing body" shall be construed to mean the proper commission or official in any county operating under a special charter.

182.050. For the purpose of carrying into effect sections 182.010 to 182.120, in case a county library district is established and a free county library authorized as provided in section 182.010, within sixty days after the establishment of the county library district, there shall be created a county library board of trustees, of five members, who shall be residents of the library district, none of whom shall be elected county officials. The members shall be appointed by the county commission for terms of four years each, except that as to the members of the first board, two shall be appointed for one year, and one each shall be appointed for two years, three years, and four years, respectively, from the first day of July following their appointment; and annually thereafter before the first day of July the county commission shall appoint successors. Vacancies in the board occasioned by removals, resignations or otherwise shall be reported to the county commission and shall be filled in like manner as original appointments; except that if the vacancy is in an unexpired term, the appointment shall be made for only the unexpired portion of that term. No member of the board shall receive compensation as such. No person shall be employed by the board of library trustees or by the librarian who is related within the third degree by blood or by marriage to any trustee of the board. **The county commission in any county with more than one hundred thousand but fewer than one hundred twenty thousand inhabitants and with a county seat with more than nine thousand but fewer than eleven thousand inhabitants may remove any member for conduct**

Further amend said bill, page 11, Section 58.200, line 17, by inserting after all of said line the following:

"67.457. 1. To establish a neighborhood improvement district, the governing body of any city or county shall comply with either of the procedures described in subsection 2 or 3 of this section.

2. The governing body of any city or county proposing to create a neighborhood improvement district may by resolution submit the question of creating such district to all qualified voters residing within such district at a general or special election called for that purpose. Such resolution shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, and the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full. The governing body of the city or county may create a neighborhood improvement district when the question of creating such district has been approved by the vote of the percentage of electors within such district voting thereon that is equal to the percentage of voter approval required for the issuance of general obligation bonds of such city or county under Article VI, Section 26 of the constitution of this state. The notice of election containing the question of creating a neighborhood improvement district shall contain the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and a statement that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such notice, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such notice, by more than twenty-five percent. The ballot upon which the question of creating a neighborhood improvement district is submitted to the qualified voters residing within the proposed district shall contain a question in substantially the following form:

Shall _____ (name of city or county) be authorized to create a neighborhood improvement district proposed for the _____ (project name for the proposed improvement) and incur indebtedness and issue general obligation bonds to pay for all or part of the cost of public improvements within such district, the cost of all indebtedness so incurred to be assessed by the governing body of the _____ (city or county) on the real property benefitted by such improvements for a period of _____ years,

and, if included in the resolution, an assessment in each year thereafter with the proceeds thereof used solely for maintenance of the improvement?

3. As an alternative to the procedure described in subsection 2 of this section, the governing body of a city or county may create a neighborhood improvement district when a proper petition has been signed by the owners of record of at least two-thirds by area of all real property located within such proposed district. Each owner of record of real property located in the proposed district is allowed one signature. Any person, corporation, or limited liability partnership owning more than one parcel of land located in such proposed district shall be allowed only one signature on such petition. The petition, in order to become effective, shall be filed with the city clerk or county clerk. A proper petition for the creation of a neighborhood improvement district shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full, a notice that the names of the signers may not be withdrawn later than seven days after the petition is filed with the city clerk or county clerk, and a notice that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such petition, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such petition, by more than twenty-five percent.

4. Upon receiving the requisite voter approval at an election or upon the filing of a proper petition with the city clerk or county clerk, the governing body may by resolution or ordinance determine the advisability of the improvement and may order that the district be established and that preliminary plans and specifications for the improvement be made. Such resolution or ordinance shall state and make findings as to the project name for the proposed improvement, the nature of the improvement, the estimated cost of such improvement, the boundaries of the neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and shall also state that the final cost of such improvement assessed against the real property within the neighborhood improvement district and the amount of general obligation bonds issued therefor shall not, without a new election or petition, exceed the estimated cost of such improvement by more than twenty-five percent.

5. The boundaries of the proposed district shall be described by metes and bounds, streets or other sufficiently specific description. The area of the neighborhood improvement district finally determined by the governing body of the city or county to be assessed may be less than, but shall not exceed, the total area comprising such district.

6. In any neighborhood improvement district organized prior to August 28, 1994, an assessment may be levied and collected after the original period approved for assessment of property within the district has expired, with the proceeds thereof used solely for maintenance of the improvement, if the residents of the neighborhood improvement district either vote to assess real property within the district for the maintenance costs in the manner prescribed in subsection 2 of this section or if the owners of two-thirds of the area of all real property located within the district sign a petition for such purpose in the same manner as prescribed

in subsection 3 of this section.

7. Prior to any assessment hereafter being levied against any real property within any neighborhood improvement district, and prior to any lien enforceable under either chapter 140 or 141 being imposed after August 28, 2013, against any real property within a neighborhood improvement district, the clerk of the governing body establishing the neighborhood improvement district shall cause to be recorded with the recorder of deeds for the county in which any portion of the neighborhood improvement district is located a document conforming to the provisions of sections 59.310 and 59.313, and which shall contain at least the following information:

(2) The governing body establishing the neighborhood improvement district and the title of any official or agency responsible for collecting or enforcing any assessments, who shall be identified in the document as grantees and so indexed by the recorder, as required under and pursuant to section 59.440;

(3) The legal description of the property within the neighborhood improvement district which may either be the metes and bounds description authorized in subsection 5 of this section or the legal description of each lot or parcel within the neighborhood improvement district; and

(4) The identifying number of the resolution or ordinance creating the neighborhood improvement district, or a copy of such resolution or ordinance.

8. (1) The governing body of the city or county establishing a neighborhood improvement district shall, as soon as is practicable, submit the following information to the state auditor and the department of revenue:

(a) A description of the boundaries of such district as well as the average assessment made against real property located in such district;

(2) The governing body of the city or county establishing a neighborhood improvement district on or after August 28, 2022, shall not order any assessment to be made on any real property located within a district until such governing body has submitted the information required by paragraph (a) of subdivision (1) of this subsection.

67.461. 1. After the governing body has made the findings specified in section 67.457 and plans and specifications for the proposed improvements have been prepared, the governing body shall by ordinance or resolution order assessments to be made against each parcel of real property deemed to be benefitted by an improvement based on the revised estimated cost of the improvement or, if available, the final cost thereof, and shall order a proposed assessment roll to be prepared.

2. The plans and specifications for the improvement and the proposed assessment roll shall be filed with the city clerk or county clerk, as applicable, and shall be open for public inspection. Such clerk shall thereupon, at the direction of the governing body, publish notice that the governing body will conduct a hearing to consider the proposed improvement and proposed assessments. Such notice shall be published

in a newspaper of general circulation at least once not more than twenty days and not less than ten days before the hearing and shall state the project name for the improvement, the date, time and place of such hearing, the general nature of the improvement, the revised estimated cost or, if available, the final cost of the improvement, the boundaries of the neighborhood improvement district to be assessed, and that written or oral objections will be considered at the hearing. **Such notice shall also be sent to the Missouri department of revenue, which shall publish such notice on its website.** At the same time, the clerk shall mail to the owners of record of the real property made liable to pay the assessments, at their last known post office address, a notice of the hearing and a statement of the cost proposed to be assessed against the real property so owned and assessed. The failure of any owner to receive such notice shall not invalidate the proceedings.

67.1421. 1. Upon receipt of a proper petition filed with its municipal clerk, the governing body of the municipality in which the proposed district is located shall hold a public hearing in accordance with section 67.1431 and may adopt an ordinance to establish the proposed district.

SENATE AMENDMENT NO. 1 TO
SENATE AMENDMENT NO. 16

Amend Senate Amendment No. 16 to Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1606, Page 1, Line 1, by inserting after the word "page" the following: "15, section 140.190, line 55, by inserting after all of said line the following:

"144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited

from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or

production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

(6) Tangible personal property which is used exclusively in the manufacturing, processing, modification or assembling of products sold to the United States government or to any agency of the United States government;

(11) Railroad rolling stock for use in transporting persons or property in interstate commerce and motor vehicles licensed for a gross weight of twenty-four thousand pounds or more or trailers used by common carriers, as defined in section 390.020, in the transportation of persons or property;

(12) Electrical energy used in the actual primary manufacture, processing, compounding, mining or

producing of a product, or electrical energy used in the actual secondary processing or fabricating of the product, or a material recovery processing plant as defined in subdivision (4) of this subsection, in facilities owned or leased by the taxpayer, if the total cost of electrical energy so used exceeds ten percent of the total cost of production, either primary or secondary, exclusive of the cost of electrical energy so used or if the raw materials used in such processing contain at least twenty-five percent recovered materials as defined in section 260.200. There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(13) Anodes which are used or consumed in manufacturing, processing, compounding, mining, producing or fabricating and which have a useful life of less than one year;

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing

or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration **[**law**]** **act**, sections **[**281.220**]** **281.210** to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. 92.740. 1. A suit for the foreclosure of the tax liens herein provided for shall be instituted by filing in the appropriate office of the circuit clerk and with the land reutilization authority a petition, which petition shall contain a caption, a copy of the list prepared by the collector, and a prayer. In the Circuit Court of _____ Missouri,

In the Matter of

Foreclosure of Liens for Delinquent Land Taxes

By Action in Rem.

Collector of Revenue of _____, Missouri, Plaintiff

-vs-

Parcels of Land Encumbered with Delinquent Tax Liens, Defendants

3. The petition shall conclude with a prayer that all tax liens upon such real estate be foreclosed; that the court determine the amounts and priorities of all tax bills, together with interest, penalties, costs, and attorney's fees; that the court order such real estate to be sold by the sheriff at public sale as provided by sections 92.700 to 92.920 and that thereafter a report of such sale be made by the sheriff to the court for further proceedings under the provisions of sections 92.700 to 92.920.

4. The petition when so filed shall have the same force and effect with respect to each parcel of real estate therein described as a separate suit instituted to foreclose the tax lien or liens against any one of said parcels of real estate.

5. For each petition filed, the collector shall make available to the public a list detailing each parcel included in the suit.

92.750. 1. **Except as otherwise provided in subsection 4 of this section,** any person having any right,

title**,** or interest in, or lien upon, any parcel of real estate described in such petition may redeem such parcel of real estate by paying to the collector all of the sums mentioned therein, including principal, interest, penalties, attorney's fees and costs then due, at any time prior to the time of the foreclosure sale of such real estate by the sheriff.

2. In the event of failure to redeem prior to the time of the foreclosure sale by the sheriff, such person shall be barred and forever foreclosed of all his right, title and interest in and to the parcels of real estate described in such petition.

3. Upon redemption, as permitted by this section, the person redeeming shall be entitled to a certificate of redemption from the collector describing the property in the same manner as it is described in such petition, and the collector shall thereupon note on his records the word "redeemed" and the date of such payment opposite the description of such parcel of real estate.

4. For any improved nonhomestead parcel, any person having any right, title, or interest in, or lien upon, any parcel of real estate described in the petition may redeem such parcel of real estate at any time prior to the time of the foreclosure sale of such real estate by the sheriff by paying to the collector all of the sums due as of the date of redemption mentioned therein, including principal, interest, penalties, attorney's fees, and costs then due including, but not limited to, all debts owed to the city, exclusive of any debts owed to any statutorily created sewer district, that are known to the collector and that may be collected pursuant to section 67.451, such as amounts for water, forestry, nuisance abatement, special tax bills, and vacant building assessments.

92.760. 1. The collector shall also cause to be prepared and mailed in an envelope with postage prepaid, within thirty days after the filing of such petition, a brief notice of the filing of the suit, to the persons named in the petition as **[**being the owners**]** **having an interest in the parcel**, according to the records of the assessor**, or otherwise known to the collector,** for the respective parcels of real estate described in the petition. The notices shall be sent to the addresses **[**of such persons upon the records of the assessor**]** **most likely to apprise the parties of the proceedings as provided**, and in the event that any name or address does not appear on the records of the assessor, with respect to any parcel of real estate, the collector shall so state in an affidavit, giving the serial number of each parcel of real estate affected. Such affidavit shall be filed in the suit with the circuit clerk not later than sixty days after the date of the first publication of the notice of foreclosure. The failure of the collector to mail the notice as provided in this section shall invalidate any proceedings brought pursuant to the provisions of sections 92.700 to 92.920. The failure of the collector to file the affidavit as provided in this section shall not affect the validity of any proceedings brought pursuant to the provisions of sections 92.700 to 92.920.

2. Such notice shall be substantially as follows:

92.765. Affidavits of publication of notice of foreclosure, and of posting, mailing, or other acts required by the provisions of sections 92.700 to 92.920 shall be filed in the office of the circuit clerk prior to the trial, and when so filed shall constitute part of the evidentiary documents in the foreclosure suit. Such affidavits shall be prima facie evidence of the performance of acts therein described, and may be so used in the trial of the suit, unless challenged by verified answer duly filed in the suit. **The collector shall file with the court an affidavit of compliance with notice requirements of sections 92.700 to 92.920 prior to any sheriff's sale. The affidavit shall include the identities of all parties to whom notice was attempted and by what means. In the case of mailed notice returned undeliverable, the collector's affidavit shall certify that additional notice was attempted and by what means. The expense of complying with this section shall be taxed and collected as other costs in the suit.**

92.770. 1. The collector may employ such attorneys as he deems necessary to collect such taxes and to prosecute suits for taxes.

2. Such attorneys shall receive as total compensation a sum, not to exceed six percent of the amount of taxes actually collected and paid into the treasury, and an additional sum not to exceed two dollars for each suit filed when publication is not necessary and not to exceed five dollars where publication is necessary, as may be agreed upon in writing and approved by the collector, before such services are rendered.

3. The **[**attorney**]** **attorney's** fees shall be taxed as costs in the suit and collected as other costs.

92.775. 1. Upon the trial of the cause upon the question of foreclosure, the tax bill shall be prima facie proof that the tax described in the tax bill has been validly assessed at the time indicated by the tax bill and that the tax is unpaid. Any person alleging any jurisdictional defect or invalidity in the tax bill or in the sale thereof must particularly specify in his answer the defect or basis of invalidity, and must, upon trial, affirmatively establish such defense.

2. After the court has first determined the validity of the tax liens of all tax bills affecting parcels of real estate described in the petition, the priorities of the respective tax bills and the amounts due thereon, including principal, interest, penalties, attorney's fees, and costs, the court shall thereupon enter judgment of foreclosure of such liens and fix the time and place of the foreclosure sale. The petition shall be dismissed as to any parcel of real estate redeemed prior to the time fixed for the sheriff's foreclosure sale as provided in sections 92.700 to 92.920. If the parcel of real estate auctioned off at sheriff's foreclosure sale is sold for a sum sufficient to fully pay the principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and for no more, and such sale is confirmed by the court, then all other proceedings as to such parcels of real estate shall be finally dismissed as to all parties and interests other than tax bill owners or holders; provided, however, that any parties seeking relief other than an interest in or lien upon the real estate may continue with said suit to a final adjudication of such other issues; provided, further, an appeal may be had as to any claim attacking the validity of the tax bill or bills or the priorities as to payment of proceeds of foreclosure sale. If the parcel of real estate auctioned off at sheriff's foreclosure sale is sold for a sum greater than the total amount necessary to pay the principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and such sale is confirmed by the court, and no appeal is taken by any person claiming any right, title or interest in or to or lien upon said parcel of real estate or by any person or taxing authority owning or holding or claiming any right, title or interest in or to any tax bills within the time fixed by law for the filing of notice of appeal, the court shall thereupon order the sheriff to make distribution to the owners or holders of the respective tax bills included in the judgment of the amounts found to be due and in the order of priorities. Thereafter all proceedings in the suit shall be ordered by the court to be dismissed as to such persons or taxing authorities owning, holding or claiming any right, title or interest in any such tax bill or bills so paid, and the case shall proceed as to any parties claiming any right, title, or interest in or lien upon the parcel of real estate affected by such tax bill or bills as to their respective claims to such surplus funds then remaining in the hands of the sheriff. **The receipt of such surplus funds shall constitute a bar to any claim of right, title, or interest in, or lien upon, said parcel of real estate, by the fund recipient.**

3. Whenever an answer is filed to the petition, as herein provided, a severance of the action as to all parcels of real estate affected by such answer shall be granted, and the issues raised by the petition and such answer shall be tried separate and apart from the other issues in the suit, but the granting of such severance shall not delay the trial or other disposition of any other issue in the case. A separate appeal may be taken from any other issue in the case. A separate appeal may be taken from any action of the court affecting any right, title or interest in or to, or lien upon, such real estate, other than issues of law and fact affecting the amount or validity of the lien of tax bills, but the proceeding to foreclose the lien of any tax bills shall not be stayed by such appeal. The trial shall be conducted by the court without the aid of a jury and the suit shall be in equity. This action shall take precedence over and shall be triable before any other action in equity affecting the title to such real estate, upon motion of any interested party.

92.810. 1. After the judgment of foreclosure has been entered, or, after a motion for a new trial has been overruled, or, if an appeal be taken from such judgment and the judgment has been affirmed, after the sheriff shall have been notified by any party to the suit that such judgment has been affirmed on appeal and that

the mandate of the appellate court is on file with the circuit clerk, there shall be a waiting period of six months before any advertisement of sheriff's sale shall be published.

2. If any such parcel of real estate be not redeemed, or if no written contract providing for redemption be made within six months after the date of the judgment of foreclosure, if no motion for rehearing be filed, and, if filed, within six months after such motion may have been overruled, or, if an appeal be taken from such judgment and the judgment be affirmed, within six months after the sheriff shall have been notified by any party to the suit that such judgment has been affirmed on appeal and that the mandate of the appellate court is on file with the circuit clerk, the sheriff shall, after giving the **[**notice**]** **notices** required by **[**subsection 3**]** **subsections 4 and 5** of this section, commence to advertise the real estate described in the judgment and shall fix the date of sale within thirty days after the date of the first publication of the notice of sheriff's sale as herein provided, and shall at such sale proceed to sell the real estate.

3. **No later than one hundred twenty days prior to the sheriff's sale, the collector shall obtain a title abstract or report on any unredeemed parcels. Such title abstract or report shall be obtained from a licensed title company or attorney and subject to a public and competitive bidding process administered by the collector and conducted triennially. The title report shall include all conveyances, liens, and charges against the real estate, and the names and mailing addresses of any interested parties and lienholders. The charges of said abstract or report shall be taxed as costs and shall be paid as other costs in the case.**

4. The notice required by this subsection shall be mailed in an envelope with postage prepaid. The cost of the mailing and notice as required by this subsection shall be included as costs in the case.

5. No later than **[**twenty**]** **forty** days prior to the sheriff's sale, the **[**sheriff**]** **collector** shall send notice of the sale to the **[**owner or owners,**]** **parties having interest in the parcel** as disclosed upon the records of the assessor**, or otherwise known to the collector,** of the real estate for which tax bills thereon are delinquent. **[**The search of the records of the assessor must be made not more than forty days prior to the sending of this notice**]** **The notice shall be sent to the addresses most likely to apprise the parties of the proceedings as provided**. The notice shall also state that **[**the property owner**]** **an interested party** may avoid the sale by redeeming such parcel of real estate prior to the sale as specified in section 92.750 or**, if applicable,** by entering into an agreement with the collector to pay the taxes included in the foreclosure suit under section 92.740. The notice required by this subsection shall be mailed in an envelope with postage prepaid. The cost of **[**the title search,**]** mailing and notice as required by this subsection shall be included as costs **[**at the sale of the real estate**]** **in the case**.

6. No later than twenty days prior to the sheriff's sale, the sheriff shall enter upon the parcel subject to foreclosure of these tax liens and post a written informational notice in a conspicuous location, attached to a structure, and intended to be visible by the nearest public right-of-way. This notice shall describe the property; shall advise that it is the subject of delinquent land tax collection proceedings brought pursuant to sections 92.700 to 92.920 and that it may be sold for the payment of delinquent taxes at a sale to be held at a certain time, date, and place; and shall contain the serial

The notice shall be not less than eight inches by ten inches and shall be laminated or otherwise sufficiently weatherproof to withstand normal exposure to rain, snow, and other conditions. The sheriff shall document, by time-stamped photograph, compliance with this section, make said documentation generally available upon request, and provide verification by affidavit of compliance with this section. The cost of notice as required by this subsection shall be included as costs in the case.

7. In addition to the other notice requirements of this section, no later than twenty days prior to the sheriff's sale, the sheriff shall attempt in-person notice that shall describe the property; that shall advise that it is the subject of delinquent land tax collection proceedings brought pursuant to sections 92.700 to 92.920 and that it may be sold for the payment of delinquent taxes at a sale to be held a certain time, date, and place; and that shall contain the serial number and phone number and address of the collector. The cost of notice as required by this subsection shall be included as costs in the case.

[4.**]** **8.** Notwithstanding the provisions of this section to the contrary, any residential property which has not been redeemed by the end of the waiting period required by this section which has been determined to be of substandard quality or condition under the standards established by the residential renovation loan commission pursuant to sections 67.970 to 67.983 may, upon the request of the residential renovation loan commission, be transferred to the residential renovation loan commission for the purpose of renovation of the property. Any such property transferred pursuant to this subsection shall be renovated and sold by the residential renovation loan commission in the manner prescribed in sections 67.970 to 67.983. The residential renovation loan commission shall reimburse the land reutilization authority for all expenses directly incurred in relation to such property under sections 92.700 to 92.920 prior to the transfer.

92.815. 1. During such waiting period and at any time prior to the time of foreclosure sale by the sheriff, any interested party may redeem any parcel of real estate as provided by sections 92.700 to 92.920; except that during such time and at any time prior to the time of foreclosure sale by the sheriff, the collector shall enter into a written redemption contract with the owner of any real estate occupied as a homestead and who has not previously defaulted upon any such written redemption contract, provided that in no instance shall such installments exceed twelve in number or extend more than twenty-four months next after any agreement for such installment payments shall have been entered into; provided further, that upon good cause being shown by the owner of any parcel of real estate occupied as a homestead, or in the case of improved real estate with a total assessed valuation of not more than five thousand dollars, owned by an individual, the income from such property being a major factor in the total income of such individual, or by anyone on his behalf, the court may, in its discretion, fix the time and terms of payment in such contract to permit all of such installments to be paid within not longer than forty-eight months after any order or agreement as to installment payments shall have been made. **The collector shall not enter into a redemption contract with respect to any improved parcel not occupied as a homestead.**

2. So long as such installments be paid according to the terms of the contract, the six months' waiting period shall be extended, but if any installment be not paid when due, the extension of the waiting period

shall be ended and the real estate shall immediately be advertised for sale or included in the next notice of sheriff's foreclosure sale. Notice shall also be sent to the redemption contract **[**payor**]** **payer** as specified in subsection **[**3**]** **4** of section 92.810.

3. On an annual basis, the collector shall make publicly available the number of parcels under redemption contract under this section.

92.817. 1. The court shall stay the sale of any parcel to be sold under execution of a tax foreclosure judgment obtained under this chapter, which is the subject of an action filed under sections 447.620 to 447.640, provided that the party that has brought such an action has, upon an order of the court, paid into the circuit court the principal amount of all land taxes then due and owing under the tax foreclosure judgment, exclusive of penalties and interest, prior to the date of any proposed sale under execution.

2. Upon the granting by the court of temporary possession of any property under section 447.632, upon order, the circuit court shall direct payment to the collector of all principal land taxes theretofore paid to the circuit court. In addition, in any order granting a final judgment or deed under section 447.625 or 447.640, the court shall also order the permanent extinguishment of penalties and interest arising from actions to collect delinquent land taxes due on the parcel against the grantee of said deed, and all successors in interest; excepting however, any defendant in such action.

3. If an owner of the parcel moves the court for restoration of possession under section 447.638, the owner shall pay into the circuit court all land tax amounts currently due and owing on the property, including all statutory penalties, interest, attorney's fees, and court costs retroactive to the date of accrual. Upon an order granting the restoration of possession to an owner under section 447.638, the court shall order that the funds paid to the court under subsection 2 of this section be returned to the payer, and that the funds paid to the court under this subsection be paid out to the collector.

4. If the party that brought the action under sections 447.620 to 447.640 dismisses its action prior to gaining temporary possession of the property, it shall recover any amounts paid into the circuit court prior to that date for principal land taxes.

92.825. 1. The sale shall be conducted, the sheriff's return thereof made, and the sheriff's deed pursuant to the sale executed, all as provided in the case of sales of real estate taken under execution except as otherwise provided in sections 92.700 to 92.920, and provided that such sale need not occur during the term of court or while the court is in session.

2. Such sale shall convey the whole interest of every person having or claiming any right, title or interest in or lien upon such real estate, whether such person has answered or not, subject to rights-of-way thereon of public utilities upon which tax has been otherwise paid, and subject only to the tax lien thereon, if any, of the United States of America.

3. The collector shall advance from current tax collections the sums necessary to pay for the publication of all advertisements required by the provisions of sections 92.700 to 92.920 and shall be allowed credit therefor in his accounts with the taxing authorities on a pro rata basis. He shall give credit in such accounts for all such advances recovered by him. Such expenses of publication shall be apportioned pro rata among and taxed as costs against the respective parcels of real estate described in the judgment; provided, however, that none of the costs herein enumerated, including the costs of publication, shall constitute any lien upon

the real estate after such sale.

4. **No person shall be eligible to bid at the time of the sheriff's sale unless such person has, no later than ten days before the sale date, demonstrated to the satisfaction of the collector or sheriff that the person is not the owner of any parcel of real estate in the city that is subject to delinquent property taxes, unpaid special tax bills, or vacant building fees. A prospective bidder shall be prohibited from participating in the delinquent land tax sale if he or she has previously bid at a sheriff's sale and failed to pay bid amounts, confirm the sale, or sign a sheriff's deed. The collector or sheriff may require prospective bidders to submit an affidavit attesting to the requirements of this section and is expressly authorized to permanently preclude any prospective bidder from participating in the sale for failure to comply with this section. Notwithstanding the provisions of this section, any taxing authority or land reutilization authority shall be eligible to bid at any sale conducted under this section without making such a demonstration.** The purchaser at a sale conducted by the sheriff shall pay cash immediately at the end of bidding of each parcel on the day of the sale in an amount including all taxes **then** due and owing**, which may be in an amount in excess of or less than the judgment amount,** and other costs**, exclusive of any amounts for debts owed to any statutorily created sewer district [**as otherwise provided by law**]**.

92.835. 1. The title to any real estate which shall vest in the land reutilization authority under the provisions of sections 92.700 to 92.920 shall be held by the land reutilization authority of the city in trust for the tax bill owners and taxing authorities having an interest in any tax liens which were foreclosed, as their interests may appear in the judgment of foreclosure.

2. The title to any real estate which shall vest in any purchaser, upon confirmation of such sale by the court, shall be an absolute estate in fee simple, subject to rights-of-way thereon of public utilities on which tax has been otherwise paid, and subject to any tax lien thereon of the United States of America, if any, and all persons, including the state of Missouri, **any taxing authority or tax district as defined herein, judgment creditors, lienholders,** minors, incapacitated and disabled persons, and nonresidents who may have had any right, title, interest, claim, or equity of redemption in or to, or lien upon, such lands shall be barred and forever foreclosed of all such right, title, interest, claim, lien or equity of redemption, and the court shall order immediate possession of such real estate be given to such purchaser**[**; provided, however, that such title shall also be subject to the liens of any tax bills which may have attached to such parcel of real estate prior to the time of the filing of the petition affecting such parcel of real estate not then delinquent, or which may have attached after the filing of the petition and prior to sheriff's sale and not included in any answer to such petition, but**].** If such parcel of real estate is sold to the land reutilization authority the title thereto shall be free of any **[**such**]** liens to the extent of the interest of any taxing authority in such real estate; provided further, that such title shall not be subject to the lien of special tax bills **[**which has attached to the parcel of real estate prior to January 1, 1972, but the lien of such special tax bills shall attach to the proceeds of the sheriff's sale or to the proceeds of the ultimate sale of such parcel by the land reutilization authority**]**.

92.840. 1. **Within six months** after the sheriff sells any parcel of real estate, the court shall, upon its own motion or upon motion of any interested party, set the cause down for hearing to confirm **or set aside** the foreclosure sale of the real estate, even though such parcels are not all of the parcels of real estate described in the notice of sheriff's foreclosure sale. Notice of the hearing shall be sent by any interested party, or the court, moving to confirm the foreclosure sale, to each person who **[**received**] was sent** notice of sale as specified in **[**subsection 3**] subsections 4 and 5** of section 92.810 **and to any other necessary**

parties as required by prevailing notions of due process. At the time of such hearing, the sheriff shall make report of the sale, and the court shall hear evidence of the value of the property offered on behalf of any interested party to the suit, and shall immediately determine whether an adequate consideration has been paid for each such parcel. **Any parcel deemed to have been purchased by the land reutilization authority pursuant to section 92.830 shall not require any inquiry as to value. The court's judgment shall include a specific finding that adequate notice was provided to all necessary parties pursuant to prevailing notions of due process and sections 92.700 to 92.920, reciting the notice efforts of the collector, sheriff, and tax sale purchaser. Nothing in this section shall be interpreted to preclude a successful tax sale purchaser from asserting a claim to quiet title to the bid upon parcel pursuant to section 527.150.**

2. For this purpose, the court shall have power to summon any city official or any private person to testify as to the reasonable value of the property, and if the court finds that adequate consideration has been paid, he shall confirm the sale and order the sheriff to issue a deed with restriction as provided herein to the purchaser subject to the application of an occupancy permit for all parcels as provided in subsection **[**5**]** **7** of this section. If the court finds that the consideration paid is inadequate, the purchaser may increase his bid to such amount as the court may deem to be adequate, whereupon the court may confirm the sale. If, however, the purchaser declines to increase his bid and make such additional payment, then the sale shall be disapproved, the lien of the judgment continued, and such parcel of real estate shall be again advertised and offered for sale by the sheriff to the highest bidder at public auction for cash at any subsequent sheriff's foreclosure sale.

3. If the sale is confirmed, the court shall order the proceeds of the sale applied in the following order:

(1) To the payment of the costs of the publication of the notice of foreclosure and of the sheriff's foreclosure sale;

(2) To the payment of all **of the collector and sheriff's** costs including appraiser's fee and attorney's fees;

(3) To the payment of all tax bills adjudged to be due in the order of their priority, including principal, interest and penalties thereon. If, after such payment, there is any sum remaining of the proceeds of the sheriff's foreclosure sale, the court shall thereupon try and determine the other issues in the suit in accordance with section 92.775. If any answering parties have specially appealed as provided in section 92.845, the court shall retain the custody of such funds pending disposition of such appeal, and upon disposition of such appeal shall make such distribution. If there are not sufficient proceeds of the sale to pay all claims in any class described, the court shall order the same to be paid pro rata in accordance with the priorities.

4. If there are any funds remaining of the proceeds after the sheriff's sale and after the distribution of such funds as set out in this section and no person entitled to any such funds, whether or not a party to the suit, shall, within two years after such sale, appear and claim the funds, they shall be distributed **ten percent to the affordable housing trust fund or equivalent of such city operating under sections 92.700 to 92.920 for purposes that promote the reduction and prevention of vacant properties, with the remainder to be distributed** to the appropriate taxing authorities.

5. **Any city operating under the provisions of sections 92.700 to 92.920, by ordinance, may elect to allocate a portion of its share of the proceeds of the sheriff's sale towards a fund for the purpose of defending against claims challenging the sufficiency of notice provisions under this section.**

6. For the purpose of this section, the term "occupancy permit" shall mean the certificate of **[**use and**]** **inspection or** occupancy **permit for residential or commercial structures** as provided for in the revised municipal code of any city not within a county, which now has or may hereafter have a population in excess of three hundred thousand inhabitants.

[6.**]** **7.** If there is a building or structure on the parcel, the purchaser shall apply for an occupancy permit from the city or appropriate governmental agency within ten days after the confirmation hearing. Any purchaser who is a public corporation acting in a governmental capacity shall not be required to acquire the occupancy permit. When a parcel, acquired at a sheriff sale, containing a building is sold from a public corporation acting in a governmental capacity, the subsequent purchaser shall be required to apply for the occupancy permit. Failure to apply for such occupancy permit within ten days after confirmation shall result in the sale and confirmation being immediately set aside by the motion of any interested party and that parcel shall again be advertised and offered for sale by the sheriff to the highest bidder at public auction for cash at any subsequent sheriff foreclosure sale.

[7.**]** **8.** The sheriff shall include a deed restriction in the sheriff's deed, issued after confirmation and after the application of an occupancy permit for any parcel containing a building or structure. The deed restriction shall state that the purchasers at the sheriff's sale who had the property confirmed and who applied for an occupancy permit shall obtain an occupancy permit for the building or structure from the appropriate governmental agency prior to any subsequent transfer or sale of this property. This deed restriction shall **not** exist as a lien against such real estate **[**while the purchasers hold same in the amount of five thousand dollars**]**. The purchasers of the property at the sheriff sale who had the property confirmed and applied for the occupancy permit shall agree that in the event of their failure to obtain an occupancy permit prior to any subsequent transfer of the property, they shall pay to the sheriff the sum of five thousand dollars as fixed, liquidated and ascertained damages without proof of loss or damages. **These damages shall not constitute a lien on property, and** the sheriff shall have the discretionary power to file a lawsuit against such purchaser for collection of these liquidated damages. These liquidated damages shall be distributed on a prorated basis to the appropriate taxing authority after the sheriff deducts all costs, expenses and **[**attorney**]** **attorney's** fees for such lawsuits. The sheriff may employ attorneys as he deems necessary to collect liquidated damages.

9. If any sale is not confirmed within six months after the sale, any set-aside of the sale may, at the discretion of the court or collector, include a penalty of twenty-five percent of the bid amount over and above the opening bid amount, and such penalty shall be directed to the affordable housing trust fund or the equivalent, if any, of a city operating under sections 92.700 to 92.920.

10. Any interested party, other than the sheriff's sale purchaser, who moves the court to set aside a sheriff's sale after the issuance of a sheriff's deed made under the provisions of sections 92.700 to 92.920 shall be required to pay into the court the redemption amount otherwise necessary under section 92.750 prior to the court hearing any such motion to set aside. The court may hear any motion to confirm brought under the terms of this section if the redemption amount is not paid by the interested party moving the court to set aside the sale.

92.852. Any sheriff's deed given pursuant to the municipal land reutilization law shall be subject to a recording fee for the costs of recording the deed that shall be assessed and collected from the purchaser of the property at the same time the proceeds from the sale are collected. All such deeds shall be recorded at the office of the recorder of deeds within two months after the **[**sheriff's deed is given**]** **court confirms the sale, if no proceeding to set aside the confirmation judgment is before the court**.

92.855. Each sheriff's deed given pursuant to the provisions of the municipal land reutilization law shall be **[**presumptive**] prima facie** evidence that the suit and all proceedings therein and all proceedings prior thereto from and including assessment of the lands affected thereby and all notices required by law were regular and in accordance with all provisions of the law relating thereto. **[**After two years from the date of the recording of such sheriff's deed, the presumption shall be conclusive, unless at the time that this section takes effect the two-year period since the recording of such sheriff's deed has expired, or less than six months of such period of two years remains unexpired, in which latter case the presumption shall become conclusive six months after September 28, 1971. No suit to set aside or to attack the validity of any such sheriff's deed shall be commenced or maintained unless the suit is filed prior to the time that the presumption becomes conclusive, as aforesaid.**]"**; and

Further amend said bill, page 18, section 304.022, line 110, by inserting after all of said line the following:

"442.130. **1.** All deeds or other conveyances of lands, or of any estate or interest therein, shall be subscribed by the party granting the same, or by his lawful agent, and shall be acknowledged or proved and certified in the manner herein prescribed.

2. All written instruments conveying real estate or any interest in real estate shall state whether any natural person acting as grantors, mortgagors, or other parties executing the instrument are married or unmarried."; and

Further amend the title and enacting clause accordingly.

Senator Roberts moved that the above amendment be adopted, which motion prevailed.

2. As used in sections 92.111 to 92.200, unless the context clearly requires otherwise, the term "earnings tax" means a tax on the:

"523.010. 1. In case land, or other property, is sought to be appropriated by any road, railroad, street railway, telephone, telegraph or any electrical corporation organized for the manufacture or transmission of electric current for light, heat or power, including the construction, when that is the case, of necessary dams and appurtenant canals, flumes, tunnels and tailraces and including the erection, when that is the case, of necessary electric steam powerhouses, hydroelectric powerhouses and electric substations or any oil, pipeline or gas corporation engaged in the business of transporting or carrying oil, liquid fertilizer solutions, or gas by means of pipes or pipelines laid underneath the surface of the ground, or other corporation created under the laws of this state for public use, and such corporation and the owners cannot agree upon the proper compensation to be paid, or in the case the owner is incapable of contracting, be unknown, or be a nonresident of the state, such corporation may apply to the circuit court of the county of this state where such land or any part thereof lies by petition setting forth the general directions in which it is desired to construct its road, railroad, street railway, telephone, or telegraph line or electric line, including, when that

is the case, the construction and maintenance of necessary dams and appurtenant canals, tunnels, flumes and tailraces and, when that is the case, the appropriation of land submerged by the construction of such dam, and including the erection and maintenance, when that is the case, of necessary electric steam powerhouses, hydroelectric powerhouses and electric substations, or oil, pipeline, liquid fertilizer solution pipeline, or gas line over or underneath the surface of such lands, a description of the real estate, or other property, which the company seeks to acquire; the names of the owners thereof, if known; or if unknown, a pertinent description of the property whose owners are unknown and praying the appointment of three disinterested residents of the county, as commissioners, or a jury, to assess the damages which such owners may severally sustain in consequence of the establishment, erection and maintenance of such road, railroad, street railway, telephone, telegraph line, or electrical line including damages from the construction and maintenance of necessary dams and the condemnation of land submerged thereby, and the construction and maintenance of appurtenant canals, flumes, tunnels and tailraces and the erection and maintenance of necessary electric steam powerhouses, hydroelectric powerhouses and electric substations, or oil, pipeline, or gas line over or underneath the surface of such lands; to which petition the owners of any or all as the plaintiff may elect of such parcels as lie within the county or circuit may be made parties defendant by names if the names are known, and by the description of the unknown owners of the land therein described if their names are unknown.

2. If the proceedings seek to affect the lands of persons under conservatorship, the conservators must be made parties defendant. If the present owner of any land to be affected has less estate than a fee, the person having the next vested estate in remainder may at the option of the petitioners be made party defendant; but if such remaindermen are not made parties, their interest shall not be bound by the proceedings.

3. It shall not be necessary to make any persons party defendants in respect to their ownership unless they are either in actual possession of the premises to be affected claiming title or having a title of the premises appearing of record upon the proper records of the county.

4. Except as provided in subsection 5 of this section, nothing in this chapter shall be construed to give a public utility, as defined in section 386.020, or a rural electric cooperative, as provided in chapter 394, the power to condemn property which is currently used by another provider of public utility service, including a municipality or a special purpose district, when such property is used or useful in providing utility services, if the public utility or cooperative seeking to condemn such property, directly or indirectly, will use or proposes to use the property for the same purpose, or a purpose substantially similar to the purpose for which the property is being used by the provider of the public utility service.

5. A public utility or a rural electric cooperative may only condemn the property of another provider of public utility service, even if the property is used or useful in providing utility services by such provider, if the condemnation is necessary for the public purpose of acquiring a nonexclusive easement or right-of-way across the property of such provider and only if the acquisition will not materially impair or interfere with the current use of such property by the utility or cooperative and will not prevent or materially impair such provider of public utility service from any future expansion of its facilities on such property.

6. If a public utility or rural electric cooperative seeks to condemn the property of another provider of public utility service, and the conditions in subsection 4 of this section do not apply, this section does not limit the condemnation powers otherwise possessed by such public utility or rural electric cooperative.

7. Suits in inverse condemnation or involving dangerous conditions of public property against a

municipal corporation established under Article VI, Section 30(a) of the Missouri Constitution shall be brought only in the county where such land or any part thereof lies.

8. For purposes of this chapter, the authority for an electrical corporation as defined in 386.020 to condemn property shall not extend to the construction of merchant transmission lines with Federal Energy Regulatory Commission negotiated rate authority that provide less than fifty percent of their electrical load to end user electrical customers in this state and less than fifty percent of the cost of the merchant transmission line is paid for by Missouri ratepayers. For purposes of this subsection, the term "merchant transmission line" means a high-voltage direct current electrical transmission line that does not provide for the erection of electric substations at intervals of less than fifty miles, which substations are necessary to accommodate both the purchase and sale to persons located in this state of electricity generated or transmitted by such electrical corporation.

523.025. If an electrical corporation as defined in section 386.020, except for an electrical corporation operating under a cooperative business plan as described in section 393.110, acquires any involuntary easement by means of eminent domain and does not obtain the financial commitments necessary to construct a project for which the involuntary easement was needed within five years of the date that such easement rights are recorded with the appropriate county recorder of deeds, the corporation shall return possession of the easement to the fee simple title holder within sixty days and cause the dissolution of the easement to be recorded with the county recorder of deeds. In the event of such return of the easement to the title holder, no reimbursement of any payment made by the corporation to the title holder shall be due.

523.039. **1.** In all condemnation proceedings filed after December 31, 2006, just compensation for condemned property shall be determined under one of the three following subdivisions, whichever yields the highest compensation, as applicable to the particular type of property and taking:

(1) An amount equivalent to the fair market value of such property;

(2) For condemnations that result in a homestead taking, an amount equivalent to the fair market value of such property multiplied by one hundred twenty-five percent; or

(3) For condemnations of property that result in any taking that prevents the owner from utilizing property in substantially the same manner as it was currently being utilized on the day of the taking and involving property owned within the same family for fifty or more years, an amount equivalent to the sum of the fair market value and heritage value. For the purposes of this subdivision, family ownership of property may be established through evidence of ownership by children, grandchildren, siblings, or nephews or nieces of the family member owning the property fifty years prior to the taking; and in addition, may be established through marriage or adoption by such family members. If any entity owns the real property, members of the family shall have an ownership interest in more than fifty percent of the entity in order to be within the family line of ownership for the purposes of this subdivision. The property owner shall have the burden of proving to the commissioners or **[**jury**]** **court** that the property has been owned within the same family for fifty or more years.

2. For condemnation of any agricultural or horticultural property by an electrical corporation as defined in section 386.020, except for an electrical corporation operating under a cooperative business plan as described in section 393.110, just compensation shall be an amount equivalent to fair market value multiplied by one hundred fifty percent, as determined by the court.

523.040. 1. The court, or judge thereof in vacation, on being satisfied that due notice of the pendency of the petition has been given, shall appoint three disinterested commissioners, who shall be residents of the county in which the real estate or a part thereof is situated, and in any city not within a county, any county with a charter form of government and with more than one million inhabitants, or any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants at least one of the commissioners shall be either a licensed real estate broker or a state-licensed or state-certified real estate appraiser, to assess the damages which the owners may severally sustain by reason of such appropriation, who, within forty-five days after appointment by the court, which forty-five days may be extended by the court to a date certain with good cause shown, after applying the definition of fair market value contained in subdivision (1) of section 523.001, and after having viewed the property, shall return to the clerk of such court, under oath, their report in duplicate of such assessment of damages, setting forth the amount of damages allowed to the person or persons named as owning or claiming the tract of land condemned, and should more than one tract be condemned in the petition, then the damages allowed to the owner, owners, claimant or claimants of each tract, respectively, shall be stated separately, together with a specific description of the tracts for which such damages are assessed; and the clerk shall file one copy of said report in his office and record the same in the order book of the court, and he shall deliver the other copy, duly certified by him, to the recorder of deeds of the county where the land lies (or to the recorder of deeds of the city of St. Louis, if the land lies in said city) who shall record the same in his office, and index each tract separately as provided in section 59.440, and the fee for so recording shall be taxed by the clerk as costs in the proceedings; and thereupon such company shall pay to the clerk the amount thus assessed for the party in whose favor such damages have been assessed; and on making such payment it shall be lawful for such company to hold the interest in the property so appropriated for the uses prescribed in this section; and upon failure to pay the assessment, the court may, upon motion and notice by the party entitled to such damages, enforce the payment of the same by execution, unless the said company shall, within ten days from the return of such assessment, elect to abandon the proposed appropriation of any parcel of land, by an instrument in writing to that effect, to be filed with the clerk of the court, and entered on the minutes of the court, and as to so much as is thus abandoned, the assessment of damages shall be void.

2. Prior to the issuance of any report under subsection 1 of this section, a commissioner shall notify all parties named in the condemnation petition no less than ten days prior to the commissioners' viewing of the property of the named parties' opportunity to accompany the commissioners on the commissioners' viewing of the property and of the named parties' opportunity to present information to the commissioners.

3. The commissioners shall view the property, hear arguments, and review other relevant information that may be offered by the parties.

4. In any condemnation proceeding involving agricultural or horticultural property, at least one of the disinterested commissioners appointed by the court shall be a farmer who has been engaged in farming, as defined in section 350.010, for a minimum of ten years in the county where such property is situated.

523.060. 1. Any plaintiff or defendant, individual or corporate, shall have the right of trial by jury of twelve persons, if either party file exceptions to the award of commissioners in any condemnation case.

2. Such jury shall use the definition of fair market value provided for in subdivision (1) of section 523.001.

3. In any condemnation proceeding commenced by an electrical corporation as defined in section 386.020, except for an electrical corporation operating under a cooperative business plan as described in section 393.110, if the amount awarded is greater than the offer made by the condemning authority pursuant to section 523.253, the court may award attorney's fees to the property owner."; and

HOUSE AMENDMENT NO. 6

Amend House Committee Substitute for Senate Bill No. 820, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. 620.2451. **1.** Grants awarded under sections 620.2450 to 620.2458 shall fund the acquisition and installation of retail broadband internet service **[**at**], prioritizing projects providing** speeds of **[**at least twenty-five**] the higher of:**

(1) One hundred megabits per-second download and **[**three**] one hundred** megabits per-second upload**[**, but**]** that is scalable to higher speeds**; or**

(2) The minimum acceptable speed established by the Federal Communications Commission as authorized in 7 U.S.C. 950bb(e)(1) to (2). Any provider that is incapable of meeting the speed requirement under this subdivision shall be allowed to continue deploying broadband infrastructure at current speeds, provided that each provider quarterly updates the office of broadband development regarding the provider's maximum speed.

2. The department shall maintain a record of all federal grants awarded to entities for the purposes of providing, maintaining, and expanding rural broadband in the state of Missouri. In cases in which funds have been awarded by a federal agency but later retained, withheld, or otherwise not distributed to the original grant recipient due to failure to meet performance standards or other criteria, the department shall seek to have the funds awarded to another eligible, qualified Missouri broadband provider.

3. The funds awarded by the department to an entity for the purposes of providing, maintaining, and expanding rural broadband in the state of Missouri shall require the entity to use the funds

specifically for purposes set forth in the grant. If the entity uses the proceeds or funds for any other purposes or fails to comply with any requirement established by the department through the grant or funds awarded pursuant thereto, the entity shall return any remaining proceeds expended or the value of any incentives or services received by the entity to which a monetary value can be assigned, to be repaid to the department as required by the terms of the grant or contract.

620.2453. An eligible applicant shall submit an application to the department of economic development on a form prescribed by the department. An application for a grant under sections 620.2450 to 620.2458 shall include the following information:

(1) A description of the project area;

(2) A description of the kind and amount of broadband internet infrastructure that is proposed to be deployed;

(3) Evidence demonstrating the unserved or underserved nature of the project area;

(4) The number of households that would have new access to broadband internet service, or whose broadband internet service would be upgraded, as a result of the grant;

(5) A list of significant community institutions that would benefit from the proposed grant;

(6) The total cost of the proposal and the **[**timeframe**]** **time frame** in which it will be completed;

(7) A list identifying sources of funding or in-kind contributions, including government funding, that would supplement any awarded grant; **[**and**]**

(8) A map or list of addresses showing the highest broadband speeds available within the applicant's area of service in the same manner in which the applicant is specified to provide data to the Federal Communications Commission under the Broadband Deployment Accuracy and Technological Availability Act, 47 U.S.C. Section 641 et seq. Such map or list of addresses shall be utilized by the department of economic development to determine the speeds available to individual addresses and eligibility for grant funding. Any map made publicly available as a result of maps provided by broadband providers under this subdivision shall be aggregated and anonymized to show the highest broadband speeds available; and

(9) Any other information required by the department of economic development.

620.2465. 1. The department shall implement a program to increase high-speed internet access in unserved and underserved areas. The department may use its discretion in choosing the method of the program, but the program shall provide high-speed internet access to as many residents who do not have high-speed internet access as quickly as practicable, with preference given to residents who have no internet access.

2. The department may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after

the effective date of this section shall be invalid and void.

620.2468. The state office of broadband development within the department of economic development shall have the authority to engage in site inspections of broadband providers that have received grants or loans for projects from the state office of broadband development. The authority to inspect shall last until the project is complete and operational.

Section 1. 1. There is hereby established in the Missouri department of economic development the "Office of Broadband Development", for the purpose of furthering the goal of connecting Missouri with high-speed internet, creating a long-term plan on broadband access and adoption, and helping to fulfill the statutory mission of the broadband development council. The director of the office of broadband shall be selected by, and report directly to, the director of the department of economic development and will provide support and coordination to the broadband development council.

2. The office shall be administered by the director of the office of broadband development. The department of economic development shall provide administrative support and staff as deemed necessary to assist the office of broadband development and to fulfill the statutory mission of the broadband development council."; and

HOUSE AMENDMENT NO. 11

Amend House Committee Substitute for Senate Bill No. 820, Page 8, Section 386.890, Line 198, by inserting after all of said section and line the following:

"393.135. **Except as provided in section 393.1250,** any charge made or demanded by an electrical corporation for service, or in connection therewith, which is based on the costs of construction **work** in progress**, as that term is defined in section 393.1250,** upon any existing or new **[**facility of the**]** electrical corporation **facility**, or any other cost associated with owning, operating, maintaining, or financing any **such** property before it is fully operational and used for service, **[**is unjust and unreasonable, and**]** is prohibited.

393.1250. 1. This section shall be known and may be cited as the "Missouri Nuclear Clean Power Act", the purpose of which is to enable the construction of clean baseload electric generating plants or facilities that utilize renewable sources to produce energy. This section shall not apply to clean baseload electric generating plants or renewable source generating facilities that are in commercial operation before August 28, 2022.

2. As used in this section, the following terms mean:

(1) "Clean baseload generating plant", a new nuclear-fueled electric generating facility located in this state that is designed to be operated at a capacity factor exceeding seventy percent annually and is intended in whole or in part to serve retail customers of an electrical corporation in Missouri;

(2) "Construction work in progress", the electrical corporation's share of all capital costs associated with a clean baseload generating plant or renewable source generating facility, which have been incurred but have not been included in the electrical corporation's plant in service, and are recorded in the Federal Energy Regulatory Commission's Uniform System of Accounts Prescribed for Public Utilities and Licensees Subject to the Provisions of the Federal Power Act, Balance Sheet Chart Accounts, as construction work in progress for electric plants in 18 CFR Part 101, or any other account established in the Uniform System of Accounts for the recording of construction work in

progress;

(3) "Renewable source generating facility", any electric generating facility powered by wind, hydropower, solar power, landfill methane, biomass, or any other renewable source of power that does not produce significant carbon emissions.

3. The provisions of section 393.135 shall not apply to a clean baseload generating plant or a renewable source generating facility if the plant or facility is rated at two hundred megawatts or more. Costs recovered by an electrical corporation under the provisions of this section are subject to inclusion or exclusion from rates in a ratemaking proceeding pursuant to the commission's authority to determine just and reasonable rates. In addition, the commission may authorize an electrical corporation to make or demand charges for service based in whole or in part on additional amortizations to maintain the electrical corporation's financial ratios that will, in the commission's judgment, better enable the electrical corporation to cost-effectively construct a clean baseload generating plant or a renewable source generating facility.

4. The commission may promulgate rules to assist in the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 12

Amend House Committee Substitute for Senate Bill No. 820, Page 1, Section A, Line 3, by inserting after all of said section and line:

"44.032. 1. **(1) As used in this section, the term "rural electric cooperative" means any rural electric cooperative organized or operating under the provisions of chapter 394, any corporation organized on a nonprofit or a cooperative basis as described in subsection 1 of section 394.200, or any electrical corporation operating under a cooperative business plan as described in subsection 2 of section 393.110.**

(2) The general assembly recognizes the necessity for anticipating and making advance provisions to care for the unusual and extraordinary burdens imposed **by disasters or emergencies** on this state **[**and**],** its political subdivisions **[**by disasters or emergencies**], and rural electric cooperatives**. To meet such situations, it is the intention of the general assembly to confer emergency powers on the governor, acting through the director, and vesting the governor with adequate power and authority within the limitation of available funds in the Missouri disaster fund to meet any such emergency or disaster.

2. There is hereby established a fund to be known as the "Missouri Disaster Fund", to which the general assembly may appropriate funds and from which funds may be appropriated annually to the state emergency management agency. The funds appropriated shall be expended during a state emergency at the direction of the governor and upon the issuance of an emergency declaration which shall set forth the emergency and shall state that it requires the expenditure of public funds to furnish immediate aid and relief. The director of the state emergency management agency shall administer the fund.

3. Expenditures may be made upon direction of the governor for emergency management, as defined in section 44.010, or to implement the state disaster plans. Expenditures may also be made to meet the matching requirements of state and federal agencies for any applicable assistance programs.

4. Assistance may be provided from the Missouri disaster fund to political subdivisions of this state **[**which**] and rural electric cooperatives that** have suffered from a disaster to such an extent as to impose a severe financial burden exceeding the ordinary reserve capacity of the subdivision **or rural electric cooperative** affected. Applications for aid under this section shall be made to the state emergency management agency on such forms as may be prescribed and furnished by the agency, which forms shall require the furnishing of sufficient information to determine eligibility for aid and the extent of the financial burden incurred. The agency may call upon other agencies of the state in evaluating such applications. The director of the state emergency management agency shall review each application for aid under the provisions of this section and recommend its approval or disapproval, in whole or in part, to the governor. If approved, the governor shall determine and certify to the director of the state emergency management agency the amount of aid to be furnished. The director of the state emergency management agency shall thereupon issue **[**his**] the director's** voucher to the commissioner of administration, who shall issue **[**his**] the commissioner's** warrants therefor to the applicant.

5. When a disaster or emergency has been proclaimed by the governor or there is a national emergency, the director of the state emergency management agency, upon order of the governor, shall have authority to expend funds for the following:

(1) The purposes of sections 44.010 to 44.130 and the responsibilities of the governor and the state emergency management agency as outlined in sections 44.010 to 44.130;

(2) Employing, for the duration of the response and recovery to emergency, additional personnel and contracting or otherwise procuring necessary appliances, supplies, equipment, and transport;

(3) Performing services for and furnishing materials and supplies to state government agencies, counties, **[**and**]** municipalities**, and rural electric cooperatives** with respect to performance of any duties enjoined by law upon such agencies, counties, **[**and**]** municipalities**, and rural electric cooperatives** which they are unable to perform because of extreme natural or man-made phenomena, and receiving reimbursement in whole or in part from such agencies, counties, **[**and**]** municipalities**, and rural electric cooperatives** able to pay therefor under such terms and conditions as may be agreed upon by the director of the state emergency management agency and any such agency, county, **[**or**]** municipality**, or rural electric cooperative**;

(4) Performing services for and furnishing materials to any individual in connection with alleviating hardship and distress growing out of extreme natural or man-made phenomena, and receiving reimbursement in whole or in part from such individual under such terms as may be agreed upon by the director of the state emergency management agency and such individual;

(5) Providing services to counties and municipalities with respect to quelling riots and civil disturbances;

(6) Repairing and restoring public infrastructure;

(7) Furnishing transportation for supplies to alleviate suffering and distress;

(8) Furnishing medical services and supplies to prevent the spread of disease and epidemics;

(9) Quelling riots and civil disturbances;

(10) Training individuals or governmental agencies for the purpose of perfecting the performance of emergency assistance duties as defined in the state disaster plans;

(11) Procurement, storage, and transport of special emergency supplies or equipment determined by the director to be necessary to provide rapid response by state government to assist counties and municipalities in impending or actual emergencies;

(12) Clearing or removing from publicly or privately owned land or water, debris and wreckage which may threaten public health or safety;

(13) Reimbursement to any urban search and rescue task force for any reasonable and necessary expenditures incurred in the course of responding to any declared emergency under this section; and

(14) Such other measures as are customarily necessary to furnish adequate relief in cases of catastrophe or disaster.

6. The governor may receive such voluntary contributions as may be made from any source to aid in carrying out the purposes of this section and shall credit the same to the Missouri disaster fund.

7. All obligations and expenses incurred by the governor in the exercise of the powers and duties vested by the provisions of this section shall be paid by the state treasurer out of available funds in the Missouri disaster fund, and the commissioner of administration shall draw warrants upon the state treasurer for the payment of such sum, or so much thereof as may be required, upon receipt of proper vouchers provided by the director of the state emergency management agency.

8. The provisions of this section shall be liberally construed in order to accomplish the purposes of

sections 44.010 to 44.130 and to permit the governor to cope adequately with any emergency which may arise, and the powers vested in the governor by this section shall be construed as being in addition to all other powers presently vested in the governor and not in derogation of any existing powers.

9. Such funds as may be made available by the government of the United States for the purpose of alleviating distress from disasters may be accepted by the state treasurer and shall be credited to the Missouri disaster fund, unless otherwise specifically provided in the act of Congress making such funds available.

10. The foregoing provisions of this section notwithstanding, any expenditure or proposed series of expenditures which total in excess of one thousand dollars per project shall be approved by the governor prior to the expenditure."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

In which the concurrence of the Senate is respectfully requested.

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-SEVENTH DAY—MONDAY, MAY 2, 2022

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

The Reverend Carl Gauck offered the following prayer:

"Let everything that breathes praise the Lord." (Psalm 150:6)

Creator God, we return here in another raining time and know that we have received so much rain that many are concerned about rivers overflowing and fields too wet to plant but we trust in You that all things that come from Your hand are most needed and necessary for our people. So, we trustingly give thanks and pray that we too may be necessary for the people we serve and our time here in the senate. So, as we enter a time of tension and stress may Your guiding presence be with us so that all we do is required of us and that which we do be done in a spirit of cooperation and trust. In Your Holy Name we pray. Amen.

""163.161. 1. Any school district which makes provision for transporting pupils as provided in section 162.621 and sections 167.231 and 167.241 shall receive state aid for the ensuing year for such transportation on the basis of the cost of pupil transportation services provided the current year. A district shall receive, pursuant to section 163.031, an amount not greater than seventy-five percent of the allowable costs of providing pupil transportation services to and from school and to and from public accredited vocational courses, and shall not receive an amount per pupil greater than one hundred twenty-five percent of the state average approved cost per pupil transported the second preceding school year, except when the state board of education determines that sufficient circumstances exist to authorize amounts in excess of the one hundred twenty-five percent of the state average approved cost per pupil transported the second previous year.

2. The state board of education shall determine public school district route approval procedures to be used by each public school district board of education to approve all bus routes or portions of routes and determine the total miles each public school district needs for safe and cost-efficient transportation of the pupils and the state board of education shall determine allowable costs. No state aid shall be paid for the costs of transporting pupils living less than one mile from the school. However, if the state board of education determines that circumstances exist where no appreciable additional expenses are incurred in transporting pupils living less than one mile from school, such pupils may be transported without increasing or diminishing the district's entitlement to state aid for transportation.

3. State aid for transporting handicapped and severely handicapped students attending classes within the school district or in a nearby district under a contractual arrangement shall be paid in accordance with the provisions of section 163.031 and an amount equal to seventy-five percent of the additional cost of transporting handicapped and severely handicapped students above the average per pupil cost of transporting all students of the district shall be apportioned pursuant to section 163.031 where such special transportation is approved in advance by the department of elementary and secondary education. State aid for transportation of handicapped and severely handicapped children in a special school district shall be

seventy-five percent of allowable costs as determined by the state board of education which may for sufficient reason authorize amounts in excess of one hundred twenty-five percent of the state average approved cost per pupil transported the second previous year. In no event shall state transportation aid exceed seventy-five percent of the total allowable cost of transporting all pupils eligible to be transported; provided that no district shall receive reduced reimbursement for costs of transportation of handicapped and severely handicapped children based upon inefficiency.

4. No state transportation aid received pursuant to section 163.031 shall be used to purchase any school bus manufactured prior to April 1, 1977, that does not meet the federal motor vehicle safety standards.

5. Any school district that operates magnet schools as part of a master desegregation settlement agreement shall not be considered inefficient for purposes of state aid for transportation of pupils attending such magnet schools and shall not receive a financial penalty for the magnet school transportation portion of the overall transportation budget as a result thereof.

167.020. 1. As used in this section, the term "homeless child" or "homeless youth" shall mean a person less than twenty-one years of age who lacks a fixed, regular and adequate nighttime residence, including a child or youth who:

(2) Has a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

(3) Is living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

Except as otherwise provided in section 167.151, the term "residency" shall mean that a person both physically resides within a school district and is domiciled within that district or, in the case of a private school student suspected of having a disability under the Individuals With Disabilities Education Act, 20 U.S.C. Section **[**1412,**] 1411** et seq., **as amended,** that the student attends private school within that district. The domicile of a minor child shall be the domicile of a parent, military guardian pursuant to a military-issued guardianship or court-appointed legal guardian. For instances in which the family of a student living in Missouri co-locates to live with other family members or live in a military family support community because one or both of the child's parents are stationed or deployed out of state or deployed within Missouri under active duty orders under Title 10 or Title 32 of the United States Code, the student may attend the school district in which the family member's residence or family support community is located. If the active duty orders expire during the school year, the student may finish the school year in that district;

[(2)**](b)** Proof that the person registering the student has requested a waiver under subsection 3 of this

section within the last forty-five days; or

[(3)**] (c)** Proof that one or both of the child's parents are being relocated to the state of Missouri under military orders.

(2) In instances where there is reason to suspect that admission of the pupil will create an immediate danger to the safety of other pupils and employees of the district, the superintendent or the superintendent's designee may convene a hearing within five working days of the request to register and determine whether or not the pupil may register.

3. Any person subject to the requirements of subsection 2 of this section may request a waiver from the district board of any of those requirements on the basis of hardship or good cause. Under no circumstances shall athletic ability be a valid basis of hardship or good cause for the issuance of a waiver of the requirements of subsection 2 of this section. The district board or committee of the board appointed by the president and which shall have full authority to act in lieu of the board shall convene a hearing as soon as possible, but no later than forty-five days after receipt of the waiver request made under this subsection or the waiver request shall be granted. The district board or committee of the board may grant the request for a waiver of any requirement of subsection 2 of this section. The district board or committee of the board may also reject the request for a waiver in which case the pupil shall not be allowed to register. Any person aggrieved by a decision of a district board or committee of the board on a request for a waiver under this subsection may appeal such decision to the circuit court in the county where the school district is located.

4. Any person who knowingly submits false information to satisfy any requirement of subsection 2 of this section is guilty of a class A misdemeanor.

5. In addition to any other penalties authorized by law, a district board may file a civil action to recover, from the parent, military guardian or legal guardian of the pupil, the costs of school attendance for any pupil who was enrolled at a school in the district and whose parent, military guardian or legal guardian filed false information to satisfy any requirement of subsection 2 of this section.

6. Subsection 2 of this section shall not apply to a pupil who is a homeless child or youth, or a pupil attending a school not in the pupil's district of residence as a participant in an interdistrict transfer program established under a court-ordered desegregation program, a pupil who is a ward of the state and has been placed in a residential care facility by state officials, a pupil who has been placed in a residential care facility due to a mental illness or developmental disability, a pupil attending a school pursuant to sections 167.121 and 167.151 **or sections 167.1200 to 167.1230**, a pupil placed in a residential facility by a juvenile court, a pupil with a disability identified under state eligibility criteria if the student is in the district for reasons other than accessing the district's educational program, or a pupil attending a regional or cooperative alternative education program or an alternative education program on a contractual basis.

7. Within two business days of enrolling a pupil, the school official enrolling a pupil, including any special education pupil, shall request those records required by district policy for student transfer and those discipline records required by subsection 9 of section 160.261 from all schools previously attended by the pupil within the last twelve months. Any school district that receives a request for such records from another school district enrolling a pupil that had previously attended a school in such district shall respond to such request within five business days of receiving the request. School districts may report or disclose education records to law enforcement and juvenile justice authorities if the disclosure concerns law enforcement's or juvenile justice authorities' ability to effectively serve, prior to adjudication, the student whose records are

released. The officials and authorities to whom such information is disclosed must comply with applicable restrictions set forth in 20 U.S.C. Section 1232g(b)(1)(E)**, as amended**.

8. If one or both of a child's parents are being relocated to the state of Missouri under military orders, a school district shall allow remote registration of the student and shall not require the **student or the** parent or legal guardian of the student **[**or the student himself or herself**]** to physically appear at a location within the district to register the student. Proof of residency, as described in this section, shall not be required at the time of the remote registration but shall be required within ten days of the student's attendance in the school district.

(11) "Transfer year", the school year in which a transferring student attends school in a nonresident district.

167.1205. 1. A public school open enrollment program is established to enable a child beginning kindergarten or a student in kindergarten to grade twelve to attend a school in a nonresident district subject to the limitations under section 167.1225. Such program is designed to improve quality instructional and educational programs by providing opportunities including, but not limited to, the following:

(3) Offering parents the opportunity to select curriculum options that align with the parents' personal beliefs.

2. (1) School districts shall not be required to participate in the public school open enrollment program.

(b) If a school district participates in the public school open enrollment program, the district shall receive transferring students for the full school year in which the district participates.

(4) (a) For all school years beginning on or after July 1, 2023, but ending before July 1, 2027, a district may restrict the number of students who may transfer to a nonresident district under sections 167.1200 to 167.1230 to a maximum of three percent of the previous school year's enrollment for the district.

(2) Sections 167.1200 to 167.1230 shall not be construed to require a school district to provide special educational services for children with disabilities who are three years of age or older and who

do not reside in the school district under section 162.700 if the nonresident district determines, as provided in the nonresident district's model policy adopted under subsection 4 of this section, that the school district is unable to provide appropriate special educational services as required under section 162.700 for a child with disabilities seeking a transfer under sections 167.1200 to 167.1230. The determination shall be made by the nonresident district after consultation with the child's resident district and any local public, private, and not-for-profit agencies that provide services for children with disabilities. The nonresident district shall make the determination before approving an application for a transfer under sections 167.1200 to 167.1230. If a determination is required under this subdivision, the child seeking the transfer shall remain enrolled in the child's resident district until such determination becomes final.

4. (1) The department or another entity skilled in policy development shall develop a model policy for determining the number of transfers available under section 167.1215 and establishing specific standards for acceptance and rejection of transfer applications under section 167.1230. Regardless of whether a school district participates in the public school open enrollment program, the board of education of each school district shall, by resolution, adopt the model policy with any changes necessary for a particular district's needs.

(2) The model policy's determination of the number of transfers available shall require each school district to define the term "insufficient classroom space" for that district.

(3) The specific standards for acceptance and rejection of transfer applications may include, but shall not be limited to:

(a) The capacity of a school building, grade level, class, or program;

(b) The availability of classroom space in each school building;

8. A nonresident district may deny a transfer to a student who, in the most recent school year, has been suspended from school two or more times or who has been suspended for an act of school violence or expelled under subsection 2 of section 160.261. A student whose transfer is initially precluded under this subsection may be permitted to transfer on a provisional basis as a probationary transfer student, subject to no further disruptive behavior, upon approval of the nonresident district's superintendent.

9. A student who is denied a transfer under this subsection has the right to an in-person meeting with the nonresident district's superintendent. The nonresident district shall develop common standards for determining disruptive behavior that shall include, but not be limited to, criteria under section 160.261.

10. Students shall not enroll in a nonresident district under sections 167.1200 to 167.1230 in any school year before school year 2023-24.

(iii) The student completes the highest grade in an elementary school that is not a part of a system supporting a high school and the student is eligible in all other respects; or

b. If a student transfers schools under circumstances that do not meet the requirements under sections 167.1200 to 167.1230, such student may be granted eligibility to participate in interscholastic athletics as hereinafter restricted if the student qualifies under the following terms and conditions:

(i) A student whose name has been included on a school eligibility roster at any level for a given sport during the twelve calendar months preceding the date of such transfer shall be eligible only for subvarsity competition in such sport for three hundred sixty-five days after the date of transfer. A student may have unrestricted eligibility in all other sports in which such student's name has not appeared on a school eligibility roster;

(ii) A student who has attended a school system that does not sponsor interscholastic athletics but who has participated in organized nonschool competition during the twelve calendar months preceding the date of such transfer shall be eligible only for subvarsity competition in such sport for three hundred sixty-five days after the date of transfer. A student may have unrestricted eligibility in all other sports in which such student did not participate; or

(iii) Eligibility may be granted as described in item (i) of this subparagraph if the athletic eligibility is approved by the principals of both the resident and nonresident districts and if there is no athletic purpose involved in the transfer. The student shall be ineligible for all sports for three hundred sixty-five days after the date of transfer if either or both principals decline to approve athletic eligibility.

(b) Nothing in this section or section 167.1210 shall prevent a statewide athletic association that provides oversight for athletic or activity eligibility for students from imposing a stricter penalty upon any transferring student who is determined to have been unduly influenced to participate in or not to participate in the public school open enrollment program outlined in sections 167.1200 to 167.1230.

"167.1210. 1. A student who applies to enroll in multiple nonresident districts and accepts a public school open enrollment program transfer to a nonresident district shall accept only one such transfer per school year.

2. (1) A student who accepts a public school open enrollment program transfer to a nonresident district shall commit to attend and take all courses through the nonresident district for at least one school year. At least one course per semester shall be delivered by the nonresident district in-seat.

(2) If a transferring student returns to the student's resident district, the student's transfer shall

be void and the student shall reapply if the student seeks a future public school open enrollment program transfer. No transferring student who returns to the student's resident district shall reapply for a future transfer under this subdivision until after the student has been enrolled in and completed a full school semester in a public school in the student's resident district.

3. (1) Except as otherwise provided in this subsection, a transferring student attending school in a nonresident district may complete all remaining school years in the nonresident district without reapplying each school year.

(2) A sibling of a transferring student who continues enrollment in a nonresident district may enroll in or continue enrollment in that nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law or the policy of the nonresident district and the sibling has no discipline issues as described in section 167.1205.

4. Except for a transferring student with a socioeconomic status that qualifies the student for transportation costs reimbursement under subsection 6 of this section, the transferring student or the student's parent is responsible for the transportation of the student to and from the school in the nonresident district where the student is enrolled, except that the nonresident district may enter into an agreement with the student's parent that the parent may transport the student to an existing bus stop location convenient to the school district if the school district has capacity available on a bus serving that location. If transportation is a related service on a student's individualized education program (IEP) and the student is a participant in the public school open enrollment transfer program, the nonresident district shall not be required to provide such transportation as a related service under the IEP if the nonresident district and the student's parent have entered into an agreement under this subsection. Such agreement shall contain a statement that the parent is waiving the transportation as a related service under the student's IEP.

5. Notwithstanding the provisions of chapter 163 or federal calculations of military impact aid to the contrary, for the purposes of determining state and federal aid, a transferring student shall be counted as a resident pupil of the nonresident district in which the student is enrolled.

6. (1) Any transferring student who qualifies for free and reduced price meals under federal guidelines and transfers to any nonresident district sharing a border with the student's resident district shall be offered transportation services provided by the nonresident district or may choose to be reimbursed by the parent public school choice fund established in section 167.1212 for the costs of transportation of the student as provided in this subsection.

(2) The amount of transportation costs eligible for reimbursement shall be, rounded to the nearest dollar, the product obtained by multiplying:

(a) The number of days the student attended school in the nonresident district;

(b) The number of miles in a single round trip between the student's residence and the nonresident district's nearest existing bus stop location; and

(c) The mileage reimbursement rate of thirty-seven cents per mile.

(3) The transferring student or the student's parent shall keep a record of each instance of transporting the transferring student to and from the nonresident district's nearest existing bus stop

location. Such record may be verified by the nonresident district's attendance records or in a similar manner as established by board policy.

(4) All reimbursements made under this subsection to a transferring student or the student's parent shall be made quarterly.

(5) Any such transferring student who transfers to any nonresident district that does not share a border with the student's resident district shall not receive the transportation reimbursement provided under this subsection.

(6) The provisions of this subsection shall not require a nonresident district to offer transportation services if the transportation would constitute a transportation hardship under section 167.121.

(7) Nonresident districts providing transportation services under this subsection may partner or contract with the resident district or a third-party transportation provider, or both, in providing transportation and shall also be reimbursed by the parent public school choice fund for the costs of transportation of the student as provided under this subsection.

7. Nothing in sections 167.1200 to 167.1230 shall be construed to relieve any resident district of its responsibility to pay any costs required under section 162.705 or 162.740.

167.1211. If a nonresident student receives special educational services and participates in the public school open enrollment program, the nonresident district shall receive reimbursement from the parent public school choice fund created in section 167.1212 for the costs of the special educational services for the student with an individualized education program above the state and federal funds received for educating the student. Such reimbursement shall not exceed three times the current expenditure per average daily attendance as calculated on the district annual secretary of the board report for the year in which expenditures are claimed.

167.1212. 1. There is hereby created in the state treasury the "Parent Public School Choice Fund", which shall consist of an appropriation by the general assembly of sixty million dollars and any additional appropriations made by the general assembly. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely as provided in sections 167.1200 to 167.1230.

2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. Moneys appropriated to and deposited in the fund shall be used to supplement, not supplant, state aid distributed to school districts under chapter 163 and shall be used solely to compensate school districts that participate in the public school open enrollment program established in sections 167.1200 to 167.1230.

5. The department shall annually evaluate the availability and use of moneys from the fund. If the department determines that additional moneys are needed to fulfill the purposes of this section, the department shall, as part of the legislative budget process, annually request such moneys by a specific line item appropriation.

167.1215. 1. Before October first annually, each school district shall set the number of transfer students the district is willing to receive for the following school year under sections 167.1200 to 167.1230. The district may create criteria for the acceptance of students including, but not limited to, the number of students by building, grade, classroom, or program.

2. (1) Each school district shall publish the number set under this section, notify the department of such number, and shall not be required to accept any transfer students under this section who would cause the district to exceed the published number.

(2) The school district may report the total number of students the district is willing to receive and further delineate the number by building, grade, classroom, or program.

3. (1) Each school district shall develop a method for the formation and operation of a waiting list for applications that cannot be accepted because the number of transfers applied for exceeds the number of transfers available.

(2) Applications on the waiting list may be given priority for acceptance in the following order and may include other options for priority acceptance:

(a) Siblings of students already enrolled in the district;

(b) Children of an active duty member of the Armed Forces of the United States;

(c) Children of school district employees;

(d) Students who had previously attended school in the district but whose parents have moved out of the district; and

(e) Students whose parents present an employment circumstance for which an open enrollment transfer would be in the student's best interest.

(3) A parent of a student on the waiting list shall be informed by the district of the details of the operation of the list and whether the parent will be required to refile a timely application for open enrollment in order to remain on the waiting list.

167.1220. 1. If a student seeks to attend a school in a nonresident district under sections 167.1200 to 167.1230, the student's parent shall submit an application:

(1) To the nonresident district, with a copy to the resident district;

(2) On a form approved by the department that contains the student's necessary information for enrollment in another district; and

(3) Postmarked before December first in the calendar year preceding the school year in which the student seeks to begin the fall semester at the nonresident district.

2. A nonresident district that receives an application under subsection 1 of this section shall, upon receipt of the application, place a date and time stamp on the application that reflects the date and time the nonresident district received the application.

3. As soon as possible after receiving an application, the superintendent of the nonresident district shall review and make a determination on each application in the order in which the application was received by the nonresident district. Before accepting or rejecting an application, the superintendent

shall determine whether one of the limitations under section 167.1225 applies to the application.

4. The superintendent of the nonresident district may accept an application. If the superintendent rejects an application, the superintendent shall present the rejected application with the superintendent's reasons for the rejection to the school board.

5. (1) As used in this subsection, "good cause" means:

(a) A change in a student's residence due to a change in family residence;

(b) A change in the state in which the family residence is located;

(c) A change in a student's parent's marital status;

(d) A guardianship or custody proceeding;

(e) Placement in foster care;

(f) Adoption;

(g) Participation in a foreign exchange program;

(h) Participation in a substance abuse or mental health treatment program;

(i) A change in the status of a student's resident district such as removal of accreditation by the department, surrender of accreditation, or permanent closure of a nonpublic school; or

(j) Revocation of a charter school contract as provided in state law.

(2) Before December first of the calendar year preceding the school year in which the student seeks to begin the fall semester at the nonresident district but before July first of such school year, or before the first Monday in July if July first falls on a Saturday or Sunday, the parent shall send notification to the district of residence and the receiving district, on forms prescribed by the state board of education, that good cause exists for failure to meet the December first deadline. The school board of a receiving district may adopt a policy granting the superintendent the authority to approve open enrollment applications submitted after the December first deadline. The school board of the receiving district shall take action to approve the request if good cause exists. If the request is granted, the school board shall transmit a copy of the form to the parent and the district of residence within five days after school board action. A denial of a request by the board of a receiving district is not subject to appeal.

(3) If the good cause relates to a change in status of a student's school district of residence, a parent shall file such notification within forty-five days after the last school board action or within thirty days after the certification of the election, whichever is applicable to the circumstances.

(4) If a resident district believes that a receiving district is violating this subsection, the resident district may, within fifteen days after school board action by the receiving district, submit an appeal to the commissioner of education.

(5) The commissioner of education or the commissioner's designee shall attempt to mediate the dispute to reach approval by both school boards. If approval is not reached under mediation, the commissioner shall conduct a hearing and shall hear testimony from both school boards. Within ten days following the hearing, the commissioner shall render a decision upholding or reversing the

decision by the school board of the receiving district. Within five days after the commissioner's decision, the school board may appeal the decision of the commissioner to the state board of education as provided in state law.

6. (1) Before February first of the school year before the school year in which the student seeks to enroll in a nonresident district under sections 167.1200 to 167.1230, the nonresident district's superintendent shall notify the parent and the resident district, in writing, as to whether the student's application has been accepted or rejected. The notification shall be sent by first-class mail to the address on the application.

(2) If the application is rejected, the nonresident district's superintendent shall state in the notification letter the reason for the rejection.

(3) If the application is accepted, the nonresident district's superintendent shall state in the notification letter:

(a) A reasonable deadline before which the student shall enroll in the nonresident district and after which the acceptance notification is void; and

(b) Instructions for the procedures established by the nonresident district for renewing enrollment in the nonresident district each year.

(4) If the application is accepted, the nonresident district's superintendent shall notify the resident district and the department of the student's participation and shall also notify the student and the student's parent of the opportunity to participate in an anonymous survey provided by the department regarding all reasons for the student's and parent's interest in participating in the public school open enrollment program.

(5) The department shall publish an annual report based on the anonymous survey conducted under subdivision (4) of this subsection, at the statewide and district levels, that provides data at the statewide and district levels of sufficient detail to allow analysis of trends regarding the reasons for participation in the public school open enrollment program at the statewide, regional, and local district levels. In such annual report, the department shall also include data at the statewide and district levels of sufficient detail to allow detection and analysis of the impact of the public school open enrollment program on racial, ethnic, and socio-economic balance among schools and districts at the statewide, regional, and local district levels. No such survey results published under this subsection shall be published in a manner that reveals information regarding a group of five or fewer students.

167.1225. 1. If sections 167.1200 to 167.1230 conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.

2. (1) A school district may annually declare an exemption from sections 167.1200 to 167.1230 if the school district is subject to a desegregation order or mandate of a federal court or agency remedying the effects of past racial segregation or subject to a settlement agreement remedying the effects of past racial segregation.

(2) An exemption declared by a board of education of a school district under subdivision (1) of this subsection is irrevocable for one year from the date the school district notifies the department of the declaration of exemption.

(3) After each year of exemption, the board of education of a school district may elect to participate in the public school open enrollment program under sections 167.1200 to 167.1230 if the school district's participation does not conflict with the school district's federal court-ordered desegregation program or settlement agreement remedying the effects of past racial segregation.

(4) A school district shall notify the department before April first if in the next school year the school district intends to:

(a) Declare an exemption under subdivision (1) of this subsection; or

(b) Resume participation after a period of exemption.

(5) Annually before June first, the department shall report to each school district the maximum number of public school open enrollment program transfers for the school year to begin July first.

(6) If a student is unable to transfer because of the limits under this subsection, the resident district shall give the student priority for a transfer in the following school year in the order that the resident district receives notices of application under section 167.1220, as evidenced by a notation made by the district on the applications indicating the date and time of receipt.

3. Any resident or nonresident school district with an approved diversity plan or voluntary diversity plan may deny a transfer under sections 167.1200 to 167.1230 if the school district determines that the transfer conflicts with the provisions of such diversity plan. The denial of a transfer under this subsection shall be deemed a denial for good cause.

4. (1) Any student who transfers to a nonresident district under section 167.131, sections 162.1040 to 162.1061, or any section other than sections 167.1200 to 167.1230 shall not be subject to any requirements under sections 167.1200 to 167.1230.

(2) Districts receiving transfer students or sending transfer students to nonresident districts under section 167.131, sections 162.1040 to 162.1061, or any section other than sections 167.1200 to 167.1230 shall not be subject to any requirements under sections 167.1200 to 167.1230 for those transfer students.

5. (1) A student transferring to a nonresident district under sections 167.1200 to 167.1230 shall not be considered a transfer student under any law relating to another transfer program or procedure that allows students to transfer out of their resident districts.

(2) This subdivision shall apply only to students enrolled in a resident district that does not offer education in a grade higher than grade eight as follows:

(a) Such student shall enroll in such nonresident district under sections 167.1200 to 167.1230 before the end of such student's fifth grade year; and

(b) Such student who does not enroll in such nonresident district before the end of such student's fifth grade year may transfer to such nonresident district under sections 167.1200 to 167.1230, but such student's resident district shall pay tuition to such nonresident district and follow all other procedures as if such student transferred under section 167.131 when the student enters the ninth grade.

(3) If a student transfers under sections 167.1200 to 167.1230 to a nonresident district that does not offer education in a grade higher than grade eight, such nonresident district shall not be

considered such student's resident district for any purpose after such student completes grade eight or upon such student's transfer out of such nonresident district before such student completes grade eight.

167.1230. 1. A student whose application for a transfer under section 167.1220 is rejected by the nonresident district may appeal to the department to reconsider the transfer.

2. An appeal to the department shall be in writing and shall be postmarked no later than ten calendar days, excluding weekends and legal holidays, after the student or the student's parent receives a notice of rejection of the application under section 167.1220.

3. Contemporaneously with the filing of the written appeal under subsection 2 of this section, the student or the student's parent shall also mail a copy of the written appeal to the nonresident district's superintendent.

4. In the written appeal, the student or student's parent shall state the basis for appealing the decision of the nonresident district.

5. The student or the student's parent shall submit, along with the written appeal, a copy of the notice of rejection from the nonresident district.

6. As part of the review process, the student or student's parent may submit supporting documentation that the transfer would be in the best educational, health, social, or psychological interest of the student.

7. The nonresident district may submit in writing any additional information, evidence, or arguments supporting the district's rejection of the student's application by mailing such response to the department. Such response shall be postmarked no later than ten days after the nonresident district receives the student's or parent's appeal.

8. Contemporaneously with the filing of its response under subsection 7 of this section, the nonresident district shall also mail a copy of the response to the student or student's parent.

9. If the department overturns the determination of the nonresident district on appeal, the department shall notify the parent, the nonresident district, and the resident district of the basis for the department's decision.

10. (1) The department shall collect data from school districts on the number of applications for student transfers under sections 167.1200 to 167.1230 and study the effects of public school open enrollment program transfers under sections 167.1200 to 167.1230. The department shall consider, as part of its study, the maximum number of transfers and exemptions for both resident and nonresident districts for up to two years to determine if a significant racially segregative impact has occurred to any school district.

(2) Annually before October first, the department shall report the department's findings from the study of the data under subdivision (1) of this subsection to:

(a) The joint committee on education or any successor committee;

(b) The house committee on elementary and secondary education or any other education committee designated by the speaker of the house of representatives; and

(c) The senate committee on education or any other education committee designated by the president pro tempore of the senate.

11. The department shall annually make a random selection of ten percent of the school districts participating in the public school open enrollment program under sections 167.1200 to 167.1230. The department shall audit each selected school district's transfers approved or denied under policies adopted by the school board under sections 167.1200 to 167.1230. If the department determines that a selected school district is improperly implementing and administering the transfer process established under sections 167.1200 to 167.1230, the department may withhold any state aid provided to the school district under chapter 163 until the school district corrects the transfer process improprieties identified by the department's audit."; and

2. Under the show-me success diploma program, the department of elementary and secondary education shall develop the "Show-Me Success Diploma" as an alternative pathway to graduation for high school students that may be earned at any point between the end of a student's tenth grade year and the conclusion of the student's twelfth grade year.

3. Before July 1, 2023, the department of elementary and secondary education shall develop detailed requirements for students to become eligible for the show-me success diploma that include at least the following:

(1) Demonstrated skills and knowledge in English, science, and mathematical literacy to be successful in college-level courses offered by the community colleges in this state that count toward a degree or certificate without taking remedial or developmental coursework; and

(2) Satisfactory grades on approved examinations in subjects determined to be necessary to prepare a student to enter postsecondary education without taking remedial or developmental coursework.

4. School districts and charter schools may offer a course of study designed to meet the requirements to obtain a show-me success diploma to students entering the ninth grade. Students who elect to pursue a show-me success diploma shall participate in a course of study designed by the school district to meet the requirements established under subsection 3 of this section. The show-me success diploma shall be available to any such student until the end of that student's twelfth grade year.

5. Students who earn a show-me success diploma may remain in high school and participate in programs of study available through the school district or charter school until that student would otherwise have graduated at the end of grade twelve. For purposes of calculation and distribution of state aid, the school district or charter school of a pupil having earned a show-me success diploma who remains enrolled in the school district or charter school shall continue to include the pupil in the pupil enrollment of each such school district or charter school and shall continue to receive funding for a pupil who earns a show-me success diploma until that pupil would otherwise have graduated at the end of grade twelve. Students may choose to return to a traditional academic program without completing the show-me success diploma.

7. The department of elementary and secondary education shall provide training, guidance, and assistance to teachers and administrators of the schools offering the show-me success diploma and shall closely monitor the progress of the schools in the development of the program.

8. pupil not earned a show-me success diploma. The funding assigned to a pupil under this subsection shall be calculated as if the pupil's attendance percentage equaled the district's or charter school's prior year average attendance percentage. For a pupil who, as provided in this subsection, is included in the district's or charter school's state aid calculation but who is not enrolled in the district or charter school, an amount equal to ninety percent of the pupil's proportionate share of the state, local, and federal aid that the district or charter school receives for the pupil under this subsection shall be deposited into an account established under sections 166.400 to 166.455 that lists the pupil as the beneficiary. Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. (3) Each school board shall determine specific identifying information each individual desiring to speak shall provide to the school board before speaking;

(4) Each school board may determine that particular issues are inappropriate for individuals to speak about during such public comment period including, but not limited to, personnel issues and litigation issues. Any guideline prohibiting particular issues from being addressed during such public comment period shall be made available to the public in writing before each public comment period begins;

(5) No school board shall ban an individual from attending or remove an individual from participating in a school board meeting unless such individual is banned or removed because such individual commits the offense of peace disturbance as provided in section 574.010, has previously been removed from a school board meeting and issued a summons for the offense of peace disturbance under section 574.010, or is prohibited from being on school property under state law; and

(6) Each school board shall provide a method for an individual who is unable to attend the public comment period of a school board meeting to submit a written statement. Any such written statement submitted before the beginning of the school board meeting shall be provided to the school board and made available to all individuals attending such meeting and to the public upon request unless such written statement violates the policies or rules established for the public comment period.

3. If multiple speakers desire to speak on the same issue during the public comment period, the school board may suggest that the speakers select one individual to present comments on behalf of all such speakers.

4. Parents may bring a civil action for injunctive relief against the school district or public school in which their child is enrolled if such school district or public school violates this section. Such action shall be brought in the county where the violation occurred. If a court finds that the school district or public school has knowingly engaged in multiple or repeated violations of this section, the department of elementary and secondary education shall withhold all moneys provided by monthly distribution of state formula funding to such school district or public school until such school district or public school is in compliance with this section. After the school district or public school provides evidence that such school district or public school is in compliance with this section, the department shall restore the distribution of the funding to its original amount before the distribution was withheld. Any moneys that were withheld under this subsection shall be released to such school district or public school only if such school district or public school establishes compliance with this section in the same school year in which the department withheld such moneys."; and

If the employer does not utilize a salary schedule, or if the position in question is not subject to the employer's salary schedule, a retiree employed in accordance with the provisions of this subsection may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously

exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position by the employer that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this subsection.

2. Notwithstanding any other provision of this section, any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141, other than for disability, may be employed by an employer included in the retirement system created by those sections in a position that does not normally require a person employed in that position to be duly certificated under the laws governing the certification of teachers in Missouri, and through such employment may earn up to **[**sixty percent of the minimum teacher's salary as set forth in section 163.172**]** **the annual earnings exemption amount applicable to a Social Security recipient before the calendar year of attainment of full retirement age under 20 CFR 404.430**, without a discontinuance of the person's retirement allowance **from the retirement system. (7) Two and two-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years, and the member has not attained age fifty-five;

(8) **[**Between July 1, 2001, and July 1, 2014,**]** Two and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is **[**thirty-one**]** **thirty-two** years or more regardless of age.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated

as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2.

Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1; or

Option 3.

Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 4.

Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 5.

Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty

payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of

the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in

excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section **[**169.580 or**]** 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become

effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. HOUSE AMENDMENT NO. 5

Amend House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 775, 751 & 640, Page 1, Section A, Line 4, by inserting after said section and line the following:

"455.073. 1. By July 1, 1996, the supreme court of the state of Missouri shall:

(1) Develop and adopt uniform forms for petitions and orders of protection; and

(2) Provide the forms to each circuit clerk.

2. The following statements shall be printed in bold faced type or in capital letters on the order of protection:

(1) "Violation of this order may be punished by confinement in jail for as long as five years and by a fine of as much as five thousand dollars"; and

(2) "If so ordered by the court, the respondent is forbidden to enter or stay at the petitioner's residence".

3. The form prescribed by the supreme court for the notice of hearing required by subsection 2 of section 455.040 shall list all potential relief that can be granted by the court in any proceeding pursuant to sections 455.010 to 455.085 as described in section 455.050, and shall advise the respondent that such relief may be granted if the court finds for the petitioner, or if the respondent defaults to the petition.

4. **If a full order of protection is granted, all temporary orders shall continue in the full order of protection and shall remain in full force and effect unless otherwise ordered by the court.**

5. All orders of protection shall be issued on the form adopted pursuant to subsection 1 of this section.

455.075. The court may order a party to pay a reasonable amount to the other party for attorney's fees incurred prior to the commencement of the proceeding **[**or**], throughout the proceeding, and** after entry of judgment. The court shall consider all relevant factors, including the financial resources of both parties, and may order that the amount be paid directly to the attorney, who may enforce the order in his name.

455.085. 1. When a law enforcement officer has probable cause to believe a party has committed a violation of law amounting to domestic violence, as defined in section 455.010, against a family or household member, the officer may arrest the offending party whether or not the violation occurred in the presence of the arresting officer. When the officer declines to make arrest pursuant to this subsection, the officer shall make a written report of the incident completely describing the offending party, giving the victim's name, time, address, reason why no arrest was made and any other pertinent information. Any law enforcement officer subsequently called to the same address within a twelve-hour period, who shall find probable cause to believe the same offender has again committed a violation as stated in this subsection against the same or any other family or household member, shall arrest the offending party for this subsequent offense. The primary report of nonarrest in the preceding twelve-hour period may be considered

as evidence of the defendant's intent in the violation for which arrest occurred. The refusal of the victim to sign an official complaint against the violator shall not prevent an arrest under this subsection.

2. When a law enforcement officer has probable cause to believe that a party, against whom a protective order has been entered and who has notice of such order entered, has committed an act of abuse in violation of such order, the officer shall arrest the offending party-respondent whether or not the violation occurred in the presence of the arresting officer. Refusal of the victim to sign an official complaint against the violator shall not prevent an arrest under this subsection.

3. When an officer makes an arrest, the officer is not required to arrest two parties involved in an assault when both parties claim to have been assaulted. The arresting officer shall attempt to identify and shall arrest the party the officer believes is the primary physical aggressor. The term "primary physical aggressor" is defined as the most significant, rather than the first, aggressor. The law enforcement officer shall consider any or all of the following in determining the primary physical aggressor:

(1) The intent of the law to protect victims from continuing domestic violence;

(2) The comparative extent of injuries inflicted or serious threats creating fear of physical injury;

(3) The history of domestic violence between the persons involved.

No law enforcement officer investigating an incident of domestic violence shall threaten the arrest of all parties for the purpose of discouraging requests or law enforcement intervention by any party. Where complaints are received from two or more opposing parties, the officer shall evaluate each complaint separately to determine whether the officer should seek a warrant for an arrest.

4. In an arrest in which a law enforcement officer acted in good faith reliance on this section, the arresting and assisting law enforcement officers and their employing entities and superiors shall be immune from liability in any civil action alleging false arrest, false imprisonment or malicious prosecution.

5. When a person against whom an order of protection has been entered fails to surrender custody of minor children to the person to whom custody was awarded in an order of protection, the law enforcement officer shall arrest the respondent, and shall turn the minor children over to the care and custody of the party to whom such care and custody was awarded.

6. The same procedures, including those designed to protect constitutional rights, shall be applied to the respondent as those applied to any individual detained in police custody.

7. A violation of the terms and conditions, with regard to domestic violence, stalking, sexual assault, child custody, communication initiated by the respondent or entrance upon the premises of the petitioner's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of an ex parte order of protection of which the respondent has notice, shall be a class A misdemeanor unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class E felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior pleas of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict.

8. A violation of the terms and conditions, with regard to domestic violence, stalking, sexual assault, child custody, communication initiated by the respondent or entrance upon the premises of the petitioner's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of a full order of protection shall be a class A misdemeanor, unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class E felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior plea of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of the sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict. For the purposes of this subsection, in addition to the notice provided by actual service of the order, a party is deemed to have notice of an order of protection if**:**

(1) The law enforcement officer responding to a call of a reported incident of domestic violence, stalking, sexual assault, or violation of an order of protection presented a copy of the order of protection to the respondent**; or**

(2) Notice is given by actual communication to the respondent in a manner reasonably likely to advise the respondent.

9. Good faith attempts to effect a reconciliation of a marriage shall not be deemed tampering with a witness or victim tampering under section 575.270.

10. Nothing in this section shall be interpreted as creating a private cause of action for damages to enforce the provisions set forth herein."; and

Further amend said bill, Page 2, Section 491.015, Line 31, by inserting after said section and line the following:

"**546.262. A court shall not compel a victim or member of the victim's family testifying in a criminal proceeding for a violation of sections 565.072 to 565.076 to disclose a residential address or place of employment on the record in open court unless the court finds that disclosure of the address or place of employment is necessary.**

2. The circuit and associate circuit court judges for each circuit shall provide, and post on the circuit court's internet website, a telephone number for the public to call for assistance regarding appearances by video conference.

556.046. 1. A person may be convicted of an offense included in an offense charged in the indictment or information. An offense is so included when:

(1) It is established by proof of the same or less than all the facts required to establish the commission of the offense charged; or

(3) It consists of an attempt to commit the offense charged or to commit an offense otherwise included therein.

2. The court shall not be obligated to charge the jury with respect to an included offense unless there is a **rational** basis for a verdict acquitting the person of the offense charged and convicting him **or her** of the included offense. An offense is charged for purposes of this section if:

HOUSE AMENDMENT NO. 6

Amend House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 775, 751 & 640, Page 1, Section A, Line 4, by inserting after all of said section and line the following:

"217.703. 1. The division of probation and parole shall award earned compliance credits to any offender who is:

(1) Not subject to lifetime supervision under sections 217.735 and 559.106 or otherwise found to be ineligible to earn credits by a court pursuant to subsection 2 of this section;

(2) On probation, parole, or conditional release for an offense listed in chapter 579, or an offense previously listed in chapter 195, or for a class D or E felony, excluding sections 565.225, 565.252, 566.031, 566.061, 566.083, 566.093, 568.020, 568.060, offenses defined as sexual assault under section 589.015, deviate sexual assault, assault in the second degree under subdivision (2) of subsection 1 of section 565.052, endangering the welfare of a child in the first degree under subdivision (2) of subsection 1 of section 568.045, and any offense of aggravated stalking or assault in the second degree under subdivision (2) of subsection 1 of section 565.060 as such offenses existed prior to January 1, 2017;

(3) Supervised by the division of probation and parole; and

(4) In compliance with the conditions of supervision imposed by the sentencing court or board.

2. If an offender was placed on probation, parole, or conditional release for an offense of:

(1) Involuntary manslaughter in the second degree;

(2) Assault in the second degree except under subdivision (2) of subsection 1 of section 565.052 or section 565.060 as it existed prior to January 1, 2017;

(3) Domestic assault in the second degree;

(4) Assault in the third degree when the victim is a special victim or assault of a law enforcement officer in the second degree as it existed prior to January 1, 2017;

(5) Statutory rape in the second degree;

(6) Statutory sodomy in the second degree;

(7) Endangering the welfare of a child in the first degree under subdivision (1) of subsection 1 of section 568.045; or

(8) Any case in which the defendant is found guilty of a felony offense under chapter 571;

the sentencing court may, upon its own motion or a motion of the prosecuting or circuit attorney, make a

finding that the offender is ineligible to earn compliance credits because the nature and circumstances of the offense or the history and character of the offender indicate that a longer term of probation, parole, or conditional release is necessary for the protection of the public or the guidance of the offender. The motion may be made any time prior to the first month in which the person may earn compliance credits under this section or at a hearing under subsection 5 of this section. The offender's ability to earn credits shall be suspended until the court or board makes its finding. If the court or board finds that the offender is eligible for earned compliance credits, the credits shall begin to accrue on the first day of the next calendar month following the issuance of the decision.

3. Earned compliance credits shall reduce the term of probation, parole, or conditional release by thirty days for each full calendar month of compliance with the terms of supervision. Credits shall begin to accrue for eligible offenders after the first full calendar month of supervision or on October 1, 2012, if the offender began a term of probation, parole, or conditional release before September 1, 2012.

4. For the purposes of this section, the term "compliance" shall mean the absence of an initial violation report or notice of citation submitted by a probation or parole officer during a calendar month, or a motion to revoke or motion to suspend filed by a prosecuting or circuit attorney, against the offender.

5. Credits shall not accrue during any calendar month in which a violation report, which may include a report of absconder status, has been submitted, the offender is in custody, or a motion to revoke or motion to suspend has been filed, and shall be suspended pending the outcome of a hearing, if a hearing is held. If no hearing is held, or if a hearing is held and the offender is continued under supervision, or the court or board finds that the violation did not occur, then the offender shall be deemed to be in compliance and shall begin earning credits on the first day of the next calendar month following the month in which the report was submitted or the motion was filed. If a hearing is held, all earned credits shall be rescinded if:

(1) The court or board revokes the probation or parole or the court places the offender in a department program under subsection 4 of section 559.036 **[**or under section 217.785**]**; or

(2) The offender is found by the court or board to be ineligible to earn compliance credits because the nature and circumstances of the violation indicate that a longer term of probation, parole, or conditional release is necessary for the protection of the public or the guidance of the offender.

Earned credits, if not rescinded, shall continue to be suspended for a period of time during which the court or board has suspended the term of probation, parole, or release, and shall begin to accrue on the first day of the next calendar month following the lifting of the suspension.

6. Offenders who are deemed by the division to be absconders shall not earn credits. For purposes of this subsection, "absconder" shall mean an offender under supervision whose whereabouts are unknown and who has left such offender's place of residency without the permission of the offender's supervising officer and without notifying of their whereabouts for the purpose of avoiding supervision. An offender shall no longer be deemed an absconder when such offender is available for active supervision.

7. Notwithstanding subsection 2 of section 217.730 to the contrary, once the combination of time served in custody, if applicable, time served on probation, parole, or conditional release, and earned compliance credits satisfy the total term of probation, parole, or conditional release, the board or sentencing court shall order final discharge of the offender, so long as the offender has completed restitution and at least two years of his or her probation, parole, or conditional release, which shall include any time served in custody under section 217.718 and sections 559.036 and 559.115.

8. The award or rescission of any credits earned under this section shall not be subject to appeal or any motion for postconviction relief.

9. At least twice a year, the division shall calculate the number of months the offender has remaining on his or her term of probation, parole, or conditional release, taking into consideration any earned compliance credits, and notify the offender of the length of the remaining term.

10. No less than sixty days before the date of final discharge, the division shall notify the sentencing court, the board, and, for probation cases, the circuit or prosecuting attorney of the impending discharge. If the sentencing court, the board, or the circuit or prosecuting attorney upon receiving such notice does not take any action under subsection 5 of this section, the offender shall be discharged under subsection 7 of this section.

11. Any offender who was sentenced prior to January 1, 2017, to an offense that was eligible for earned compliance credits under subsection 1 or 2 of this section at the time of sentencing shall continue to remain eligible for earned compliance credits so long as the offender meets all the other requirements provided under this section.

12. The application of earned compliance credits shall be suspended upon entry into a treatment court, as described in sections 478.001 to 478.009, and shall remain suspended until the offender is discharged from such treatment court. Upon successful completion of treatment court, all earned compliance credits accumulated during the suspension period shall be retroactively applied, so long as the other terms and conditions of probation have been successfully completed."; and

Further amend said bill, Page 2, Section 491.015, Line 31, by inserting after all of said section and line the following:

"559.036. 1. A term of probation commences on the day it is imposed. Multiple terms of Missouri probation, whether imposed at the same time or at different times, shall run concurrently. Terms of probation shall also run concurrently with any federal or other state jail, prison, probation or parole term for another offense to which the defendant is or becomes subject during the period**[**, unless otherwise specified by the Missouri court**]**.

2. The court may terminate a period of probation and discharge the defendant at any time before completion of the specific term fixed under section 559.016 if warranted by the conduct of the defendant and the ends of justice. The court may extend the term of the probation, but no more than one extension of any probation may be ordered except that the court may extend the term of probation by one additional year by order of the court if the defendant admits he or she has violated the conditions of probation or is found by the court to have violated the conditions of his or her probation. Total time on any probation term, including any extension shall not exceed the maximum term established in section 559.016. **Total time on any probation term shall not include time when the probation term is suspended under this section.** Procedures for termination, discharge and extension may be established by rule of court.

3. If the defendant violates a condition of probation at any time prior to the expiration or termination of the probation term, the court may continue him or her on the existing conditions, with or without modifying or enlarging the conditions or extending the term.

4. (1) Unless the defendant consents to the revocation of probation, if a continuation, modification, enlargement or extension is not appropriate under this section, the court shall order placement of the offender in **[**one of the**] a** department of corrections' one hundred twenty-day **[**programs**] program** so long

as:

(a) The underlying offense for the probation is a class D or E felony or an offense listed in chapter 579 or an offense previously listed in chapter 195; except that, the court may, upon its own motion or a motion of the prosecuting or circuit attorney, make a finding that an offender is not eligible if the underlying offense is involuntary manslaughter in the second degree, stalking in the first degree, assault in the second degree, sexual assault, rape in the second degree, domestic assault in the second degree, assault in the third degree when the victim is a special victim, statutory rape in the second degree, statutory sodomy in the second degree, deviate sexual assault, sodomy in the second degree, sexual misconduct involving a child, incest, endangering the welfare of a child in the first degree under subdivision (1) or (2) of subsection 1 of section 568.045, abuse of a child, invasion of privacy, any case in which the defendant is found guilty of a felony offense under chapter 571, or an offense of aggravated stalking or assault of a law enforcement officer in the second degree as such offenses existed prior to January 1, 2017;

(b) The probation violation is not the result of the defendant being an absconder or being found guilty of, pleading guilty to, or being arrested on suspicion of any felony, misdemeanor, or infraction. For purposes of this subsection, "absconder" shall mean an offender under supervision who has left such offender's place of residency without the permission of the offender's supervising officer for the purpose of avoiding supervision;

(c) The defendant has not violated any conditions of probation involving the possession or use of weapons, or a stay-away condition prohibiting the defendant from contacting a certain individual; and

(d) The defendant has not already been placed in one of the programs by the court for the same underlying offense or during the same probation term.

(2) Upon receiving the order, the department of corrections shall conduct an assessment of the offender and place such offender in **either** the **[**appropriate**]** one hundred twenty-day **structured cognitive behavioral intervention** program **[**under subsection 3 of section 559.115**] or the one hundred twenty-day institutional treatment program**. **The placement of the offender in the structured cognitive behavioral intervention program or institutional treatment program shall be at the sole discretion of the department based on the assessment of the offender. The program shall begin upon receipt of the offender by the department. The time between the court's order and receipt of the offender by the department shall not apply toward the program.**

(3) **[**Notwithstanding any of the provisions of subsection 3 of section 559.115 to the contrary, once the defendant has successfully completed the program under this subsection, the court shall release the defendant to continue to serve the term of probation, which shall not be modified, enlarged, or extended based on the same incident of violation.**] Upon successful completion of a program under this subsection, as determined by the department, the division of probation and parole shall advise the sentencing court of the defendant's probationary release date thirty days prior to release. Once the defendant has successfully completed a program under this subsection, the court shall release the defendant to continue to serve the term of probation, which shall not be modified, enlarged, or extended based on the same incident of violation.**

(4) If the department determines the defendant has not successfully completed a one hundred twenty-day program under this section, the division of probation and parole shall advise the prosecuting attorney and the sentencing court of the defendant's unsuccessful program exit and the defendant shall be removed from the program. The defendant shall be released from the department

within fifteen working days after the court is notified of the unsuccessful program exit, unless the court has issued a warrant in response to the unsuccessful program exit to facilitate the return of the defendant to the county of jurisdiction for further court proceedings. If a defendant is discharged as unsuccessful from a one hundred twenty-day program, the sentencing court may modify, enlarge, or revoke the defendant's probation based on the same incident of the violation.

(5) Time served in the program shall be credited as time served on any sentence imposed for the underlying offense.

5. If the defendant consents to the revocation of probation or if the defendant is not eligible under subsection 4 of this section for placement in a program and a continuation, modification, enlargement, or extension of the term under this section is not appropriate, the court may revoke probation and order that any sentence previously imposed be executed. If imposition of sentence was suspended, the court may revoke probation and impose any sentence available under section 557.011. The court may mitigate any sentence of imprisonment by reducing the prison or jail term by all or part of the time the defendant was on probation. The court may, upon revocation of probation, place an offender on a second term of probation. Such probation shall be for a term of probation as provided by section 559.016, notwithstanding any amount of time served by the offender on the first term of probation.

6. Probation shall not be revoked without giving the probationer notice and an opportunity to be heard on the issues of whether such probationer violated a condition of probation and, if a condition was violated, whether revocation is warranted under all the circumstances. Not less than five business days prior to the date set for a hearing on the violation, except for a good cause shown, the judge shall inform the probationer that he or she may have the right to request the appointment of counsel if the probationer is unable to retain counsel. If the probationer requests counsel, the judge shall determine whether counsel is necessary to protect the probationer's due process rights. If the judge determines that counsel is not necessary, the judge shall state the grounds for the decision in the record.

7. The prosecuting or circuit attorney may file a motion to revoke probation or at any time during the term of probation, the court may issue a notice to the probationer to appear to answer a charge of a violation, and the court may issue a warrant of arrest for the violation. Such notice shall be personally served upon the probationer. The warrant shall authorize the return of the probationer to the custody of the court or to any suitable detention facility designated by the court. Upon the filing of the prosecutor's or circuit attorney's motion or on the court's own motion, the court may immediately enter an order suspending the period of probation and may order a warrant for the defendant's arrest. The probation shall remain suspended until the court rules on the prosecutor's or circuit attorney's motion, or until the court otherwise orders the probation reinstated. **Notwithstanding any other provision of the law, the probation term shall be tolled during the time period when the probation is suspended under this section. The court may grant the probationer credit on the probation term for any of the tolled period when reinstating the probation term.**

8. The power of the court to revoke probation shall extend for the duration of the term of probation designated by the court and for any further period which is reasonably necessary for the adjudication of matters arising before its expiration, provided that some affirmative manifestation of an intent to conduct a revocation hearing occurs prior to the expiration of the period and that every reasonable effort is made to notify the probationer and to conduct the hearing prior to the expiration of the period. **If the delay of the hearing is attributable to the probationer's actions or the probationer otherwise consents or acquiesces to the delay, the court shall have been found to have made every reasonable effort to**

conduct the hearing within the probation term.

9. A defendant who was sentenced prior to January 1, 2017 to an offense that was eligible at the time of sentencing under paragraph (a) of subdivision (1) of subsection 4 of this section for the court ordered detention sanction shall continue to remain eligible for the sanction so long as the defendant meets all the other requirements provided under subsection 4 of this section.

559.115. 1. Neither probation nor parole shall be granted by the circuit court between the time the transcript on appeal from the offender's conviction has been filed in appellate court and the disposition of the appeal by such court.

2. Unless otherwise prohibited by subsection 8 of this section, a circuit court only upon its own motion and not that of the state or the offender shall have the power to grant probation to an offender anytime up to one hundred twenty days after such offender has been delivered to the department of corrections but not thereafter. The court may request information and a recommendation from the department concerning the offender and such offender's behavior during the period of incarceration. Except as provided in this section, the court may place the offender on probation in a program created pursuant to section 217.777, or may place the offender on probation with any other conditions authorized by law.

3. The court may recommend placement of an offender in a department of corrections one hundred twenty-day program under this subsection **[**or order such placement under subsection 4 of section 559.036**]**. **[**Upon the recommendation or order of the court,**]** The department of corrections shall assess each offender to determine the appropriate one hundred twenty-day program in which to place the offender, which may include placement in the **[**shock incarceration**]** **structured cognitive behavioral intervention** program or institutional treatment program. **The placement of an offender in the structured cognitive behavioral intervention program or institutional treatment program shall be at the sole discretion of the department based on the assessment of the offender and available bed space.** When the court recommends and receives placement of an offender in a department of corrections one hundred twenty-day program, the offender shall be released on probation if the department of corrections determines that the offender has successfully completed the program except as follows. Upon successful completion of a program under this subsection, the division of probation and parole shall advise the sentencing court of an offender's probationary release date thirty days prior to release. The court shall follow the recommendation of the department unless the court determines that probation is not appropriate. If the court determines that probation is not appropriate, the court may order the execution of the offender's sentence only after conducting a hearing on the matter within ninety to one hundred twenty days from the date the offender was delivered to the department of corrections. If the department determines the offender has not successfully completed a one hundred twenty-day program under this subsection, the **[**offender shall be removed from the program and the court shall be advised of the removal.**]** **division of probation and parole shall advise the prosecuting attorney and the sentencing court of the defendant's unsuccessful program exit and the defendant shall be removed from the program.** The department shall report on the offender's participation in the program and may provide recommendations for terms and conditions of an offender's probation. The court shall then have the power to grant probation or order the execution of the offender's sentence.

4. If the court is advised that an offender is not eligible for placement in a one hundred twenty-day program under subsection 3 of this section, the court shall consider other authorized dispositions. If the department of corrections one hundred twenty-day program under subsection 3 of this section is full, the court may place the offender in a private program approved by the department of corrections or the court,

the expenses of such program to be paid by the offender, or in an available program offered by another organization. If the offender is convicted of a class C, class D, or class E nonviolent felony, the court may order probation while awaiting appointment to treatment.

5. Except when the offender has been found to be a predatory sexual offender pursuant to section 566.125, the court shall request the department of corrections to conduct a sexual offender assessment if the defendant has been found guilty of sexual abuse when classified as a class B felony. Upon completion of the assessment, the department shall provide to the court a report on the offender and may provide recommendations for terms and conditions of an offender's probation. The assessment shall not be considered a one hundred twenty-day program as provided under subsection 3 of this section. The process for granting probation to an offender who has completed the assessment shall be as provided under subsections 2 and 6 of this section.

6. Unless the offender is being granted probation pursuant to successful completion of a one hundred twenty-day program the circuit court shall notify the state in writing when the court intends to grant probation to the offender pursuant to the provisions of this section. The state may, in writing, request a hearing within ten days of receipt of the court's notification that the court intends to grant probation. Upon the state's request for a hearing, the court shall grant a hearing as soon as reasonably possible. If the state does not respond to the court's notice in writing within ten days, the court may proceed upon its own motion to grant probation.

7. An offender's first incarceration under this section prior to release on probation shall not be considered a previous prison commitment for the purpose of determining a minimum prison term under the provisions of section 558.019.

8. Notwithstanding any other provision of law, probation may not be granted pursuant to this section to offenders who have been convicted of murder in the second degree pursuant to section 565.021; forcible rape pursuant to section 566.030 as it existed prior to August 28, 2013; rape in the first degree under section 566.030; forcible sodomy pursuant to section 566.060 as it existed prior to August 28, 2013; sodomy in the first degree under section 566.060; statutory rape in the first degree pursuant to section 566.032; statutory sodomy in the first degree pursuant to section 566.062; child molestation in the first degree pursuant to section 566.067 when classified as a class A felony; abuse of a child pursuant to section 568.060 when classified as a class A felony; or an offender who has been found to be a predatory sexual offender pursuant to section 566.125; **any offense under section 557.045;** or any offense in which there exists a statutory prohibition against either probation or parole."; and

With House Amendment No. 1.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 886, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"214.160. 1. Under sections 214.140 to 214.180, and as otherwise not prohibited under Article VI, Section 23 of the Constitution of Missouri, the county commission may invest or loan said trust fund or funds in United States government, state, county or municipal bonds, certificates of deposit, first real estate mortgages, or deeds of trust and may utilize investment managers to invest, reinvest, and manage assets, subject to the terms, conditions, and limitations provided in this section and Article IV, Section 15 of the Constitution of Missouri. **[**They**] When sufficient, the commission** shall use the net income from said trust fund or funds or such investments or so much thereof as is necessary to support and maintain and beautify any public or private cemetery or any particular part thereof which may be designated by the person, persons or firm or association making said gift or bequest. **If the net income from said trust fund or funds is not sufficient to support and maintain and beautify a cemetery, the commission may only use as much of the principal thereof as the commission deems necessary for the purpose of the basic maintenance to control the growth of grass and weeds.** In maintaining or supporting the cemetery or any particular part or portion thereof the commission shall as nearly as possible follow the expressed wishes of the creator of

said trust fund.

2. An investment manager shall discharge his or her duties in the interest of the public or private cemetery and the interest of the person, persons, or firm making the gift or bequest and shall:

(1) Act with the same care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a similar capacity and familiar with those matters would use in the conduct of a similar enterprise with similar aims;

(2) Act with due regard for the management, reputation, and stability of the issuer and the character of the particular investments being considered;

(3) Make investments for the purpose of supporting, maintaining, and beautifying any public or private cemetery or any particular part thereof, which may be designated by the person, persons, or firm or association making said gift or bequest, and of defraying reasonable expenses of investing the assets;

(4) Give appropriate consideration to those facts and circumstances that the investment fiduciary knows or should know are relevant to the particular investment or investment course of action involved, including the role the investment or investment course of action plays in that portion of the investments for which the investment fiduciary has responsibility. For purposes of this subdivision, "appropriate consideration" shall include, but is not limited to, a determination by the investment fiduciary that a particular investment or investment course of action is reasonably designed to further the purposes of supporting, maintaining, and beautifying any public or private cemetery or any particular part thereof, which may be designated by the person, persons, or firm or association making said gift or bequest, while considering the risk of loss and the opportunity for gain or other return associated with the investment or investment course of action and considering the following factors as they relate to the investment or investment course of action:

(a) The diversification of the investments;

(b) The liquidity and current return of the investments relative to the anticipated cash flow requirements; and

(c) The projected return of the investments relative to the funding objectives; and

(5) Give appropriate consideration to investments that would enhance the general welfare of this state and its citizens if those investments offer the safety and rate of return comparable to other investments available to the investment fiduciary at the time the investment decision is made.

3. As used in this section, "invest" or "investment" means utilization of moneys in the expectation of future returns in the form of income or capital gain."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

In which the concurrence of the Senate is respectfully requested.

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1472, Page 1, Section A, Line 11, by inserting after all of said line the following:

"105.145. 1. The following definitions shall be applied to the terms used in this section:

(1) "Governing body", the board, body, or persons in which the powers of a political subdivision as a body corporate, or otherwise, are vested;

(2) "Political subdivision", any agency or unit of this state, except counties and school districts, which now is, or hereafter shall be, authorized to levy taxes or empowered to cause taxes to be levied.

2. The governing body of each political subdivision in the state shall cause to be prepared an annual report of the financial transactions of the political subdivision in such summary form as the state auditor shall prescribe by rule, except that the annual report of political subdivisions whose cash receipts for the reporting period are ten thousand dollars or less shall only be required to contain the cash balance at the beginning of the reporting period, a summary of cash receipts, a summary of cash disbursements and the cash balance at the end of the reporting period.

3. Within such time following the end of the fiscal year as the state auditor shall prescribe by rule, the governing body of each political subdivision shall cause a copy of the annual financial report to be remitted to the state auditor.

4. The state auditor shall immediately on receipt of each financial report acknowledge the receipt of the report.

5. In any fiscal year no member of the governing body of any political subdivision of the state shall receive any compensation or payment of expenses after the end of the time within which the financial statement of the political subdivision is required to be filed with the state auditor and until such time as the notice from the state auditor of the filing of the annual financial report for the fiscal year has been received.

6. The state auditor shall prepare sample forms for financial reports and shall mail the same to the political subdivisions of the state. Failure of the auditor to supply such forms shall not in any way excuse any person from the performance of any duty imposed by this section.

7. All reports or financial statements hereinabove mentioned shall be considered to be public records.

8. The provisions of this section apply to the board of directors of every transportation development district organized under sections 238.200 to 238.275.

9. Any political subdivision that fails to timely submit a copy of the annual financial statement to the state auditor shall be subject to a fine of five hundred dollars per day.

10. The state auditor shall report any violation of subsection 9 of this section to the department of revenue. Upon notification from the state auditor's office that a political subdivision failed to timely submit a copy of the annual financial statement, the department of revenue shall notify such political subdivision by certified mail that the statement has not been received. Such notice shall clearly set forth the following:

(1) The name of the political subdivision;

(2) That the political subdivision shall be subject to a fine of five hundred dollars per day if the political subdivision does not submit a copy of the annual financial statement to the state auditor's office within thirty days from the postmarked date stamped on the certified mail envelope;

(3) That the fine will be enforced and collected as provided under subsection 11 of this section; and

(4) That the fine will begin accruing on the thirty-first day from the postmarked date stamped on the certified mail envelope and will continue to accrue until the state auditor's office receives a copy of the financial statement.

In the event a copy of the annual financial statement is received within such thirty-day period, no fine shall accrue or be imposed. The state auditor shall report receipt of the financial statement to the department of revenue within ten business days. Failure of the political subdivision to submit the required annual financial statement within such thirty-day period shall cause the fine to be collected as provided under subsection 11 of this section.

11. The department of revenue may collect the fine authorized under the provisions of subsection 9 of this section by offsetting any sales or use tax distributions due to the political subdivision. The director of revenue shall retain two percent for the cost of such collection. The remaining revenues collected from such violations shall be distributed annually to the schools of the county in the same manner that proceeds for all penalties, forfeitures, and fines collected for any breach of the penal laws of the state are distributed.

12. Any **[**transportation development district organized under sections 238.200 to 238.275 having**]** **political subdivision that has** gross revenues of less than five thousand dollars **or that has not levied or collected sales or use taxes** in the fiscal year for which the annual financial statement was not timely filed shall not be subject to the fine authorized in this section.

13. If a failure to timely submit the annual financial statement is the result of fraud or other illegal conduct by an employee or officer of the political subdivision, the political subdivision shall not be subject to a fine authorized under this section if the statement is filed within thirty days of the discovery of the fraud or illegal conduct. If a fine is assessed and paid prior to the filing of the

statement, the department of revenue shall refund the fine upon notification from the political subdivision.

14. If a political subdivision has an outstanding balance for fines or penalties at the time it files its first annual financial statement after January 1, 2022, the director of revenue shall make a one-time downward adjustment to such outstanding balance in an amount that reduces the outstanding balance by no less than ninety percent.

15. The director of revenue shall have the authority to make a one-time downward adjustment to any outstanding penalty imposed under this section on a political subdivision if the director determines the fine is uncollectable. The director of revenue may prescribe rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void."; and

213.040. 1. It shall be an unlawful housing practice:

(1) To refuse to sell or rent after the making of a bona fide offer, to refuse to negotiate for the sale or rental of, to deny or otherwise make unavailable, a dwelling to any person because of race, color, religion, national origin, ancestry, sex, **sexual orientation, gender identity, firearm ownership,** disability, or familial status;

(1) A refusal to permit, at the expense of the person with the disability, reasonable modifications of existing premises occupied or to be occupied by such person if such modifications may be necessary to afford such person full enjoyment of the premises, except that, in the case of a rental, the landlord may, where it is reasonable to do so, condition permission for a modification on the renter's agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted;

(2) A refusal to make reasonable accommodations in rules, policies, practices, or services, when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling; or

(a) The public use and common use portions of such dwellings are readily accessible to and usable by persons with a disability;

(b) All the doors designed to allow passage into and within all premises within such dwellings are sufficiently wide to allow passage by persons with a disability in wheelchairs; and

(c) All premises within such dwellings contain the following features of adaptive design:

a. An accessible route into and through the dwelling;

b. Light switches, electrical outlets, thermostats, and other environmental controls in accessible locations;

c. Reinforcements in bathroom walls to allow later installation of grab bars; and

d. Usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space.

3. As used in subdivision (3) of subsection 2 of this section, the term "covered multifamily dwelling" means:

(1) Buildings consisting of four or more units if such buildings have one or more elevators; and

(2) Ground floor units in other buildings consisting of four or more units.

4. Compliance with the appropriate requirements of the American National Standard for Buildings and Facilities providing accessibility and usability for people with physical disabilities, commonly cited as "ANSI A117.1", suffices to satisfy the requirements of paragraph (a) of subdivision (3) of subsection 2 of this section.

5. Where a unit of general local government has incorporated into its laws the requirements set forth in subdivision (3) of subsection 2 of this section, compliance with such laws shall be deemed to satisfy the requirements of that subdivision. Such compliance shall be subject to the following provisions:

(1) A unit of general local government may review and approve newly constructed covered multifamily dwellings for the purpose of making determinations as to whether the design and construction requirements of subdivision (3) of subsection 2 of this section are met;

(2) The commission shall encourage, but may not require, the units of local government to include in their existing procedures for the review and approval of newly constructed covered multifamily dwellings, determinations as to whether the design and construction of such dwellings are consistent with subdivision (3) of subsection 2 of this section, and shall provide technical assistance to units of local government and other persons to implement the requirements of subdivision (3) of subsection 2 of this section;

(3) Nothing in this chapter shall be construed to require the commission to review or approve the plans, designs or construction of all covered dwellings, to determine whether the design and construction of such dwellings are consistent with the requirements of subdivision (3) of subsection 2 of this section.

6. Nothing in this chapter shall be construed to invalidate or limit any law of the state or political subdivision of the state, or other jurisdiction in which this chapter shall be effective, that requires dwellings to be designed and constructed in a manner that affords persons with disabilities greater access than is required by this chapter.

7. Nothing in this section and sections 213.045 and 213.050 requires that a dwelling be made available to an individual whose tenancy would constitute a direct threat to the health or safety of other individuals or whose tenancy would result in substantial physical damage to the property of others.

8. Nothing in this section and sections 213.045 and 213.050 limits the applicability of any reasonable local or state restriction regarding the maximum number of occupants permitted to occupy a dwelling, nor does any provision in this section and sections 213.045 and 213.050 regarding familial status apply with respect to housing for older persons.

9. As used in this section and sections 213.045 and 213.050, "housing for older persons" means housing:

(1) Provided under any state or federal program that the commission determines is specifically designed and operated to assist elderly persons, as defined in the state or federal program;

(2) Intended for, and solely occupied by, persons sixty-two years of age or older; or

(3) Intended and operated for occupancy by at least one person fifty-five years of age or older per unit. In determining whether housing qualifies as housing for older persons under this subsection, the commission shall develop regulations which require at least the following factors:

(a) The existence of significant facilities and services specifically designed to meet the physical or social needs of older persons, or if the provision of such facilities and services is not practicable, that such housing is necessary to provide important housing opportunities for older persons; and

(b) That at least eighty percent of the units are occupied by at least one person fifty-five years of age or older per unit; and

(c) The publication of, and adherence to, policies and procedures which demonstrate an intent by the owner or manager to provide housing for persons fifty-five years of age or older.

10. Housing shall not fail to meet the requirements for housing for older persons by reason of:

(1) Persons residing in such housing as of August 28, 1992, who do not meet the age requirements of subdivision (2) or (3) of subsection 9 of this section, provided that new occupants of such housing meet the age requirements of subdivision (2) or (3) of subsection 9 of this section; or

(2) Unoccupied units, provided that such units are reserved for occupancy by persons who meet the age requirements of subdivision (2) or (3) of subsection 9 of this section.

11. Nothing in this section or section 213.045 or 213.050 shall prohibit conduct against a person because such person has been convicted by any court of competent jurisdiction of the illegal manufacture or distribution of a controlled substance, as defined by section 195.010.

12. Nothing in this chapter shall prohibit a religious organization, association, or society, or any nonprofit institution or organization operated, supervised or controlled by or in conjunction with a religious organization, association, or society, from limiting the sale, rental or occupancy of dwellings which it owns or operates for other than a commercial purpose to persons of the same religion, or from giving preference to such persons, unless membership in such religion is restricted on account of race, color, or national origin. Nor shall anything in this chapter prohibit a private club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodging which it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodging to its members or from giving preference to its members.

(b) To limit, segregate, or classify **[**his**]** employees or **[**his**]** employment applicants in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect **[**his**]** **such individual's** status as an employee, because of such individual's race, color, religion, national origin, sex, **sexual orientation, gender identity, firearm ownership,** ancestry, age**,** or disability;

(2) For a labor organization to exclude or to expel from its membership any individual or to discriminate in any way against any of its members or against any employer or any individual employed by an employer because of race, color, religion, national origin, sex, **sexual orientation, gender identity, firearm ownership,** ancestry, age**,** or disability of any individual; or to limit, segregate, or classify its membership, or to classify or fail or refuse to refer for employment any individual, in any way which would deprive or tend to deprive any individual of employment opportunities, or would limit such employment opportunities or otherwise adversely affect **[**his**]** **such individual's** status as an employee or as an applicant for employment, because of such individual's race, color, religion, national origin, sex, **sexual orientation, gender identity, firearm ownership,** ancestry, age**,** or disability; or for any employer, labor organization, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs to discriminate against any individual because of **[**his**]** **such individual's** race, color, religion, national origin, sex, **sexual orientation, gender identity, firearm ownership,** ancestry, age**,** or disability in admission to, or employment in, any program established to provide apprenticeship or other training;

(3) For any employer or employment agency to print or circulate or cause to be printed or circulated any

3. Nothing contained in this chapter shall be interpreted to require any employer, employment agency, labor organization, or joint labor-management committee subject to this chapter to grant preferential treatment to any individual or to any group because of the race, color, religion, national origin, sex, **sexual orientation, gender identity, firearm ownership,** ancestry, age**,** or disability of such individual or group on account of an imbalance which may exist with respect to the total number or percentage of persons of any race, color, religion, national origin, sex, **sexual orientation, gender identity, firearm ownership,** ancestry, age**,** or disability employed by any employer, referred or classified for employment by any employment agency or labor organization, admitted to membership or classified by any labor organization, or admitted to or employed in any apprenticeship or other training program, in comparison with the total number or percentage of persons of such race, color, religion, national origin, sex, **sexual orientation, gender identity, firearm ownership,** ancestry, age**,** or disability in any community, state, section, or other area, or in the available workforce in any community, state, section, or other area.

4. Notwithstanding any other provision of this chapter, it shall not be an unlawful employment practice for the state or any political subdivision of the state to comply with the provisions of 29 U.S.C. Section 623 relating to employment as firefighters or law enforcement officers.

213.065. 1. SENATE AMENDMENT NO. 2

Amend Senate Substitute for House Bill No. 2400, Page 1, Section A, Line 3, by inserting after all of said line the following:

"130.029. 1. Nothing herein contained shall be construed to prohibit any corporation organized under any general or special law of this state, or any other state or by an act of the Congress of the United States or any labor organization, cooperative association or mutual association from making any contributions or expenditures, provided:

(1) That the board of directors of any corporation by resolution has authorized contributions or

expenditures, or by resolution has authorized a designated officer to make such contributions or expenditures; or

(2) That the members of any labor organization, cooperative association or mutual association have authorized contributions or expenditures by a majority vote of the members present at a duly called meeting of any such labor organization, cooperative association or mutual association or by such vote has authorized a designated officer to make such contributions or expenditures.

2. No provision of this section shall be construed to authorize contributions or expenditures otherwise prohibited by, or to change any necessary percentage of vote otherwise required by, the articles of incorporation or association or bylaws of such labor organization, corporation, cooperative or mutual association.

3. Authority to make contributions or expenditures as authorized by this section shall be adopted by general or specific resolution. This resolution shall state the total amount of contributions or expenditures authorized, the purposes of such contributions or expenditures and the time period within which such authority shall exist.

4. (1) Any limited liability company that is duly registered pursuant to chapter 347 and that has not elected to be classified as a corporation under the federal tax code may make contributions to any committee if the limited liability company has:

(a) Been in existence for at least one year prior to such contribution; and

(b) Electronically filed with the Missouri ethics commission indicating that the limited liability company is a legitimate business with a legitimate business interest and is not created for the sole purpose of making campaign contributions.

(2) The Missouri ethics commission shall develop a method for limited liability companies to use for purposes of paragraph (b) of subdivision (1) of this subsection. The commission shall post all information submitted pursuant to this subdivision on its website on a public page in a searchable format.

143.081. 1. A resident individual, resident estate, and resident trust shall be allowed a credit against the tax otherwise due pursuant to sections 143.005 to 143.998 for the amount of any income tax imposed for the taxable year by another state of the United States (or a political subdivision thereof) or the District of Columbia on income derived from sources therein and which is also subject to tax pursuant to sections 143.005 to 143.998. For purposes of this subsection, the phrase "income tax imposed" shall be that amount of tax before any income tax credit allowed by such other state or the District of Columbia if the other state or the District of Columbia authorizes a reciprocal benefit for residents of this state.

2. The credit provided pursuant to this section shall not exceed an amount which bears the same ratio to the tax otherwise due pursuant to sections 143.005 to 143.998 as the amount of the taxpayer's Missouri adjusted gross income derived from sources in the other taxing jurisdiction bears to the taxpayer's Missouri adjusted gross income derived from all sources. In applying the limitation of the previous sentence to an estate or trust, Missouri taxable income shall be substituted for Missouri adjusted gross income. If the tax of more than one other taxing jurisdiction is imposed on the same item of income, the credit shall not exceed the limitation that would result if the taxes of all the other jurisdictions applicable to the item were deemed to be of a single jurisdiction.

U.S.C. Section 702(a), of the affected business entity, to the extent derived from or connected with sources within this state, as determined pursuant to section 143.455, decreased by the deduction allowed under 26 U.S.C. Section 199A computed as if such deduction was allowed to be taken by the affected business entity for federal tax purposes, and increased or decreased by any modification made pursuant to section 143.471 that relates to an item of the affected business entity's income, gain, loss, or deduction, to the extent derived from or connected with sources within this state, as determined pursuant to section 143.455, with such sum multiplied by the highest rate of tax used to determine a Missouri income tax liability for an individual pursuant to section 143.011. An affected entity paying the tax pursuant to this subsection shall include with the payment of such taxes each report provided to a member pursuant to subsection 7 of this section.

(2) If the amount calculated pursuant to subdivision (1) of this section results in a net loss, such net loss may be carried forward to succeeding tax years for which the affected business entity elects to be subject to tax pursuant to subsection 11 of this section until fully used.

5. If an affected business entity is a direct or indirect member of another affected business entity, the member affected business entity shall, when calculating its net income or loss pursuant to subsections 3 or 4 of this section, subtract its distributive share of income or add its distributive share of loss from the affected business entity in which it is a direct or indirect member to the extent that the income or loss was derived from or connected with sources within this state, as determined pursuant to section 143.455.

6. A nonresident individual who is a member shall not be required to file an income tax return pursuant to this chapter for a tax year if, for such tax year, the only source of income derived from or connected with sources within the state for such member, or the member and the member's spouse if a joint federal income tax return is or shall be filed, is from one or more affected business entities and such affected business entity or entities file and pay the tax due under this section.

(2) If the amount of the credit authorized by this subsection exceeds such member's tax liability for the tax imposed pursuant to section 143.011, the excess amount shall not be refunded but may be carried forward to each succeeding tax year until such credit is fully taken.

9. (1) Each member that is subject to the tax imposed pursuant to section 143.011 as a resident or part-year resident of this state shall be entitled to a credit against the tax imposed pursuant to section 143.011 for such member's direct and indirect pro rata share of taxes paid to another state of the United States or to the District of Columbia, on income of any partnership or S corporation of which such person is a member that is derived therefrom, provided the taxes paid to another state of the United States or to the District of Columbia results from a tax that the director of revenue determines is substantially similar to the tax imposed pursuant to this section. Any such credit shall be calculated in a manner to be prescribed by the director of revenue, provided such calculation is consistent with the provisions of this section, and further provided that the limitations provided in subsection 2 of section 143.081 shall apply to the credit authorized by this subsection.

(2) If the amount of the credit authorized by this subsection exceeds such member's tax liability for the tax imposed pursuant to section 143.011, the excess amount shall not be refunded and shall not be carried forward.

Such credit shall be applied after all other credits.

(2) If the amount of the credit authorized by this subsection exceeds such corporation's tax liability for the tax imposed pursuant to section 143.071, the excess amount shall not be refunded but may be carried forward to each succeeding tax year until such credit is fully taken.

15. The department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void.

144.010. 1. The following words, terms, and phrases when used in sections 144.010 to 144.525 have the meanings ascribed to them in this section, except when the context indicates a different meaning:

(1) "Admission" includes seats and tables, reserved or otherwise, and other similar accommodations and charges made therefor and amount paid for admission, exclusive of any admission tax imposed by the federal government or by sections 144.010 to 144.525;

(2) "Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect, and the classification of which business is of such character as to be subject to the terms of sections 144.010 to 144.525. A person is "engaging in business" in this state for purposes of sections 144.010 to 144.525 if such person engages in business activities within this state or maintains a place of business in this state under section 144.605. The isolated or occasional sale of tangible personal property, service, substance, or thing, by a person not engaged in such business, does not constitute engaging in business within the meaning of sections 144.010 to 144.525 unless the total amount of the gross receipts from such sales, exclusive of receipts from the sale of tangible personal property by persons which property is sold in the course of the partial or complete liquidation of a household, farm or nonbusiness enterprise, exceeds three thousand dollars in any calendar year. In determining any tax due under sections 144.010 to 144.525 on the gross receipts, charges incident to the extension of credit shall be specifically exempted. For the purposes of sections 144.010 to 144.525 the total amount of the sale price above mentioned shall be deemed to be the amount received. It shall also include the lease or rental consideration where the right to continuous possession or use of any article of tangible personal property is granted under a lease or contract and such transfer of possession would be taxable if outright sale were made and, in such cases, the same shall be taxable as if outright sale were made and considered as a sale of such article, and the tax shall be computed and paid by the lessee upon the rentals paid. The term gross receipts shall not include usual and customary delivery charges that are stated separately from the sale price;

(5) "Instructional class", includes any class, lesson, or instruction intended or used for teaching;

(10) "Purchaser" means a person who purchases tangible personal property or to whom are rendered services, receipts from which are taxable under sections 144.010 to 144.525;

(11) "Research or experimentation activities" are the development of an experimental or pilot model, plant process, formula, invention or similar property, and the improvement of existing property of such type. Research or experimentation activities do not include activities such as ordinary testing or inspection of materials or products for quality control, efficiency surveys, advertising promotions or research in connection with literary, historical or similar projects;

(13) "Sale at retail" means any transfer made by any person engaged in business as defined herein of the ownership of, or title to, tangible personal property to the purchaser, for use or consumption and not for resale in any form as tangible personal property, for a valuable consideration; except that, for the purposes of sections 144.010 to 144.525 and the tax imposed thereby: (i) purchases of tangible personal property made by duly licensed physicians, dentists, optometrists and veterinarians and used in the practice of their professions shall be deemed to be purchases for use or consumption and not for resale; and (ii) the selling of computer printouts, computer output or microfilm or microfiche and computer-assisted photo compositions to a purchaser to enable the purchaser to obtain for his or her own use the desired information contained in such computer printouts, computer output on microfilm or microfiche and computer-assisted photo compositions shall be considered as the sale of a service and not as the sale of tangible personal property. Where necessary to conform to the context of sections 144.010 to 144.525 and the tax imposed thereby, the term sale at retail shall be construed to embrace:

(a) Sales of admission tickets, cash admissions, charges and fees to or in places of amusement, entertainment and recreation, games and athletic events, except amounts paid for any instructional class;

16. The administering agency of any tax credit program for which reporting requirements are required under the provisions of subsection 1 of this section shall publish guidelines and may promulgate rules to implement the provisions of such subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

If the **[**taxpayer**]** **recipient** is not required to file an income tax return, the **[**taxpayer's**]** **recipient's** liability for penalties shall be due as of **the next** April fifteenth**[** of each year**]**. The director of the department of revenue shall prepare forms and promulgate rules to allow for the reporting and satisfaction of liability for such penalties**, and, for valuable consideration, may enter into agreements to compromise or abate some or all of the penalty amount**. The director of the department of revenue shall offset any credits claimed on a contemporaneously filed tax return against an outstanding penalty before applying such credits to the tax year against which they were originally claimed. 3. Penalties shall remain the liability of the person or entity obligated to complete the annual reporting, without regard to any transfer of the credits.

4. Any person or entity obligated to complete the annual reporting requirements provided in section 135.805 shall provide the proper administering agency with notice of change of address when **[**necessary**]** **a change of address occurs. The administering agency shall notify the department of revenue and the department of economic development of such change of address**.

5. An administering agency may promulgate rules in order to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions

of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

135.815. 1. Prior to authorization of any tax credit application, an administering agency shall verify through the department of revenue that the tax credit applicant does not owe any delinquent income, sales, or use taxes, or interest**, additions,** or penalties on such taxes, and through the department of commerce and insurance that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of commerce and insurance concludes that a taxpayer is delinquent after June fifteenth but before July first of any year, and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits towards a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

2. Any applicant of a tax credit program **[**contained in the definition of the term "all tax credit programs"**]** who **[**purposely and directly**]** **knowingly** employs unauthorized aliens shall forfeit any tax credits issued to such applicant which have not been redeemed, and shall repay the amount of any tax credits redeemed by such applicant during the period of time such unauthorized alien was employed by the applicant. **Such forfeiture and repayment shall be additional to, and not in lieu of, any penalties imposed pursuant to section 135.810.** As used in this subsection, the term "unauthorized alien" shall mean an alien who does not have the legal right or authorization under federal law to work in the United States, as defined under Section 8 U.S.C. 1324a(h)(3). **The amount of tax credits required to be repaid under this subsection, but which are not repaid by the applicant, shall be subject to the same procedure and provisions of law as a liability for unpaid income tax arising on the date that the department of revenue became aware of the violation of this provision.**

135.825. 1. The administering agencies for all tax credit programs shall, in cooperation with the department of revenue **and the department of economic development**, implement a system for tracking the amount of tax credits authorized, issued, and redeemed. Any such agency may promulgate rules for the implementation of this section.

2. The provisions of this section shall not apply to any credit that is issued and redeemed simultaneously.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

143.119. 1. A self-employed taxpayer, as such term is used in the federal internal revenue code, who is otherwise ineligible for the federal income tax health insurance deduction under Section 162 of the federal

internal revenue code shall be entitled to a credit against the tax otherwise due under this chapter, excluding withholding tax imposed by sections 143.191 to 143.265, in an amount equal to the portion of such taxpayer's federal tax liability incurred due to such taxpayer's inclusion of such payments in federal adjusted gross income. **To be eligible for a credit under this section, the self-employed taxpayer shall have a Missouri income tax liability, before any other tax credits, of less than three thousand dollars.** The tax credits authorized under this section shall be nontransferable**, nonrefundable, and shall not be carried back or forward to any other tax year**. **[**To the extent tax credit issued under this section exceeds a taxpayer's state income tax liability, such excess shall be considered an overpayment of tax and shall be refunded to the taxpayer.**] A self-employed taxpayer shall not claim both a tax credit under this section and a subtraction under section 143.113, for the same tax year.**

2. The director of the department of revenue shall promulgate rules and regulations to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

3. Pursuant to section 23.253 of the Missouri sunset act:

(1) The provisions of this section shall sunset automatically on December 31, 2028, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, this section shall sunset automatically December thirty-first six years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to redeem tax credits authorized on or before the date the program authorized pursuant to this section expires, or a taxpayer's ability to redeem such tax credits."; and

Further amend said bill, page 5, Section 285.730, line 143, by inserting after all of said line the following:

"620.1039. 1. As used in this section, the **[**term**] following terms shall mean:**

2. **(1)** For tax years beginning on or after January 1, 2001, **and ending before January 1, 2005,** the director of the department of economic development may authorize a taxpayer to receive a tax credit against the tax otherwise due pursuant to chapter 143, or chapter 148, other than the taxes withheld pursuant to sections 143.191 to 143.265, in an amount up to six and one-half percent of the excess of the taxpayer's qualified research expenses, as certified by the director of the department of economic development, within this state during the taxable year over the average of the taxpayer's qualified research expenses within this state over the immediately preceding three taxable years; except that, no tax credit shall be allowed on that portion of the taxpayer's qualified research expenses incurred within this state during the taxable year in which the credit is being claimed, to the extent such expenses exceed two hundred percent of the taxpayer's average qualified research expenses incurred during the immediately preceding three taxable years.

(2) For all tax years beginning on or after January 1, 2023, the director of economic development

However, in no case shall a tax credit be allowed for any portion of qualified research expenses that exceed two hundred percent of the taxpayer's average qualified research expenses incurred during the three immediately preceding tax years.

3. The director of economic development shall prescribe the manner in which the tax credit may be applied for. The tax credit authorized by this section may be claimed by the taxpayer to offset the tax liability imposed by chapter 143 or chapter 148 that becomes due in the tax year during which such qualified research expenses were incurred. **For tax years ending before January 1, 2005,** where the amount of the credit exceeds the tax liability, the difference between the credit and the tax liability may only be carried forward for the next five succeeding taxable years or until the full credit has been claimed, whichever first occurs. **For all tax years beginning on or after January 1, 2023, where the amount of the credit exceeds the tax liability, the difference between the credit and the tax liability may only be carried forward for the next twelve succeeding tax years or until the full credit has been claimed, whichever occurs first.** The application for tax credits authorized by the director pursuant to subsection 2 of this section shall be made no later than the end of the taxpayer's tax period immediately following the tax period for which the credits are being claimed.

4. **(1)** Certificates of tax credit issued pursuant to this section may be transferred, sold or assigned by filing a notarized endorsement thereof with the department which names the transferee and the amount of tax credit transferred. The director of economic development may allow a taxpayer to transfer, sell or assign up to forty percent of the amount of the certificates of tax credit issued to and not claimed by such taxpayer pursuant to this section during any tax year commencing on or after January 1, 1996, and ending not later than December 31, 1999. Such taxpayer shall file, by December 31, 2001, an application with the department which names the transferee, the amount of tax credit desired to be transferred, and a certification that the funds received by the applicant as a result of the transfer, sale or assignment of the tax credit shall be expended within three years at the state university for the sole purpose of conducting research activities agreed upon by the department, the taxpayer and the state university. Failure to expend such funds in the manner prescribed pursuant to this section shall cause the applicant to be subject to the provisions of section 620.017.

SENATE AMENDMENT NO. 4

Amend Senate Substitute for House Bill No. 2400, Page 1, Section A, Line 3, by inserting after all of said line the following:

"135.110. 1. Any taxpayer who shall establish a new business facility shall be allowed a credit, each year for ten years, in an amount determined pursuant to subsection 2 or 3 of this section, whichever is applicable, against the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or an insurance company which shall establish a new business facility by satisfying the requirements in subdivision (9) of section 135.100 shall be allowed a credit against the tax otherwise imposed by chapter 148, and in the case of an insurance company exempt from the thirty percent employee requirement of section 135.230, against any obligation imposed pursuant to section 375.916, except that no taxpayer shall be entitled to multiple ten-year periods for subsequent expansions at the same facility, except as otherwise provided in this section. For the purpose of this section, the term "facility" shall mean, and be limited to, the facility or facilities which are located on the same site in which the new business facility is located, and in which the business conducted at such facility or facilities is directly related to the business conducted at the new business facility. Notwithstanding the provisions of this subsection, a taxpayer may be entitled to an additional ten-year period**, and an additional six-year period after the expiration of such additional ten-year period,** if a new business facility is expanded in the eighth, ninth or tenth year of the current ten-year period or in subsequent years following the expiration of the ten-year period, if the number of new business facility employees attributed to such expansion is at least twenty-five and the amount of new business facility investment attributed to such expansion is at least one million dollars. Credits may not be carried forward but shall be claimed for the taxable year during which commencement of commercial operations occurs at such new business facility, and for each of the nine succeeding taxable years. A letter of intent, as provided for in section 135.258, must be filed with the department of economic development no later than fifteen days prior to the commencement of commercial operations at the new business facility. The initial application for claiming tax credits must be made in the taxpayer's tax period immediately following the tax period in which commencement of commercial operations began at the new business facility. This provision shall have effect on all initial applications filed on or after August 28, 1992. No credit shall be allowed pursuant to this section unless the number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two; except that the number of new business facility employees engaged or maintained in employment by a revenue-producing enterprise other than a revenue-producing enterprise defined in paragraphs (a) to (g) and (i) to (l) of subdivision (12) of section 135.100 which establishes an office as defined in subdivision (9) of section 135.100 shall equal or exceed twenty-five.

2. For tax periods beginning after August 28, 1991, in the case of a taxpayer operating an existing business facility, the credit allowed by subsection 1 of this section shall offset the greater of:

(1) Some portion of the income tax otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or in the case of an insurance company, the tax on the direct premiums, as defined in chapter 148, and in the case of an insurance company exempt from the thirty percent employee requirement of section 135.230, against any obligation imposed pursuant to section 375.916 with respect to such taxpayer's new business facility income for the taxable year for which such credit is allowed; or

(2) Up to fifty percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, seventy-five percent of the business income tax otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or in the case of an insurance company, the tax on the direct premiums, as defined in chapter 148, and in the case of an insurance company exempt from the thirty percent employee requirement of section 135.230, against any obligation imposed pursuant to section 375.916 if the business operates no other facilities in Missouri. In the case of an existing business facility operating more than one facility in Missouri, the credit allowed in subsection 1 of this section shall offset up to the greater of the portion prescribed in subdivision (1) of this subsection or twenty-five percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, thirty-five percent of the business' tax, except that no taxpayer operating more than one facility in Missouri shall be allowed to offset more than twenty-five percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, thirty-five percent of the taxpayer's business income tax in any tax period under the method prescribed in this subdivision. Such credit shall be an amount equal to the sum of one hundred dollars or, in the case of an economic development project located within a distressed community as defined in section 135.530, one hundred fifty dollars for each new business facility employee plus one hundred dollars or, in the case of an economic development project located within a distressed community as defined in section 135.530, one hundred fifty dollars for each one hundred thousand dollars, or major fraction thereof (which shall be deemed to be fifty-one percent or more) in new business facility investment. For the purpose of this section, tax credits earned by a taxpayer, who establishes a new business facility because it satisfies the requirements of paragraph (c) of subdivision (5) of section 135.100, shall offset the greater of the portion prescribed in subdivision (1) of this subsection or up to fifty percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, seventy-five percent of the business' tax provided the business operates no other facilities in Missouri. In the case of a business operating more than one facility in Missouri, the credit allowed in subsection 1 of this section shall offset up to the greater of the portion prescribed in subdivision (1) of this subsection or twenty-five percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, thirty-five percent of the business' tax, except that no taxpayer operating more than one facility in Missouri shall be allowed to offset more than twenty-five percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, thirty-five percent of the taxpayer's business income tax in any tax period under the method prescribed in this subdivision.

3. For tax periods beginning after August 28, 1991, in the case of a taxpayer not operating an existing business facility, the credit allowed by subsection 1 of this section shall offset the greater of:

(1) Some portion of the income tax otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or in the case of an insurance company, the tax on the direct premiums, as defined in chapter 148, and in the case of an insurance company exempt from the thirty percent employee requirement of section 135.230, against any obligation imposed pursuant to section

375.916 with respect to such taxpayer's new business facility income for the taxable year for which such credit is allowed; or

(2) Up to one hundred percent of the business income tax otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or in the case of an insurance company, the tax on the direct premiums, as defined in chapter 148, and in the case of an insurance company exempt from the thirty percent employee requirement of section 135.230, against any obligation imposed pursuant to section 375.916 if the business has no other facilities operating in Missouri. In the case of a taxpayer not operating an existing business and operating more than one facility in Missouri, the credit allowed by subsection 1 of this section shall offset up to the greater of the portion prescribed in subdivision (1) of this subsection or twenty-five percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, thirty-five percent of the business' tax, except that no taxpayer operating more than one facility in Missouri shall be allowed to offset more than twenty-five percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, thirty-five percent of the taxpayer's business income tax in any tax period under the method prescribed in this subdivision. Such credit shall be an amount equal to the sum of seventy-five dollars or, in the case of an economic development project located within a distressed community as defined in section 135.530, one hundred twenty-five dollars for each new business facility employee plus seventy-five dollars or, in the case of an economic development project located within a distressed community as defined in section 135.530, one hundred twenty-five dollars for each one hundred thousand dollars, or major fraction thereof (which shall be deemed to be fifty-one percent or more) in new business facility investment.

4. The number of new business facility employees during any taxable year shall be determined by dividing by twelve the sum of the number of individuals employed on the last business day of each month of such taxable year. If the new business facility is in operation for less than the entire taxable year, the number of new business facility employees shall be determined by dividing the sum of the number of individuals employed on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility because it qualifies as a separate facility pursuant to subsection 6 of this section, and, in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision (5) of section 135.100, or subdivision (11) of section 135.100, the number of new business facility employees at such facility shall be reduced by the average number of individuals employed, computed as provided in this subsection, at the facility during the taxable year immediately preceding the taxable year in which such expansion, acquisition, or replacement occurred and shall further be reduced by the number of individuals employed by the taxpayer or related taxpayer that was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation or the establishment of a new facility.

5. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility because it qualifies as a separate facility pursuant to subsection 6 of this section, and, in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision (5) of section 135.100 or subdivision (11) of section 135.100, the amount of the taxpayer's new business facility investment in such facility shall be reduced by the average amount, computed as provided in subdivision (8) of section 135.100 for new business facility investment, of the investment of the taxpayer, or related taxpayer immediately preceding such expansion or replacement or at the time of acquisition.

Furthermore, the amount of the taxpayer's new business facility investment shall also be reduced by the amount of investment employed by the taxpayer or related taxpayer which was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation or the establishment of a new facility.

6. If a facility, which does not constitute a new business facility, is expanded by the taxpayer, the expansion shall be considered a separate facility eligible for the credit allowed by this section if:

(1) The taxpayer's new business facility investment in the expansion during the tax period in which the credits allowed in this section are claimed exceeds one hundred thousand dollars, or, if less, one hundred percent of the investment in the original facility prior to expansion and if the number of new business facility employees engaged or maintained in employment at the expansion facility for the taxable year for which credit is claimed equals or exceeds two, except that the number of new business facility employees engaged or maintained in employment at the expansion facility for the taxable year for which the credit is claimed equals or exceeds twenty-five if an office as defined in subdivision (9) of section 135.100 is established by a revenue-producing enterprise other than a revenue-producing enterprise defined in paragraphs (a) to (g) and (i) to (l) of subdivision (12) of section 135.100 and the total number of employees at the facility after the expansion is at least two greater than the total number of employees before the expansion, except that the total number of employees at the facility after the expansion is at least greater than the number of employees before the expansion by twenty-five, if an office as defined in subdivision (9) of section 135.100 is established by a revenue-producing enterprise other than a revenue-producing enterprise defined in paragraphs (a) to (g) and (i) to (l) of subdivision (12) of section 135.100; and

(2) The expansion otherwise constitutes a new business facility. The taxpayer's investment in the expansion and in the original facility prior to expansion shall be determined in the manner provided in subdivision (8) of section 135.100.

7. No credit shall be allowed pursuant to this section to a public utility, as such term is defined in section 386.020. Notwithstanding any provision of this subsection to the contrary, motor carriers, barge lines or railroads engaged in transporting property for hire, or any interexchange telecommunications company or local exchange telecommunications company that establishes a new business facility shall be eligible to qualify for credits allowed in this section.

8. For the purposes of the credit described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, this credit shall be allowed to the following:

(1) The shareholders of the corporation described in section 143.471;

(2) The partners of the partnership. This credit shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

9. Notwithstanding any provision of law to the contrary, any employee-owned engineering firm classified as SIC 8711, architectural firm as classified SIC 8712, or accounting firm classified SIC 8721 establishing a new business facility because it qualifies as a headquarters as defined in subsection 10 of this section, shall be allowed the credits described in subsection 11 of this section under the same terms and conditions prescribed in sections 135.100 to 135.150; provided:

(1) Such facility maintains an average of at least five hundred new business facility employees as defined in subdivision (6) of section 135.100 during the taxpayer's tax period in which such credits are being claimed; and

(2) Such facility maintains an average of at least twenty million dollars in new business facility investment as defined in subdivision (8) of section 135.100 during the taxpayer's tax period in which such credits are being claimed.

10. For the purpose of the credits allowed in subsection 9 of this section:

(1) "Employee-owned" means the business employees own directly or indirectly, including through an employee stock ownership plan or trust at least:

(a) Seventy-five percent of the total business stock, if the taxpayer is a corporation described in section 143.441; or

(b) One hundred percent of the interest in the business if the taxpayer is a corporation described in section 143.471, a partnership, or a limited liability company; and

(2) "Headquarters" means:

(a) The administrative management of at least three integrated facilities operated by the taxpayer or related taxpayer; and

(b) The taxpayer's business has been headquartered in this state for more than fifty years.

11. The tax credits allowed in subsection 9 of this section shall be the greater of:

(1) Four hundred dollars for each new business facility employee as computed in subsection 4 of this section and four percent of new business facility investment as computed in subsection 5 of this section; or

(2) Five hundred dollars for each new business facility employee as computed in subsection 4 of this section, and five hundred dollars of each one hundred thousand dollars of new business facility investment as computed in subsection 5 of this section.

12. For the purpose of the credit described in subsection 9 of this section, in the case of a small corporation described in section 143.471, or a partnership, or a limited liability company, the credits allowed in subsection 9 of this section shall be apportioned in proportion to the share of ownership of each shareholder, partner or stockholder on the last day of the taxpayer's tax period for which such credits are being claimed.

13. For the purpose of the credit described in subsection 9 of this section, tax credits earned, to the extent such credits exceed the taxpayer's Missouri tax on taxable business income, shall constitute an overpayment of taxes and in such case, be refunded to the taxpayer provided such refunds are used by the taxpayer to purchase specified facility items. For the purpose of the refund as authorized in this subsection, "specified facility items" means equipment, computers, computer software, copiers, tenant finishing, furniture and fixtures installed and in use at the new business facility during the taxpayer's taxable year. The taxpayer shall perfect such refund by attesting in writing to the director, subject to the penalties of perjury, the requirements prescribed in this subsection have been met and submitting any other information the director may require.

14. Notwithstanding any provision of law to the contrary, any taxpayer may sell, assign, exchange,

convey or otherwise transfer tax credits allowed in subsection 9 of this section under the terms and conditions prescribed in subdivisions (1) and (2) of this subsection. Such taxpayer, referred to as the assignor for the purpose of this subsection, may sell, assign, exchange or otherwise transfer earned tax credits:

(1) For no less than seventy-five percent of the par value of such credits; and

(2) In an amount not to exceed one hundred percent of such earned credits. The taxpayer acquiring the earned credits referred to as the assignee for the purpose of this subsection may use the acquired credits to offset up to one hundred percent of the tax liabilities otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.261, or chapter 148, or in the case of an insurance company exempt from the thirty percent employee requirement of section 135.230, against any obligation imposed pursuant to section 375.916. Unused credits in the hands of the assignee may be carried forward for up to five tax periods, provided all such credits shall be claimed within ten tax periods following the tax period in which commencement of commercial operations occurred at the new business facility. The assignor shall enter into a written agreement with the assignee establishing the terms and conditions of the agreement and shall perfect such transfer by notifying the director in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the director to administer and carry out the provisions of this subsection. Notwithstanding any other provision of law to the contrary, the amount received by the assignor of such tax credit shall be taxable as income of the assignor, and the difference between the amount paid by the assignee and the par value of the credits shall be taxable as income of the assignee.

135.155. 1. Notwithstanding any provision of the law to the contrary, no revenue-producing enterprise other than headquarters as defined in subsection 10 of section 135.110 shall receive the incentives set forth in sections 135.100 to 135.150 for facilities commencing operations on or after January 1, 2005. No headquarters shall receive the incentives set forth in subsections 9 to 14 of section 135.110 for facilities commencing or expanding operations on or after January 1, **[**2025**]** **2031**.

2. Notwithstanding subsection 9 of section 135.110 to the contrary, expansions at headquarters facilities shall each be considered a separate new business facility and each be entitled to the credits as set forth in subsections 9 to 14 of section 135.110 if the number of new business facility employees attributed to each such expansion is at least twenty-five and the amount of new business facility investment attributed to each such expansion is at least one million dollars. In any year in which a new business facility is not created, the jobs and investment for that year shall be included in calculating the credits for the most recent new business facility and not an earlier created new business facility.

3. Notwithstanding any provision of law to the contrary, for headquarters, buildings on multiple noncontiguous real properties shall be considered one facility if the buildings are located within the same county or within the same municipality.”; and

Further amend the title and enacting clause accordingly.

Senator Razer moved that the above amendment be adopted, which motion prevailed.

3.**]** The department shall publish guidelines and may promulgate rules and regulations governing the **[**training**]** **Missouri one start** program. In establishing such guidelines and promulgating such rules and regulations, the department shall consider such factors as the potential number of new jobs to be created **or the number of jobs to be retained**, the potential number of new minority jobs created, the amount of new capital investment in new **or existing** facilities and equipment, the significance of state benefits to the qualified company's decision to locate or expand in Missouri, the economic need of the affected community, and the importance of the qualified company to the economic development of the state. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers

vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

[4.**]** **3.** The department shall make **Missouri one start** program applications and guidelines available online.

[5.**]** **4.** The department may contract with other entities for the purposes of advertising, marketing, or promoting the **[**training**]** **Missouri one start** program established in sections 620.800 to 620.809. [8.**]** **7.** The department may require repayment of all benefits awarded, increased by an additional amount that shall provide the state a reasonable rate of return, to any qualified company under sections 620.800 to 620.809 that fails to maintain the new or retained jobs within five years of approval of the benefits or that leaves the state within five years of approval of the benefits.

[9.**]** **8.** The department shall be authorized to contract with other entities, including businesses, industries, other state agencies, and political subdivisions of the state for the purpose of implementing a training project **or providing recruitment services** under the provisions of sections 620.800 to 620.809.

620.806. 1. There is hereby created in the state treasury a fund to be known as the "Missouri One Start Job Development Fund", that shall be administered by the department for the purposes of the Missouri one start program. The fund shall consist of all moneys which may be appropriated to it by the general assembly and also any gifts, contributions, grants, or bequests received from federal, private or other sources, including, but not limited to, any block grant or other sources of funding relating to job training, school-to-work transition, welfare reform, vocational and technical training, housing, infrastructure, development, and human resource investment programs which may be provided by the federal government or other sources. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. 2. The department may provide financial assistance **for training projects** through the **[**training**]** **Missouri one start** program **from the Missouri one start job development fund** to qualified companies that create new jobs which will result in the need for training, or that make new capital investment relating directly to the retention of jobs in an amount at least five times greater than the amount of any financial assistance. Financial assistance may also be provided to a consortium of a majority of qualified companies organized to provide common training to the consortium members' employees.

3. Funds in the Missouri one start job development fund shall be appropriated, **for recruitment services,**

Notwithstanding any provision of law to the contrary, no qualified company within a service industry shall be eligible for **training** assistance under this subsection unless such qualified company provides services in interstate commerce, which shall mean that the qualified company derives a majority of its annual revenues from out of the state.

[3.**]** **4.** Upon appropriation, a local education agency may petition the department to utilize the Missouri one start job development fund in order to create or improve training facilities, training equipment, training staff, training expertise, training programming, and administration. The department shall review all petitions and may award funds from the Missouri one start job development fund for reimbursement of training project costs and training project services as it deems necessary.

[4.**]** **5.** The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void.

Such disbursements by the department shall be made to the special fund for each project as provided under subsection **[**5**] 6** of this section. All moneys remaining in the fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided in section 33.080, but shall remain in the fund. **All unobligated funds in the Missouri One Start Community College Job Retention Training Fund on July 1, 2023, shall be transferred to the Missouri one start community college training fund authorized pursuant to subsection 3 of this section.**

3. **There is hereby created in the state treasury the "Missouri One Start Community College Training Fund", that shall be administered by the department for training projects in the Missouri one start program. Such disbursements shall be made to the special fund for each training project as provided under subsection 6 of this section. All moneys remaining in the fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided in section 33.080, but shall remain in the fund.**

4. The department of revenue shall develop such forms as are necessary to demonstrate accurately each qualified company's new jobs credit paid **through June 30, 2023,** into the Missouri one start community college new jobs training fund or retained jobs credit paid **through June 30, 2023,** into the Missouri one start community college job retention training fund. **The department of revenue shall develop such forms as are necessary to demonstrate accurately each qualified company's new or retained jobs credit, or both, as applicable, paid beginning July 1, 2023, into the Missouri one start community college jobs training fund.** The new or retained jobs credits**, or both, as applicable,** shall be accounted as separate from the normal withholding tax paid to the department of revenue by the qualified company. **Through June 30, 2023,** reimbursements made by all qualified companies to the Missouri one start community college new jobs training fund and the Missouri one start community college job retention training fund shall be no less than all allocations made by the department to all community college districts for all projects. **Beginning July 1, 2023, reimbursements made by all qualified companies to the Missouri one start community college training fund shall be no less than all allocations made by the department to all community college districts for all projects.** The qualified company shall remit the amount of the new or retained jobs

[4.**] 5.** A community college district, with the approval of the department in consultation with the office of administration, may enter into an agreement to establish a training project and provide training project services to a qualified company. **The department shall have the discretion to determine the appropriate amount of funds to allocate per training project.** As soon as possible after initial contact between a community college district and a potential qualified company regarding the possibility of entering into an agreement, the community college district shall inform the department of the potential training project. The department shall evaluate the proposed training project within the overall job training efforts of the state to ensure that the training project will not duplicate other job training programs. The department shall have fourteen days from receipt of a notice of intent to approve or disapprove a training project. If no response is received by the qualified company within fourteen days, the training project shall be deemed approved. Disapproval of any training project shall be made in writing and state the reasons for such disapproval. If an agreement is entered into, the district and the qualified company shall notify the department of revenue within fifteen calendar days. In addition to any provisions required under subsection 6 of this section for a qualified company applying to receive a new or retained job credit, **or both, as applicable,** an agreement may provide, but shall not be limited to:

(1) Payment of training project costs, which may be paid from one or a combination of the following sources:

(a) **Through June 30, 2023,** funds appropriated by the general assembly to the Missouri one start community college new jobs training program fund or Missouri one start community college job retention training program fund, as applicable, and disbursed by the department for the purposes consistent with sections 620.800 to 620.809;

Payments for on-the-job training shall not exceed the average of fifty percent of the total wages paid by the qualified company to each participant during the period of training. Payment for on-the-job training may continue for up to six months from the date the training begins;

(4) A provision which fixes the minimum amount of new or retained jobs credits, **or both, if applicable,** general revenue fund appropriations, or tuition and fee payments which shall be paid for training project costs; and

(5) Any payment required to be made by a qualified company. This payment shall constitute a lien upon

the qualified company's business property until paid, shall have equal priority with ordinary taxes and shall not be divested by a judicial sale. Property subject to such lien may be sold for sums due and delinquent at a tax sale, with the same forfeitures, penalties, and consequences as for the nonpayment of ordinary taxes. The purchasers at a tax sale shall obtain the property subject to the remaining payments.

[5.**] 6.** (1) For projects that are funded exclusively under **[**paragraph**] paragraphs** (a) **and (b)** of subdivision (1) of subsection **[**4**] 5** of this section, the department shall disburse such funds to the special fund for each training project in the same proportion as the new jobs or retained jobs credits remitted by the qualified company participating in such project bears to the total new jobs or retained jobs credits from withholding remitted by all qualified companies participating in projects during the period for which the disbursement is made.

(2) Subject to appropriation, for projects that are funded through a combination of funds under paragraphs (a) **[**and**],** (b)**, and (c)** of subdivision (1) of subsection **[**4**] 5** of this section, the department shall disburse funds appropriated under paragraph **[**(b)**] (c)** of subdivision (1) of subsection **[**4**] 5** of this section to the special fund for each training project upon commencement of the project. The department shall disburse funds appropriated under **[**paragraph**] paragraphs** (a) **and (b)** of subdivision (1) of subsection **[**4**] 5** of this section to the special fund for each training project in the same proportion as the new jobs or retained jobs credits remitted by the qualified company participating in such project bears to the total new jobs or retained jobs credits from withholding remitted by all qualified companies participating in projects during the period for which the disbursement is made, reduced by the amount of funds appropriated under paragraph **[**(b)**] (c)** of subdivision (1) of subsection **[**4**] 5** of this section.

[6.**] 7.** Any qualified company that submits a notice of intent for retained job credits shall enter into an agreement, providing that the qualified company has:

(1) Maintained at least one hundred full-time employees per year at the project facility for the calendar year preceding the year in which the application is made; and

(2) Made or agrees to make a new capital investment of greater than five times the amount of any award under **[**this training**] the Missouri one start** program at the project facility over a period of two consecutive years, as certified by the qualified company and:

[7.**] 8.** If an agreement provides that all or part of the training **[**program**] project** costs are to be met by receipt of new or retained jobs credit, **or both, if applicable,** such new or retained jobs credit from withholding shall be determined and paid as follows:

(1) New or retained jobs credit shall be based upon the wages paid to the employees in the new or retained jobs;

(2) A portion of the total payments made by the qualified companies under sections 143.191 to 143.265 shall be designated as the new or retained jobs credit**, or both, if applicable,** from withholding. Such portion shall be an amount equal to two and one-half percent of the gross wages paid by the qualified

company for each of the first one hundred jobs included in the project and one and one-half percent of the gross wages paid by the qualified company for each of the remaining jobs included in the project. If business or employment conditions cause the amount of the new or retained jobs credit from withholding to be less than the amount projected in the agreement for any time period, then other withholding tax paid by the qualified company under sections 143.191 to 143.265 shall be credited to the applicable fund by the amount of such difference. The qualified company shall remit the amount of the new or retained jobs credit**, or both, if applicable,** to the department of revenue in the manner prescribed in sections 143.191 to 143.265. When all training **[**program**]** **project** costs have been paid, the new or retained jobs credits**, or both, if applicable,** shall cease;

(3) The community college district participating in a project shall establish a special fund for and in the name of the training project. All funds appropriated by the general assembly from the funds established under **[**subsections 1 and 2 of**]** this section and disbursed by the department for the training project and other amounts received by the district for training project costs as required by the agreement shall be deposited in the special fund. Amounts held in the special fund shall be used and disbursed by the district only to pay training project costs for such training project. The special fund may be divided into such accounts and subaccounts as shall be provided in the agreement, and amounts held therein may be invested in the same manner as the district's other funds;

(4) Any disbursement for training project costs received from the department under sections 620.800 to 620.809 and deposited into the training project's special fund may be irrevocably pledged by a community college district for the payment of the principal, premium, and interest on the certificate issued by a community college district to finance or refinance, in whole or in part, such training project;

(5) The qualified company shall certify to the department of revenue that the new or retained jobs credit**, or both, if applicable,** is in accordance with an agreement and shall provide other information the department of revenue may require;

(6) An employee participating in a training project shall receive full credit under section 143.211 for the amount designated as a new or retained jobs credit;

(7) If an agreement provides that all or part of training **[**program**]** **project** costs are to be met by receipt of new or retained jobs credit, **or both, if applicable,** the provisions of this subsection shall also apply to any successor to the original qualified company until the principal and interest on the certificates have been paid.

[8.**]** **9.** To provide funds for the present payment of the training project costs **[**of new or retained jobs training project**]** through the **[**training**]** **Missouri one start** program **as provided in this section**, a community college district may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement including disbursements from the **[**Missouri one start community college new jobs training fund or the Missouri one start community college job retention training fund**]** **funds established under this section**, to the special fund established by the community college district for each **training** project. The total amount of outstanding certificates sold by all community college districts shall not exceed the total amount authorized under law as of January 1, 2013**[**, unless an increased amount is authorized in writing by a majority of members of the committee**]**. The certificates shall be marketed through financial institutions authorized to do business in Missouri. The receipts shall be pledged to the payment of principal of and interest on the certificates. Certificates may be sold at public sale or at private sale at par, premium, or discount of not less than ninety-five percent of the

par value thereof, at the discretion of the board of trustees, and may bear interest at such rate or rates as the board of trustees shall determine, notwithstanding the provisions of section 108.170 to the contrary. However, the provisions of chapter 176 shall not apply to the issuance of such certificates. Certificates may be issued with respect to a single **training** project or multiple **training** projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates.

[9.**]** **10.** Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section, with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded. They may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a rate of interest that is higher, lower, or equivalent to that of the certificates being renewed or refunded.

[10.**]** **11.** Before certificates are issued, the board of trustees shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person with standing may, within fifteen days after the publication of the notice, by action in the circuit court of a county in the district, appeal the decision of the board of trustees to issue the certificates. The action of the board of trustees in determining to issue the certificates shall be final and conclusive unless the circuit court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of trustees to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

[11.**]** **12.** The board of trustees shall make a finding based on information supplied by the qualified company that revenues provided in the agreement are sufficient to secure the faithful performance of obligations in the agreement.

[12.**]** **13.** Certificates issued under this section shall not be deemed to be an indebtedness of the state, the community college district, or any other political subdivision of the state, and the principal and interest on any certificates shall be payable only from the sources provided in subdivision (1) of subsection **[**4**]** **5** of this section which are pledged in the agreement.

[13.**]** **14.** Pursuant to section 23.253 of the Missouri sunset act:

(1) The program authorized under sections 620.800 to 620.809 shall be reauthorized as of August 28, 2018, and shall expire on August 28, 2030; and

(2) If such program is reauthorized, the program authorized under sections 620.800 to 620.809 shall automatically sunset twelve years after the effective date of the reauthorization of sections 620.800 to 620.809; and

(3) Sections 620.800 to 620.809 shall terminate on September first of the calendar year immediately following the calendar year in which a program authorized under sections 620.800 to 620.809 is sunset.

[14.**]** **15.** Any agreement or obligation entered into by the department that was made under the provisions of sections 620.800 to 620.809 prior to August 28, 2019, shall remain in effect according to the provisions of such agreement or obligation.”; and

Further amend the title and enacting clause accordingly.

(5) "Grant", an amount of money equal to the total amount of eligible major convention event costs listed in an approved major convention plan to be disbursed at the requested date from the fund to an eligible commission by the state treasurer at the direction of the director which shall not exceed the amount of estimated total sales taxes to be received by the state generated by sleeping rooms paid by guests of hotels and motels reasonably believed to be occupied due to the major convention event;

(6) "Major convention event", any convention if more than fifty percent of attendees travel to the convention from outside of Missouri and require overnight hotel accommodations;

3. (1) There is hereby created in the state treasury the "Major Economic Convention Event in Missouri Fund", which shall consist of moneys appropriated from the general revenue fund as prescribed in subsection 6 of this section and any gifts, contributions, grants, or bequests received from federal, private, or other sources. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely for the administration of this section.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. For major convention plans which have complied with subsection 5 of this section, in addition to funds otherwise made available under Missouri law, a grant shall be paid from the fund by the department of economic development to the eligible commission at the requested date. Any transfer of a grant from the fund to the treasurer or other designated financial officer of an eligible commission with an approved major convention plan shall be deposited in a separate, segregated account of such commission. The eligible commission shall agree to hold such funds until the major convention event has occurred and not disburse the funds until such time as the report in subsection 7 has been submitted.

5. The director shall not disburse a grant until the director or his or her designee has approved a written major convention plan submitted to the department of economic development by an eligible commission requesting a grant. The director or his or her designee shall not approve any submitted major convention plan unless he or she finds that the following conditions have been met:

(1) The applicant submitting the major convention plan is an eligible commission;

6. (1) Upon verification that the major convention plan complies with the terms of subsection 5 of this section, the director or his or her designee shall issue a certificate of approval to the eligible commission stating the date on which such grant shall be disbursed and the total amount of the grant, which shall be equal to the eligible major convention event costs listed in the approved major convention plan. The amount of any grant shall not exceed more than fifty percent of the cost of hosting the major convention event, positive net fiscal impact to general revenue, or one million dollars, whichever is less.

(2) All approved grants scheduled for disbursement each year shall be disbursed from the general revenue fund subject to appropriation by the general assembly. Any such appropriation shall not exceed three million dollars in any year.

(3) Upon such annual appropriation and transfer into the fund from the general revenue fund, the director shall disburse all grants pursuant to certificates of approval.

7. (1) Within one hundred eighty days of the conclusion of any major convention event for which a grant

was disbursed under this section, the eligible commission that received such grant shall provide a written report to the director detailing the final amount of eligible major convention event costs incurred and actual attendance figures which certify compliance with this section. If the final amount of total eligible major convention event costs is less than the amount of the grant disbursed to the eligible commission under an approved major convention plan, such commission shall refund to the state treasurer the excess greater than fifty percent of the actual cost for deposit into the fund.

(2) An eligible commission shall refund the following amounts to the state treasurer based on the actual attendance figures in relation to the projected total attendance for the event as provided in the major convention plan:

(a) If the actual attendance figure is less than twenty-five percent of the projected total attendance, the commission shall refund an amount equal to the full amount of the grant;

(b) If the actual attendance figure is equal to or less than eighty-five percent and greater than or equal to twenty-five percent of the projected total attendance, the commission shall keep a portion of the grant received under this section equal to the proportion of the actual attendance figure to the projected attendance figure rounded to the nearest dollar and refund the remaining amount;

(c) If the actual attendance figure is greater than eighty-five percent of the projected total attendance, the commission shall keep the entire grant amount received under this section unless otherwise provided by this section.

(3) The provisions of this subdivision shall not apply where attendance at the convention is adversely affected by a man-made disaster including, but not limited to, an uprising or other civil unrest or where attendance at the convention is adversely affected by a substantial inclement weather-related event.

8. Any amounts that are refunded from a grant under this section shall be returned to the major economic convention event in Missouri fund to be used for future grants.

9. In accordance with the provisions of sections 23.250 to 23.298 and unless otherwise authorized pursuant to section 23.253:

(1) The program authorized under the provisions of this section shall automatically sunset six years after August 28, **[**2016**]** **2022**; and

(2) This section shall terminate on September first of the year following the year in which any new program authorized under this section is sunset, and the revisor of statutes shall designate such sections and this section in a revision bill for repeal.”; and

431.202. 1. A reasonable covenant in writing promising not to solicit, recruit, hire**, induce, persuade, encourage,** or otherwise interfere with**, directly or indirectly,** the employment **or other business relationship** of one or more employees **of a business entity** shall be enforceable and not a restraint of trade pursuant to subsection 1 of section 416.031 if:

(1) Between two or more **[**corporations or other**]** business entities seeking to preserve workforce stability (which shall be deemed to be among the protectable interests of each **[**corporation or**] such** business entity) during, and for a reasonable period following, negotiations between such **[**corporations or**] business** entities for the acquisition of all or a part of one or more of such **[**corporations or**] business** entities;

(2) Between two or more **[**corporations or**]** business entities engaged in a joint venture or other legally permissible business arrangement where such covenant seeks to protect against possible misuse of confidential **business or proprietary information** or trade **[**secret business information**] secrets** shared or to be shared between or among such **[**corporations or**]** entities;

(3) Between **[**an employer**] a business entity** and one or more employees **of such business entity** seeking on the part of the **[**employer**] business entity** to protect:

(a) Confidential **business or proprietary information** or trade **[**secret business information**] secrets**; or

(b) Customer or supplier relationships, goodwill or loyalty, which shall be deemed to be among the protectable interests of the **[**employer**] business entity**; or

(4) Between **[**an employer**] a business entity** and one or more employees **of such business entity**, notwithstanding the absence of the protectable interests described in subdivision (3) of this subsection, so long as such covenant does not continue for more than **[**one year**] two years** following the employee's employment **or business relationship with the business entity**; provided, however, that this subdivision shall not apply to covenants signed by employees who provide only secretarial or clerical services **and who own no shares, partnership interest, membership or membership interest in a limited liability company or series limited liability company, or equity interest, ownership, profit participation, or other interest of any type in the business entity**.

2. Whether a covenant covered by **subsection 1 of** this section is reasonable shall be determined based upon the facts and circumstances pertaining to such covenant, but a covenant covered exclusively by subdivision (3) or (4) of subsection 1 of this section shall be conclusively presumed to be reasonable if its postemployment **or postbusiness** duration is no more than **[**one year**] two years**.

3. **A reasonable covenant in writing promising not to solicit, induce, persuade, encourage, service, accept business from, or otherwise interfere with, directly or indirectly, a business entity's customers, including, without limitation, any reduction, termination, or transfer of any customer's business, in whole or in part, for purposes of providing any product or any service that is competitive with those provided by the business entity, shall be enforceable, and not a restraint of trade pursuant to subsection 1 of section 416.031, if the covenant is limited to customers with whom the employee dealt during the employee's employment or other business relationship with the business entity, and if:**

(1) The covenant is between a business entity and one or more current or former employees of the business entity and is not associated with the sale or ownership of all or any part of:

(a) The assets of a business entity; or

(b) Any interest in a business entity, including, but not limited to, all or any part of the shares of a corporation, a partnership interest, a membership or membership interest in a limited liability company or series limited liability company, or an equity interest, ownership, profit participation, or other interest of any type in any business entity;

so long as the covenant does not continue for more than two years following the end of the employee's employment or business relationship with the business entity. Notwithstanding the foregoing, this subdivision shall not apply to covenants with current or former distributors, dealers, franchisees, lessees of real or personal property, or licensees of a trademark, trade dress, or service mark;

(2) The covenant is between a business entity and a current or former distributor, dealer, franchisee, lessee of real or personal property, or licensee of a trademark, trade dress, or service mark, and is not associated with the sale or ownership of all or any part of any of the items provided in paragraphs (a) or (b) of subdivision (1) of this subsection, so long as such covenant does not continue for more than three years following the end of the business relationship; or

(3) The covenant is between a business entity and the owner or seller of all or any part of any of the items provided in paragraphs (a) or (b) of subdivision (1) of this subsection, so long as the covenant does not continue for more than the longer of five years in duration or the period of time during which payments are being made to the owner or seller as a result of any sale measured from the date of termination, closing, or disposition of such items.

(a) A breach or threatened breach of a covenant described in this subdivision shall create a conclusive presumption of irreparable harm in the absence of an issuance of injunctive relief in connection with the enforcement of the covenant, without the necessity of establishing by prima facie evidence any actual or threatened damages or harm. Nothing in this paragraph shall be construed to change any other applicable evidentiary standard or other standards necessary for obtaining temporary, preliminary, or permanent injunctive relief relating to the enforcement of covenants.

(b) A provision in writing by which an employee promises to provide prior notice to a business entity of the employee's intent to terminate, sell, or otherwise dispose of all or any part of any of the items covered by this subdivision shall be conclusively presumed to be enforceable, and not a restraint of trade pursuant to subsection 1 of section 416.031, if the specified notice period is no longer than thirty days in duration and the business entity agrees in writing to pay the employee at the employee's regular rate of pay and to provide the employee with the employee's regular benefits during the applicable notice period even if the business entity does not require the employee to provide services during the notice period.

4. Whether a covenant covered by subsection 3 of this section is reasonable shall be determined based upon the facts and circumstances pertaining to the covenant, but a covenant covered by subdivisions (1) to (3) of subsection 3 of this section shall be conclusively presumed to be reasonable if its postemployment, posttermination, postbusiness relationship, postsale, or postdisposition duration is consistent with the applicable duration set forth in subdivisions (1) to (3) of subsection 3 of this section.

5. No express reference to geographic area shall be required for a covenant described in this section to be enforceable.

6. If a covenant is overbroad, overlong, or otherwise not reasonably necessary to protect the legitimate business interests of the person seeking enforcement of the covenant, a court shall modify the covenant, enforce the covenant as modified, and grant only the relief reasonably necessary to protect such interests.

7. Nothing in subdivision (3) or (4) of subsection 1 **or subdivisions (1) to (3) of subsection 3** of this section is intended to create, or to affect the validity or enforceability of, **[**employer-employee**]** covenants not to compete**, other types of covenants, or nondisclosure or confidentiality agreements, except as expressly provided in this section**.

[4.**] 8.** Nothing in this section shall preclude a covenant described in subsection 1 of this section from being enforceable in circumstances other than those described in subdivisions (1) to (4) of subsection 1 of this section, **or a covenant described in subsection 3 of this section from being enforceable in circumstances other than those described in subdivisions (1) to (3) of subsection 3 of this section,** where such covenant is reasonably necessary to protect a party's legally permissible business interests.

[5.**] 9. Except as otherwise expressly provided in this section,** nothing **[**is**] in** this section shall be construed to limit an employee's ability to seek or accept employment with another employer immediately upon, or at any time subsequent to, termination of employment, whether said termination was voluntary or nonvoluntary.

[6.**] 10.** This section shall have retrospective as well as prospective effect."; and

Further amend the title and enacting clause accordingly.

345.175. 1. The practice of audiology and speech-language pathology occurs in the state where the patient/client/student is located at the time of the patient/client/student encounter. (4) Support spouses of relocating active duty military personnel;

(5) Enhance the exchange of licensure, investigative and disciplinary information between member states;

The practice of audiology or speech-language pathology occurs in the member state where the patient/client/student is located at the time of the patient/client/student encounter.

(9) "Current significant investigative information" means investigative information that a licensing board, after an inquiry or investigation that includes notification and an opportunity for the audiologist or speech-language pathologist to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction.

(10) "Data system" means a repository of information about licensees, including, but not limited to, continuing education, examination, licensure, investigative, compact privilege and adverse action.

2. A state must implement or utilize procedures for considering the criminal history records of applicants for initial privilege to practice. These procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

(1) A member state must fully implement a criminal background check requirement, within a time frame established by rule, by receiving the results of the Federal Bureau of Investigation record search on criminal background checks and use the results in making licensure decisions.

(2) Communication between a member state, the Commission and among member states regarding the verification of eligibility for licensure through the Compact shall not include any information received from the Federal Bureau of Investigation relating to a federal criminal records check performed by a member state under Public Law 92-544.

3. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period.
